An Intexicated Young Ban Killed by a Freight frain.

Special to THE CEROVICLE.]

WINSTON, July 10 -J. Wesley Fu'p, a young white man about 85 years of age, was run over and killed by the incoming freight train on the Roanoke & Southern railroad late last night. The accident occurred near Deanis. Fulp attended a pic nic near Walnut Cove yesterday and when last seen was walk ing the track of the road at after nine o clock very much intoxicated. The only supposition is that he sat down on the track and went to sleep. The coroners jury returned a verdict of death by ac-cident.

STEALING COMPOSITION METAL

Two Naval Employees Arrested in No: folk.

NORFOLE, Va., July 10.-Jas. S. Van Rankin paymaster's clerk in General Storehouse of the Norfolk Navy Yard, and H. H. Coston, clerk in the same de partment were arrested today for alleged stealing of computition metal and other goods from the Government to estimated value of several thousand dollars. The arrests were caused by the discovery in the store of a box of goods marked to the commandant of the Naval Station at Port Royal, S. C., for which there was no orders. News of "crooked" shipments had reached the cars of the Navy yard offica's and Captain Norton, executive officer of the yard, went to the general store and finding the box maked Coston what it contained. He told him, so Coston says, it contained composition to be sent to Port Royal Capt. Norton had the box opened and it contained composition metal. He or-dered Coston to be placed under arrest and being so, paymaster's clerk. Van Rankin, was also placed under arrest. Hebeing in the Naval service was car ried aboard the United States receiving this franklin to await court marilal for complication in the affair. Coston was taken before United States Com-missioner and bailed in the sum of \$1,missioner and bailed in the sum of \$1,-000 to appear for preliminary examina-tion Tuesday next. He said he had only acted as shipping clerk and the box in question was to be shipped as any regu-lar shipment. He denise emphatically this irregularity or the irregularity of any other shipments from shis navy yard. The affair has created a sense from in Portamouth, the home of the ac-oused, where both are well known and are very popular. Young Coston is a son of Capis. Cotton, of the United States Marine corps.

riage left the palace all sparkling with gold ornamentation and drawn by eight by mounted life guardsmen and mounted police and conducted by white be-wigged footmen and coachmen of immense size. The royal carriages, upon leaving the palace passed towards Marlboroug gate, through lines of Grenadier guards and police backed up by huge swaying, cheering crowds of people As the procession left the palace from every quarter within and without the city boundaries peals of bells rang out from church steeples and announced

joyfully to the expectant masses that the Imperial procession had commenc-Up the Strand the decorations were

superb not through unity of design at which there was no attempt, but through sheer plenitude of display. Every inch of the way from the Strand to Guild hall abounded in color. Fronts of buildings everywhere draped with flowers; innumerable lanes hung in fes toons or arching the streets. Flags of course were also everywhere to be seen and bunting of almost every nationality was displayed. Complexicuous among all of them were hundreds of American flags. Clubland. in the west end where the most costly display of decorations might have been expected was unusu might have been expected was unusu-ally bare, only the Carleton and Junior Carleton olubs rising to anything like floral decorations of the former great state functions Strange to add no great number of onlockers ap-peared at the club windows nor was there any great provider effusive. peared at the club windows was was there any great popular effusive-ness apparent until the Imperial party ness apparent Trafalgar equare. There ohed Trafalgar square. mighty mar of acciamations filled the air as the Emperor's carriage drew near and his march was an incessant ova tion.

The reception of the Prince of Wales was of a mix d character. At points he was received with unstinted cordiality and occasionally a perfect hurricane of cheers and at others loud hootings quite dominated the cheers, though, on the whole, his reception was favora blø.

At 12 05, the Imperial party reached Guildhall the spiraches to which bore various motics expressive of greetings to the Imperial visitors. The Lord Mayor received his guests at the en-trance and a procession was formed and moved to the library where the court of common council was held and the Recorder of the city of London read an address of welcome to his majesty. The address was presented in a splendid gold casket richly enamelied and deck-ed with precious stones. The Emperor, in his reply, disappointed those who looked for a very free expression of po-litical views. He hoped that Germany and Englad would be friendly and as, nounced peace to be the aim of his life. Guildhall the approaches to which bore

the canal may be raised. The Board of Regents of the Asylum transacted routine business, granted an extension of time to the committee on by laws and awarded the contracts for supplying the asylum with beef, wood aud coal. The beef contract made calls for the best and the regents think there will be no further complaint as to the quality of the meat furnished to pa-tients.

The State Bible Association adjourned yesterday and selected Abbeville as the place of the next annual meeting in July, 1892. Dr. Grier, President of Erskine College, delivered what is universally pronounced as a very able ad-dress. Beports of the work in various dress. Beports of the work in various counties were presented and officers elected for the next year: Dr. W. M. Grier, president; eight vice-presidents; Dr. John Forrest, secretary; W. A. Templeton, treasurer.

The sesretary of the State's Charter Mill did a good day's work yesterday for a summer day. Charters were granted to the Camden Land & Imgranted to the Camden Land & Im-provement Co., the Carolina Light and Power Co., of Aiken, and the Morgan Iron Works, of Spartanburg. The trustees of Clemson College an-nounce the early publication of the re-ports of the official analyzes of com-

ports of the official analyses of com-mercial fertilizers for the past season. Nearly 240,000 tons of fertilizers have been sold in the State representing a large number of companies and Sil dif-ferent brands of goods. James Lykes, colored, fell beneath a train at the junction below the city and lost one of his feet on Wednesday. A very enjoyable private german was

A very enjoyable private german was liven last evening by Mrs. W. C. Rion. Mrs Governor Tillman is reported as given la quite ill and the Governor did not appear at his office yesterday.

Large Bank Filare.

LOUISVILLE, Ky., July 10.-The Falls City bank, established 1865, went to the wall this morning, making an assign-ment to Mechanic Trust Co. and closed its doors at 701 West Main street The liabilities are \$431 300, of which \$223 -900 isdue clearing house, and deposits are \$191,700. Assets nominal. \$1,223.-

000. From the beginning of the financial panie last year the bank has been car-ried along by the clearing house, being on ragged edge all the time. Is has been known for several days it was only a matter of time before the bank would have to go. Depositors will be paid infull and stockholders will get possibly 85 cents on the dollar. The capital stock is \$600,000. J. T. Moore is president. Banksus regard the failurs as an excellent one as creditors were getting ready to bring sitanbasity.

cool weather during May, but June was warm, with abundant moisture, and the crop was coming forward rapidly on July 1st.

In Ohi) and the upper Mississippt valley progress during the month was es-profailly grailfying, but in Kaness and Nebraska considerable damage result-ed from excessive rainfall. In many districts June rains prevented proper working, leaving the fields foul, but a

working, leaving the fields foul, but a a few days of sunshine would remedy this. The general average is a fraction below that of 1888 and 1890, and slightly above that of 1889. The condition of winter wheat is re-tained fractionally the same as in June. The crop is harvested except in its most northern habitat with condition light-ent needed and 1879. northern habiat with condition light-est reported since 1879, with one sz-ception. So far as can be judged at the time of harvest the berry is reported generally plump and in keeping with heavy straw, but occasional mention is made of short heads. Averages of principle States are: prin

sciple blates are:	
Pennsylvania	98
Ohio	. 97
Michigan	,88
Indiana	99
Illinois	98
Missouri	96
Kansas	94
California	98

The condition of spring wheat improved during June, the advance being in Minnesota and Dakota, where the month was exceptionally favorable. Chinch bugs have appeared in portions of the northwest, but with no appre-

of the northwest, but with no appre-ciable damage yet. State averages are: Wisconsin, 77: Minnesota, 98; Colorado, 96; Nebrasba, 96: North Dakota, 98; South Dakota, 97; Washington, 98. Oats have improved during the month, but the general sverage is the lowest reported since 1879, except in 1887 and last year, when the July con-dition of 61.6 was followed by a practi-cal failure of the cross. The poor comdision of 61.0 was followed by a practi-cal failure of the crops. The poor con-dition is generally the result of drouth early in the season, the present improve-ment having followed the reasonable rsine and high temperature of June

The lirst return of potatoes shows the condition higher than the average of recent years, while that of tobacco is

higher than in any year since 1996. The fruit prospect is very flattering in New England and the North Atlantic in New Estind and the Mississippi fives States and west of the Mississippi fives to the Pacific. The East Special cable from the European agent indicates heavy deficiency in the European rys crop.

Jno. D. Ross has completed his house moving job at Scotis Seminary, in Con-ourd, and arrived home yesterday with his machinery.
