A DISTINGUISHED SUICIDE.

Judge Warder, of Chatham, Shoots Himself Through the Brain.

CHATHAM, Ga., July 15.—The suicide of Judge J. A. Warder last night, has created a sensation throughout the State. Since the death of his son-in-law, the result of a family quarrel in which the son-in-law, Simpson Fayette was shot and killed, Judge Warder's seriously wounded, and he himself seriously hurt, he has been attacked with melancholia and his mind has been a very unsettled condition. Since his release from confinement on account of his wound, he has been residing on Lookout Mountain with his wife and mother. Yesterday upon advice of his mother, he went to the city in order to be relieved of the monotony of rural life. By some unknown means he secured a place in Chatham. Last night at midnight after saying his prayers in the presence of his mother and bidding her an affectionate good bye, he placed the revolver in his temple and fired, the bullet entering his brain, and causing death in about two hours. Warder, before the unfortunate tragedy, in which he killed Fayette, his son-in-law, was one of the prominent politicians in the State. At one time he was mentioned as the Republican nominee for Governor. He served for a time on the supreme bench of the State. He was city attorney up to last night, when his resignation was accepted by the city council.

THE COLUMBIA CANAL.

It is the subject of conversation in Columbia.

SPECIAL TO THE CHRONICLE.

COLUMBIA, S. C., July 15.—There is not much in Columbia to write about today except the Columbia canal, for that is the only thing the people are talking about.

The CHRONICLE mentioned yesterday the presence in the city of George Wallace, of Boston, who wanted to buy the canal, and stated that he came to state and that an option had already been given. He persevered and submitted a proposition to the trustees of the Canal and to the City Council.

Resolved, That the City Council reverse their action in reference to the option given the Granite Company and the Land and Investment Company on the sale of the Columbia canal and that the board of canal trustees be requested to entertain bids for the same.

This opens the whole matter again. The trustees of the canal are to hold a special meeting to-day, and the Boston gentleman will submit a formal proposition.

It is very probable that the canal will be sold again. Their proposition is to leave the city power sufficient for the water works, to assume the canal bonds and to pay the city \$50,000 in cash. The contract proposed does not bind the purchaser to make any specific improvements, but the \$50,000 cash money will be too much for our canal authorities. The sale will very probably be effected.

Columbia's Society for Prevention of Cruelty to Animals secured a conviction on their first case, prosecuted yesterday. A negro hackman was prosecuted for cruelly treating his horse.

Quite a number of changes have been made in the personnel of the Southern Express Company's force here.

Governor Tillman has resigned David Jacobs and Mary Johnson, of Chesterfield, until Aug. 15th. They were under sentence to die July 19th.

They Expected a Waterloo.

SPECIAL TO THE CHRONICLE.

REIDSVILLE, N. C., July 15.—The Madison team crossed bats with the Reidsville boys today, expecting a "Waterloo." The Reidsville boys took ginger in theirs and decided to have the victory or quit welding ash. They downed Madison at the staves and kept them down throughout the game. Reidsville batted the ball all over the field. Score 38 to 4, favor Reidsville. Time 1 hour and fifty minutes, umpire Loyd, attendance \$50.

National Educational Association.

TORONTO, Ont., July 15.—The annual convention of the National Educational Association of the United States formerly opened this afternoon in the presence of about 6,000 persons. Rev. G. N. Grant, principal of Queen's University, Kingston welcomed the delegates on behalf of Canada, taking the late Sir John McDonald's place. Other Canadians also delivered welcoming addresses. Short responses were made by Hon. W. E. Garret, of Tennessee; Hon. W. T. Harris, District of Columbia, Commissioner of Education for United States; Prof. W. H. Batholomew, of Kentucky, for Southern Central States; State Superintendent John E. Massey, of Virginia, for the Southeast; Hon. Solomon Palmer, of Alabama, for the Gulf States; Hon. Joseph H. Shinn, of Arkansas, President of the Southern Educational Association for the South, and others. The convention adjourned this evening for organization.

OHIO DEMOCRATS

A PLATFORM ENDORSING FREE SILVER AND DEMOCRATIC PRINCIPLES.

CAMPBELL'S RENOMINATED.

A Platform Which Declares for Revenue Only and Condemns the McKinley Tariff Bill.

CLEVELAND, Ohio, July 15.—One of the largest and at the same time most harmonious conventions ever assembled in the history of the Ohio Democracy met here this morning. The renomination of Gov. Campbell had been conceded by his opponents since last evening, but they sturdily determined to refuse after formal results should be secured, the time honored courtesy of a unanimous nomination.

The vast music hall in which the convention was held was packed to its utmost long before the hour of meeting arrived. Decorations consisted largely of American colors which draped the pillars, galleries and boxes. Promptly at 10:30 o'clock Chairman Norton, of the State Central Committee, called the convention to order, and Rev. Chamberlain of Cleveland, invoked a blessing. The Thurman quartet, of Cleveland, sang "The Welcome Meeting" after which Chairman Norton opened the convention with a stirring address and introduced Allen W. Thurman as temporary chairman, who made a ringing speech.

Ex-Congressman Frank Leibold, of Mercer county, was selected as permanent chairman of the convention. He was enthusiastically received. Chairman Leibold's speech was brief and to the point. He denounced the last Republican Congress for its bad legislation and its attempt to pass the iniquitous force bill and thereby perpetuate in power a party which for a decade has been representative of monopolies and enemies of the people. (Applause.) General Armstrong, of Cleveland, moved that the convention adopt a victorious roster as a device to designate the Democratic ticket, the next ballot reform law requiring the selection of some device "Republicans," said Armstrong, "will recognize that as our symbol and every man who votes under the roster." (Laughter and applause.) The suggestion struck the convention favorably and Armstrong's motion was adopted by a clamorous vote. The report of the committee on credentials, of the 25th ward of Cleveland, the Hamilton county delegation protesting against the report of the committee and supporting the minority report.

CLEVELAND, July 15.—The report of the executive committee was overwhelmingly adopted. Chairman Fenlay of the resolution committee submitted a majority report on platform. The majority platform commends Campbell's administration, favors tariff for the sole purpose of revenue sufficient to economically administer the government, accepts the issue involved in the McKinley act, favors an income tax, demands free and unlimited coinage of silver and gold and congratulates the people on the defeat of the force bill and expresses sympathy with Russian Jews. The minority report declares against free silver and the income tax plans.

The policy of the so called protection, championed by the Republican party in the interest of the favored classes against the masses. We favor a graded income tax. We denounce the demonization of silver in 1873 by the party then in power as an iniquitous alteration of the money standard in favor of creditors and against debtors, taxpayers and producers, and which by shutting off one of the sources of supply of platinum money operates continually to increase the value of gold, deparalyze, hamper industry, and retard enterprise; and we demand the reinstatement of a constitutional standard of both gold and silver, with the equal right of each to free and unlimited coinage. We denounce the Republican billion dollar Congress, which by extravagant expenditures exhausted the surplus in the National Treasury left there by the Democratic administration and created a deficit which substituted debt for free discussion in the House of Representatives; and we congratulate the people upon the defeat of the odious Force Bill, mandated by a Republican President and championed by the Republican party for the purpose of perpetuating its rule by perverting the constitutional powers of government, destroying free elections and placing the ballot box in the hands of unscrupulous partisans in order, as declared by Speaker Reed, to register voters, supervise elections, count the ballot and declare the result. We are opposed to the enactment of all laws which unnecessarily interfere with the habits and customs of any of our people, which are not offensive to the civilized world and we believe that the personal rights of individuals should be guaranteed when it is essential to the maintenance of peace, good order and the welfare of the community.

We favor the passage of such laws by the General Assembly as will give us a system for the government of our municipalities, uniform throughout the State as the constitution requires in which executive and legislative power shall be separated, the former to be lodged in the Mayor and the latter in the council, both to be elected by the people; thereby realizing the principle of home rule, safe from the dangers and evils of special legislation. We favor closer commercial relations with our Canadian neighbors and the removal of embarrassing restrictions which only vex our people without yielding substantial revenue to the Government. We favor liberal and just pensions to deserving and disabled soldiers, and sailors who fought for the maintenance of the Government and like persons to their widows and orphans.

The persecution of Jewish persons by the Russian Government justly deserves and receives our unqualified censure. We express our sympathy with the oppressed Jews and believe that the Government in

CAMPBELL'S RENOMINATED.

A Platform Which Declares for Revenue Only and Condemns the McKinley Tariff Bill.

CLEVELAND, Ohio, July 15.—The following is the platform in full: The Democracy of Ohio, in convention assembled, hereby resolves that we most heartily endorse the honesty and economy of the administration of Gov. James E. Campbell and commend the 69th General Assembly for its business qualifications, economy and reform, and especially for having provided for a secret ballot by which every voter in Ohio can cast his ballot in secret as he desires and have his vote counted as cast, and we invite attention to the fact that the Republican party, though by public profession professing to favor a free ballot and free election, yet opposed and voted against a bill for providing for a secret ballot, thus demonstrating its professed to be insincere and for political economy; and we cordially in force and approve the act of the legislature regarding the compensation of county officers by providing for a fixed salary.

We are opposed to all class legislation and believe in a tariff levied for the sole purpose of producing revenue sufficient to defray the legitimate expenses of the government economically administered. Government economically administered.

We accept the issue tendered to us by the Republican party on the subject of tariff as represented by the so called McKinley tariff act, confident that a verdict of the people of Ohio will be recorded against the iniquitous policy.

STATE NEWS.

What is Done in Raleigh—An Excursion from Taylorsville.—The Successful Penitentiary.

Raleigh, N. C., July 15.—The Directors of the Penitentiary are in session here today. The health of the inmates is reported unusually good for the season, and the financial outlook of the prison as bright as could be expected.

There are many applications for refreshments and near the exposition grounds, and the rental will amount up a considerable amount. Work on the temporary hotel building is progressing and when finished it will afford accommodations for several hundred. The plan embraces about six rooms.

R. H. Battle, President of the Raleigh Cemetery Association, is earnestly urging the erection of a chapel at the site of funeral processions, etc. It is a most laudable purpose, and it is hoped will soon be accomplished.

Rev. N. H. D. Wilson today commenced his duties as associate editor of the Raleigh Christian Advocate. He is expected to remain during the summer months, as Rev. F. L. Reid, the editor-in-chief, will be absent most of the season.

Nothing further has developed today in the matter of the shortage in the accounts of J. Rowan Rogers, late Republican Sheriff of Wake.

Up to 11 o'clock this morning two hundred and twenty certificates had been opened by the clerk of the Superior Court to direct tax claimants.

A large number of colored excursionists, from Fayetteville, are in the city today. There were eight coaches literally packed, containing altogether about twelve hundred persons. They are enjoying the sights of the city in an orderly manner.

THE ALLIANCE JUBILANT.

A GENERAL MEETING AT ATLANTA AND A BOLD SPEECH.

WEAVER OF IOWA DECLARE HIMSELF.

He Thinks the Time Has Come for Americans to Take Action Against Trusts and Monopolies.

ATLANTA, Ga., July 15.—Atlanta was the central point of a great Alliance rally today, thousands of people being present at the Piedmont Exposition grounds. The audience was noticeably an agricultural one, hundreds of farmers coming many miles and thousands from this and surrounding counties to hear distinguished speakers. Mayor Hemphill welcomed the multitude to Atlanta in an address which was enthusiastically received. Col. F. L. Livingston, President of the Georgia Alliance and Congressman from this district, presided. The first speaker was Gen. J. B. Weaver, of Iowa. He declared in the beginning that the Alliance movement was greater than the Republican party, or Democratic party, or People's party because it was the people. He asserted that the proud trusts of America were skinning Republicans and Democrats alike. There was no politics in trusts: it was with them as it was with the Dutchman. He was asked what his politics were, and his reply was "Fifty cents a bushel for corn and 5 cents a glass for lager beer." My politics is business. He said it was high time for farmers to make their politics their business. "I am a follower of them as of Jefferson," continued the speaker: "I worship at his shrine politically. When he said 'Eternal vigilance was the price of liberty,' he did not mean the vigilance of the politician, but the vigilance of the people."

Weaver brought forth the wildest applause from his hearers by declaring that there are now thirty eight millions more people here than there were twenty five years ago, but strange to say there is five hundred and two million dollars less of money. He laughed at the farmers for saying that times were dull and asking each other what made them dull. He told them to feel in their pockets and they could answer that question for themselves. "I feel," said the General, "that the time has come when we don't care a cent more for any party. [Applause] We know what we want and we're going to have it. If the old party set in our way, we'll hit right square in our then. There won't be as much of them left as there was of the Republican party in Kansas last fall." Continuing Weaver exclaimed: "I tell you, my friends, the industrial people of this country cannot afford to lose another presidential election. [Wild applause] We must meet the capitalists of this country in the open field and we must conquer them. If we are kept for another five years under their laws now in operation, we shall be the veriest slaves to a lot of plutocrats." He advocated the free coinage of silver and concluded with an fraternal message from Northern Alliance men to their South ern brethren.

TROUBLE WITH SAILORS.

Deputy United States Marshal Get Themselves into Difficulties.

SAN DIEGO, Cal., July 15.—There was a serious riot here last evening growing out of the attempt of deputy U. S. Marshal to arrest eleven sailors from the war ship Charleston who had overstayed their shore leave. The sailors were carousing in a saloon when deputy marshal Bradlove, Webb, Wilson and Grether arrested one of their number. The other sailors immediately closed in and attempted to prevent the officer from removing the man. Clubs were drawn by the deputies and a free fight ensued. It looked for a time as if the officers would be killed, but a patrol squad arrived with reinforcements, and arrested the sailor who was taken to jail. When the patrol left, the crowd again attacked the officers with pick handles, gas pipe, and other weapons. The officers got away and picked up the wounded Robert Brown, a sailor on the Charleston. He died in a few minutes from the effects of a blow on the head with a club said to have been inflicted by deputy Wilson. Another Charleston sailor, Paddy Burns, is dying with a fractured skull. Deputies Bradlove and Grether were badly bruised about the head, and a number of other persons injured. There is great excitement and threats of lynching all deputies concerned in the trouble were freely made. The sympathy of the community seems to be with the sailors as it is said the officers were too officious, and for sake of the reward arrested men whose short leave had not expired. Warrants are out for the deputies' arrest.

KANSAS ALLIANCE.

A Split in the Sub-Treasury Scheme—In Convention.

CHICAGO, July 14.—A special from Topeka, Kansas, says: "Indications are that the Alliance will split on the Sub-Treasury scheme. The action of the Convention is general. Topeka conversation and views of the Alliance leaders are very diverse. President McGosh, of this State, is lukewarm on the Sub-Treasury plan and is in sympathy with the Missouri Alliance. President U. S. Hall in his fight on Dr. McClure and Dr. McCallin, Editor of the Alliance Advocate, declares that the Kansas Convention does not represent the Alliance in that State.

The president has revoked the commission of the lectures who signed the call for a Convention. Dr. McCallin declares that the Kansas Alliance is practically a unit on the Sub-Treasury plan, while others of the Alliance leaders say that only one of the State lecturers is making a fight for it.

France Secures Indemnity.

PARIS, July 15.—The government of France has come to an understanding by which they will pay the indemnity awarded by France 66 because of the closing of Degeau.
