

**MORVEN MENTION.**

Morven May 9.—Mrs. Lucy Neal, wife of Mr. R. A. Templeton, died Friday morning at 1:40 o'clock, after an illness of several weeks. Mrs. Templeton, before her marriage was Miss Lucy Lippe and was fifty-three years old. She was a most excellent woman, and a loyal member of the Presbyterian church. Mrs. Templeton possessed many noble traits of character. She was a kind neighbor, a devoted wife and mother. Her devotion for her children was marked and very beautiful, especially for her afflicted daughter. For thirty-three years she had cared for this daughter, who is deaf, dumb and blind, as only a devoted mother could. Besides her husband, Mrs. Templeton is survived by the following children: Beulah, Mrs. D. D. Rodgers of Anderson S. C., Miss Mabel, who is in training in Anderson hospital, Roosevelt and Howard and a sister, Mrs. Joe Goodman of Mooresville.

The funeral was held Saturday afternoon at the home. Rev. J. J. Douglass, her pastor, assisted by Rev. S. Taylor of the Methodist church, conducted the service, which was attended by an immense crowd. The active pall bearers, were the young men of the Senior class of the Morven High School, of which Mrs. Templeton's son is a member. The young ladies of the class were flower bearers. Messrs. W. F. McQueen, W. E. Pratt, J. F. Lowrance, and R. L. Lowry were honorary pall bearers. The burial was in the Morven cemetery. The grave was covered with exquisite flowers.

The depest sympathy is felt for the bereft family. Relatives from a distance who attended the funeral were, Mr. and Mrs. D. D. Rodgers and children and Miss Mabel Templeton of Anderson, S. C., Mr. and Mrs. Joe Goodman, Mr. and Mrs. Badger Goodman of Mooresville, Miss Vernie Goodman of Concord, Rev. R. A. Goodman of Newberry S. C.

Mrs. Dewey Lowry's school closed in Chesterfield county Friday and she is spending some time with her parents, Mr. and Mrs. W. A. Niven.

Mr. and Mrs. J. F. Niven of Alhambra spent the week-end with Mrs. Niven's parents, Mr. and Mrs. C. H. May.

Mr. F. P. Pratt spent the week-end in Spartanburg, S. C.

Mr. and Mrs. B. M. O'Brien and children spent Sunday with Mrs. O'Brien's brothers, Messrs. W. P. and N. P. Ingram.

Mrs. Milton Stegall and children left Saturday to spend awhile with relatives in Bishopville, S. C. They were accompanied by the former's mother and sister, Mrs. M. T. Fountain and Miss Lena Fountain of Taboro, who have been visiting here for some time.

Miss Janette McQueen has returned home from Conway S. C., where she has had a position for several years.

Mrs. Duncan Little of Marshville spent the week-end with Mr. and Mrs. R. P. Little. She was accompanied home by Miss Lina Little who will spend a few days as her guest.

The Charlotte District Conference which was held in the Methodist church here, last Thursday and Friday, was largely attended. About 137 delegates, besides a large number of visitors were present. The reports from the different churches showed marked progress along all lines. The sermons and speeches were very inspiring and helpful. The bountiful lunches served by the ladies added in a material way to the success and enjoyment of the meeting.

The Sunday school at the Baptist church will start promptly at 9:45, Sunday A. M. A special program will be rendered in observance of "Mothers Day."

There were fifty eight at the Cool Springs Sunday school last Sunday. "Mothers Day" exercises will be rendered there Sunday, P. M.

Mr. Frank Ratliff, son of Mr. and Mrs. C. W. Ratliff, near town who is a student at Bailey Military Institute has made quite a reputation for himself as a ball pitcher. They have played a number of exciting games this season and have lost only one game. Mr. Ratliff is not only a good ball player, but a very bright student.

In a charming manner Miss Mary Gullidge entertained the Senior class of Morven High School Monday evening. Beautiful cut flowers and potted plants were used in making the home attractive for this occasion. Progressive conversation was enjoyed for an hour after which the hostess assisted by Miss Sara Thomas served a delectable salad course. Those invited besides the members of the class were: Mr. and Mrs. C. E. Lowery, Misses Flora Belle Steagall, Hattie Morely, Messrs. G. J. Henry and T. J. Hardison.

In the town election yesterday Mr. J. J. Kibbler was elected mayor to succeed Mr. H. G. Huntley who refused re-election. The old board of commissioners was re-elected with the exception of one, Mr. Cliff Ratliff, who refused re-election. The board is: Messrs. Allen Griggs, Henry Robinson, John Liles, M. D. Steagall and John S. East.

Miss Lina Little will enter the Charlotte sanatorium for training May 15th.

Miss Pauline Taylor has returned from Rocky Mount, where she taught last session.

Mrs. Martha Hancock Brooks died Tuesday at half after eleven o'clock, after a week's illness of pneumonia, at the home of her niece, Mrs. Joe

Meachum, near town. For many years Mrs. Brooks lived in Morven with her sister, Mrs. Harriet Gardner. After her death she went to live with Mrs. Meachum, who tenderly cared for her with a daughter's devotion. Mrs. Brooks was eighty years old. She was a good woman, helping those with whom she came in contact, as long as she was able. She was a member of the Methodist church. She leaves a number of nephews and nieces, by whom she will be sadly missed. The funeral will be conducted this afternoon at three o'clock from the residence of her niece, Mrs. Joe Meachum, by Rev. S. Taylor, pastor of the Methodist church. The burial will be in the Morven cemetery.

**WILL DEMONSTRATE FLORIDA METHOD.**

E. C. Griggs, in Anson, to Follow Plan Under Supervision of Development Department of Seaboard. To assist the cotton farmers along its line in combatting the boll weevil, the Development Department of the Seaboard Air Line has just issued a circular on an "Improved Method" of boll weevil control.

No claim is made that the "Florida Plan" is a perfect boll weevil remedy. It has been found practicable and economical in Florida by both scientific men and farmers on their own farms. In order to test out and demonstrate this method, the Seaboard Development Department is carrying on a large number of demonstrations in growing cotton, using the "Florida Plan" to control the weevil. These demonstrations have been located with farmers along the Seaboard in Alabama, Georgia, South Carolina and North Carolina.

The following demonstrations will be carried on this year in North Carolina: M. D. McAuley, Acme; A. K. Brown, Clarkton; W. J. Ritter, Lumberton; T. M. McDaniels Sanford; H. C. Watson, Rockingham; E. C. Griggs, Wadesboro; Van Sykes, Monroe; S. C. Lattimore, Shelby; L. R. Bane, Crouse.

This work will be supervised by the Development Agents of the Seaboard, and will be available for the benefit of every cotton farmer in each locality. The Agricultural Colleges in the several states above mentioned have approved of this work and are cooperating in it. The demonstration farms have been carefully selected in order that accurate results may be obtained.

Waiting. First Englishman — "Charley, did you hear that joke about the Egyptian guide who showed some tourist two skulls of Cleopatra — one as a girl and one as woman?" Second Ditto — "No; let's hear it." —Gargoyle.

**TIMELY FARM NOTES.**

Cotton chopping time is here. The hoe is one of the most expensive implements used on the farm, as it requires so much expensive manual labor, yet it is necessary for cotton farmers to use it to a certain extent.

Grass and weeds can usually be destroyed with the greatest ease and in the most effective way when the seed are beginning to sprout. Weeders, section harrows and cultivators are usually the best implements to destroy grass at this stage and should be used with care, and as much as possible. Under boll weevil conditions it is essential that cotton be cultivated frequently in order to hasten growth.

Thinning Cotton. Anson county farmers have been losing many thousands of dollars annually on account of thinning cotton too much. According to the results of spacing tests that have been conducted on many of the Experiment Stations and individual farms in the South, it seems that the most practical way to thin cotton is just to block it out, leaving two, three or more stalks in the hill 6 or 8 inches apart. Farmers who have not tried thinning, or are not convinced that it pays to leave it thick, would do well to try it out on a small scale on their own farms. A number of Anson county farmers have already tested this out in a small way and are convinced that it, pays and leave it thick.

Home Made Bordeaux Mixture. Homemade Bordeaux mixture is one of the most effective and economical sprays for vegetables, such as potatoes, tomatoes, cucumbers, water melons, grapes, celery, raspberries, rosebushes, etc. Bordeaux prevents such diseases as blight, anthracnose, leaf spots, many of the fruit rots and many other leaf diseases. By adding arsenate of lead at the rate of 1 lb. of the powdered form to 50 gals. of water is the best method of destroying potato bugs, striped cucumber beetles and various other insects.

Materials needed and directions for making mixture, used at the rate of 5 lbs. of lime, 4 lbs. of bluestone to 50 gals. of water. Be sure to use wooden or stone vessels. Slack lime with a small quantity of water, then add water so as to make a total of 25 gallons. In a separate vessel dissolve 4

**NOTICE.** We will be in the Court House for the purpose of assessing real estate in Wadesboro township on the following dates: Saturday, May 12th. Tuesday, May 15th. Saturday, May 19th. Tuesday, May 22nd. J. C. REDFEARN, J. A. HARDISON, Assessors Wadesboro Township.

lbs. of bluestone in 25 gals. of water. If these are kept separate it will keep indefinitely. As needed stir well and mix an equal part of each in a third vessel. The two solutions should be poured in together slowly and used within a day's time. More detailed information can be secured from the County agent's office.

**SPECIAL NOTICE FOR LISTING TAXES.**

Notice is hereby given (according to law) to all persons in this township that you are required to list all real and personal property at its true value in money. Sec. 16 of Machinery Act of 1923, defining actual value in money.

The intent and purpose of the Tax Laws of this state is to have all property and subjects of Taxation assessed at their true and actual value in money, in such manner as such property and subjects are usually sold, but not by forced sale thereof, and the words "market value" or "true value," whenever in the tax laws shall be held and deemed to mean what the property and subjects would bring at cash sale when sold in such manner as such property and subjects are usually sold.

Also all polls are required to be listed and all property both real and personal must be listed during the months of May and June, commencing with the first day of May 1923.

We can be found at the time and places mentioned below for the purpose of receiving your lists.

At Ansonville every Saturday in May.

At Red Hill school on the 9th day of May.

At T. J. Harrington's on the 10th day of May.

At P. L. Hough's on the 11th day of May.

At Wharf school A. M. and Cedar Hill P. M. on the 22nd day of May.

At Brick store Ansonville on the

the 26th day of May. and after the above dates the tax book for this township will be closed. Attention is also called to the fact, that FAILURE TO LIST WILL RESULT IN YOUR BEING DOUBLE TAXED as required by Law, and the tax-payer failing to list also subjects himself to a misdemeanor.

All farmers must come prepared to list their crop acreage, as required by an act of the General Assembly. This is for statistical purposes, and not for taxation. Please do not fail to see us before expiration of above dates.

Respectfully, S. M. CLARK, List-Taker, B. D. NELME, Asst. Supervisor, A. E. HENDLEY, Asst. Supervisor, For Ansonville Township. DR. J. E. HART, Supervisor. 5-4-23c.
