A PAPER OF THE PEOPLE, FOR THE PEOPLE AND TO BE PAID FOR BY THE PEOPLE.

Vol. XII. No. 5.

Shelby, N. C., Wednesday, January 14, 1903.

One Dollar Per Year.

EDITORIAL CORRESPONDENCE.

RALEIGH, Jan. 6, 1903.

As forecasted in my last week's letter, Samuel M. Gattis was elected Speaker of the House, Dr. W. A. Goode and all the other members of the House in our section supporting him. The other candidates did not receive a large vote, and Newland withdrew before the contest. Dr. Goode is making a good impression on all with whom he comes in contact. The Doctor is genial and affable gentleman, and will make a most creditable representative.

SENATOR THOS. T. BALLENGER, of Polk county, one of the Senators from this district, is a man of high character and real worth. He is a big farmer, owns and conducts one of the largest farms in our section of the State. He is not a kid glove farmer, but one who has made his money himself and who personally manages every detail of the work. Senator Ballenger is also one of the wealthiest men and the largest tax-payers in his county, and will make a valuable member of the Senate. He was formerly a most successful merchant.

OUR section of the State has held well in the distribution of the offices in the Legislature, and especially in the Senate. Rev. D. P. Goode, of Burke, and formerly of Cleveland, was elected assistant door-keeper, John W. Simpson, of Rutherford, first assistant engrossing clerk; M. L. Shipman, of Hendersonville, calendar clerk; Lee Weathers, of Shelby, page, all in the Senate. In the house Mr. T. G. Cobb, Editor of the Morganton Herald is the assistant to the principal clerk, and Hillary T. Hudson, Jr., page. This is a most liberal allotment of the offices for this section of the State, although it goes to other counties beside Cleveland. However, Cleveland cannot complain in view of the fact that she already has the Congressman, Solicitor, State Auditor and one of the State Senators. Our sister counties have been graciously generous.

LIEUTENANT GOVERNOR W. D. Turner is a model presiding officer. Our people in Cleveland remember him very pleasantly—those who were fortunate enough to meet him when he was in Shelby, Fallston and Lattimore during the recent campaign. He

PROVERBS

"When the butter won't come put a penny in the churn," is an old time dairy proverb. It often seems to work though no one has ever told why.

When mothers are worried because the children do not gain strength and flesh we say give them Scott's Emulsion.

It is like the penny in the milk because it works and because there is something astonishing about it.

Scott's Emulsion is simply a milk of pure cod liver oil with some hypophosphites especially prepared for delicate stomachs.

Children take it naturally because they like the taste and the remedy takes just as naturally to the children because it is so perfectly adapted to their wants.

For all weak and pale and thin children Scott's Emulsion is the most satisfactory treatment.

is one of the State's first citizens and a coming man.

THE Legislature is beginning right. It is starting on economical lines and it is to be hoped that such a wise course may be pursued until the end of the session. The people of North Carolina have a right to expect and demand the most rigid economy along all lines save where false economy would work great injury to some of the State's special charges. The demand made upon the treasury for the various interests are too great to admit of any expenditures which would even approach extravagance.

THE things of consuming interest in this Legislature will be the election of a Senator, the regulation and taxation of the whiskey traffic, the child labor law and such other kindred legislation as may be proposed, and the framing of a just and equitable revenue bill, that will raise sufficient revenue to run the State government and meet the various appropriations which will have to be made for the public schools, the charities and the soldiers. This last measure will be of prime importance.

THERE is every indication of great growth and progress in North Carolina. It now appears that there will be an unusual number of new enterprises chartered, towns and cities enlarged, and many other notable improvements made. There is a better day dawning for North Carolina—the best and greatest state, in all that goes to make a State great, in the American Union. Her future is radiant with hope.

THE Democratic party is always the friend of the old soldier. This year both the House and Senate elected ex-Confederate soldiers for door-keeper or assistant door-keeper. Rev. D. P. Goode, the one-legged veteran from Burke, was elected in the Senate. The old soldier is a friend of the Democratic party and has a friend in that great party.

THE Democratic management of the penitentiary for the past two years has surpassed any previous record made at that institution. Gov. Aycock's board of directors have made a splendid record. During the past two years no appropriation whatever has been made for the penitentiary, and it has not alone been self-sustaining, but has actually cleared over \$40,000, something heretofore considered beyond the realm of possibility. The fusionists squandered over \$200,000 on the penitentiary, and here the Democrats have cleared \$40,000 in two short years. C. R. H.

THE venerable Senator Vest made a pathetic, powerful appeal for the American people in his great speech last week, in which he advocated placing coal on the free list, so the great Coal Trust could no longer extort unjust and arbitrary prices for coal, and thus cause great suffering among the poor in the cities, and laying an unjust tribute upon the consumers everywhere. But the trusts own the Republican party and nothing will be done for the people.

It seems that Postmaster Mullen, of Charlotte, is to be decapitated. It is charged that he is guilty of a technical violation of the postoffice rules in not keeping his accounts entirely accurate. He made up the deficiency at once. It is thought that Geo. B. Hiss, Congressman Webb's opponent in the recent election, will be appointed postmaster at Charlotte to succeed Mullen.

MR. EDGAR CALLAHAN, son of Mr. and Mrs. John H. Callahan, died at his home near town on last Thursday night the 8th inst. and was buried at Mountain Creek on Saturday. The young man was about 18 years of age and had long been a sufferer from a complication of diseases. The bereaved family have our deepest sympathy in their sad affliction.—Rutherford Tribune.

Mr. Callahan formerly resided near Shelby, and his host of friends here will regret to hear of his death.

Last week Mr. Airy voted \$50,000 for water, lights and power plant by a large majority, only 14 votes being cast against it.

A Shooting Affair.

BOTH PARTIES WHITE AND BOTH DRINKING.

Last Tuesday evening J. R. Champion and Will Morris left town in the same buggy, leading Morris' horse. Both were drinking. About two miles from Shelby Champion drew his knife and demanded Morris' money knowing he had about \$46.00 Morris gave him two bills, but Champion made at him with his knife cutting through his clothing to the flesh and demanded the rest. Morris then gave him all he had, and turned his horse loose for an excuse to get out of the buggy, but Champion refused to let him out then he jumped from the buggy and ran to several houses for a gun but was refused, he went home and got his own gun. Then he followed Champion, and overtook him at W. J. Roberts, Esq., and demanded his money back. Champion told him to go off and quit bothering him, or he would give him a No. 38. Morris then emptied the contents of his gun into his shoulder, and surrendered himself to W. J. Roberts, Esq. Mr. Roberts found Champion's knife in the buggy, and \$15.00 wrapped in a quilt and \$7 or \$8 in a pocket book on the ground. Morris was brought to jail awaiting developments. Champion is being closely guarded until his wound heals.
