—The last few days of exceedingly hot weather contributed very largely to the growth and maturity of the crops and the fine shower Sunday night has added to growing crops very much, besides making it very much more comfortable in reducing the high temperature and settling the dust.

—Mr. R. B. McBrayer, the popular hotel man, said to us a few days ago, "You can quote me as being strong for our candidate for the Legislature, Mr. Newton. He is the kind of a man that I am glad to see the great Democratic party honor." Mr. McBrayer is right, and enough people are going to take this view to give him about 1500 majority in November.
