

REMAINDER OF THE LIST OF THOSE REGISTERED IN CLEVELAND COUNTY

Names, numbers and addresses of Cleveland County Men and the Order in Which They Will be Called for Examination. This List Begins With 412th Man Where First List Stopped as Published

- Below is published a continued list of men in Cleveland county with their names and addresses. This list begins with the 412th man drawn, the extra Star issued Saturday containing the first 411 men in the order they were drawn for examination and possible service. The list below may not be used for the first draft and the names of some of the men at the top of this list may be called, Cleveland's quota for the first draft is 184 men which must be furnished, it matters not how many men it takes to get them. The government estimates that half will be exempted or excused on account of physical disability. If this would apply in Cleveland, 92 men would be called in the first draft. But Mr. D. Z. Newton, secretary of the local exemption board thinks it will take about 500 men to get our first 184, so many of the registered men being married.
- The list below is not correct, but as nearly so as possible under the circumstances. The Star has received an official list from the War Department and hopes to have a correct list of men in the order of their liability for service, posted in The Star office this afternoon.

Red Cross Notes

Miss Mamie Davis, an accredited Red Cross nurse of Atlanta, Ga., who has been conducting classes in Red Cross work in Gastonia for the past 5 weeks has arrived in Shelby and on Monday, the 22nd began a course of instruction to the local Red Cross chapter. Miss Davis comes highly recommended from the Atlanta headquarters and her work is warmly endorsed by the Gastonia chapter.

A morning class in surgical dressing from 9 to 12 o'clock has been organized with the following members enrolled: Miss Elizabeth Ebeltoft, president; Miss Bertie Lee Suttle, secretary; Miss Beth Andrews, Miss Pattie Roberts, Miss Marion Hull, Miss Laura Burton Miller, Miss Lila Dover, Miss Iris Boyles, Miss Mamie Cabiness, Miss Margaret Wood and Mesdames P. L. Hennessy, Jack Palmer and Mack Wilkins.

The training obtained from these courses of instruction is highly beneficial as it relates not only to the sanitation and welfare of the soldier but to the sanitation and welfare of

the home as well, and also gives a large fund of helpful information as to the care of, and provision for sick in house nursing. The course of study taught by Miss Davis is proving to be very interesting to the local workers who are entering into it with great enthusiasm and have already begun to derive much profit.

The Shelby Red Cross chapter is most grateful for the following articles donated and lent to the work room: Sewing machine, Mrs. Edgar Blanton; sewing machine, Mrs. J. L. Webb; sewing machine, Mrs. E. Y. Webb; 2 hospital tables, 2 hospital beds, Dr. and Mrs. T. G. Hamrick; 1 table, Mrs. W. J. Boyles; electric fan, Mrs. W. H. Blanton; electric iron, Mrs. C. R. The work room is now beginning to take on a most business like and attractive appearance and it will be made as comfortable as possible for the large force of workers who have volunteered their services.

RUSSIANS ARE DESERTING

LEAVE FREE ROAD OPEN TO ON-RUSHING AUSTRO-GERMANS - NUMEROUS TOWNS ARE TAKEN BY THE TEUTONS.

Thursday's Dispatch: Even the casual entry of women soldiers into battle on the eastern front has been insufficient to imbue the ranks of the recalcitrant Russians with patriotism. They are still deserting in large numbers in Galicia, leaving a virtually free road open for fresh advances by the Germans and Austro-Hungarians.

From the Baltic to the Black sea only at one point, along the line in the southern Carpathians, have the Russians risen to the occasion and shown some of their old fighting spirit. Here fighting shouldered to shoulder with their Rumanian allies, they have attacked and captured several villages from the Germans and broken the heavily fortified Teuton line on a wide front.

In Galicia, the precipitate retreat of the Russians continues almost everywhere from the Carpathian foothills to the region around Tarnopol, the government apparently not yet having had time to put in force its strong repressive measures which M. Kerensky, the head of the government, has promised to apply in order to stay the retreat.

Many Towns Taken

Nadvorna, in the fringe of the foothills, Stanislaw and Tarnopol and numerous smaller towns have been taken by the Teutons, who are now approaching the important railroad junction of Buczacz, which lies some thirty miles east of Halicz. The German emperor was an observer of the battle on the Sereth front and saw his men put down the only effort of moment that was made to hold them back—an attack by the Russians between Tarnopol and Trembowla.

Since the penetration of the German lines on a wide front near Krevo, in which the "command of death," composed of women, took a notable part, despite which large numbers of the Russians ignominiously retreated to their old positions without even the vestige of harassment by the enemy, the Russians have not stirred from their trenches to face the foe.

The hostilities on the Aisne front, where for weeks the Germans have wasted men by thousands in ineffectual attempts to break through General Petain's front, have ceased and only artillery duels are now in progress. Early Wednesday morning witnessed one of the last attempts of the Crown prince to gain his objective. This was on the Californie plateau, where an attack was completely repulsed.

German Success in West

The Germans have been successful in winning 200 yards of trenches from the British east of Monchy-le-Proux, which they had bombarded violently for several days past. In the capture of the position the enemy again resorted to the use of liquid fire. Along the front in northern Belgium the heavy artillery duel continues, but as yet there has been no sign of either the British or the Germans starting an infantry attack. British airmen have bombed and caused severe damage to the German submarine base at Zeebrugge and also to the town of Burges.

German Submarines or Mines Last Week were Responsible for the Sinking of Twenty-one British Merchant Vessels of More than 1,600 Tons Each and Three of Less than 1,000 Tons.

In addition a submarine has sunk the British merchant cruiser Otway with the loss of ten men killed, while a German report says that a Teutonic U-boat has accounted for a British underwater craft.

COURT STOPS TILL MONDAY

LAIL IS FOUND GUILTY OF INCEST—SEVERAL GO TO THE ROADS - JUDGE WEBB CONTINUES THE DOCKET ON MONDAY.

After only a two-day session of the Cleveland county Superior Court, a recess was taken on account of the death of Hon. E. J. Justice, son of Judge M. H. Justice, presiding. As is noted elsewhere court will reconvene Monday with Judge Webb presiding. Talmadge A. Lee was appointed foreman of the grand jury and J. J. Pruett, special officer. The most important criminal case was that of State vs Harrison Lail, charged with incest. After a jury trial, Lail was adjudged guilty, but sentence has not been passed. Lail, it will be remembered, was arraigned at the last term of court but when a continuance was secured in his case, he forfeited his bond and left the State, but was apprehended in South Carolina and brought back for trial. The punishment is not over 15 years or under 4 months in a case of this serious nature.

Three cases of State vs J. H. Haynes, charged with assault with deadly weapon, were combined. Found not guilty in two cases, guilty in one, judgment suspended upon payment of costs.

State vs T. F. Humphries, a. d. w. found guilty, give bond in the sum of \$500 to be justified and approved by clerk of court and to appear at each term for three years to show good behavior and especially towards B. F. Allison and also to show that he has not been at or near the home of the said Allison and has not spoken to said Allison's wife.

State vs Chas. Humphries, f. and a. found not guilty.

State vs John Hawkins, retailing, found guilty, six months on roads of No. 6 to be given light work.

State vs Chevis Sanders and Willie Davis, housebreaking, larceny and receiving. Guilty; six months each on roads of No. 6.

Chas. Ferdinand, a. d. w. found guilty of simple assault. On payment of costs, prayer for judgment suspended, defendant to give \$100 bond to appear and show good behavior and has not assaulted his wife.

State vs Geo. Kelly, f. and a. found guilty. Sentence not yet passed.

Virgil Humphries, temporary larceny of horse. Pleads guilty, eight months on roads.

Don Biddix, false pretense, waives bill and pleads guilty. Judgment suspended upon payment of costs.

Martha Pettis, abandoning crop. Found not guilty.

Billie DePriest, Jimmie Rollins and Lum Melton, affray. Defendants DePriest and Rollins, pleads guilty. Prayer for judgment continued upon payment of costs. Defendant Melton enters a plea of nolo contendere, judgment suspended upon payment of costs and \$5 stenographers fee against each jointly.

Chas. Humphries, resisting officer. Found guilty, judgment suspended. Judge first gave him two months but as he had enlisted in the guards judgment was suspended.

Note Turner, vagrancy, found not guilty.

Note Turner, not guilty, found not guilty.

Henry Beattie, gambling. Pleads guilty. Judgment suspended.

FIRST LOAN SECURED

Cleveland County Farmer Gets First Farm Loan Made in North Carolina.

A Cleveland County farmer got the first loan made under the Federal loan act in North Carolina. The loan was negotiated this week by Messrs. O. M. and John P. Mull, attorneys for the farm loan association and the amount was \$1,000. The name of the farmer securing the same was withheld. About 12 other loans have been approved and checks will be turned over to a dozen more farmers this week. The association was the first to be chartered in North Carolina, which is another distinction for the Farmer Loan Association but at the suggestion of the Washington officials the name was changed to the Shelby Farmer Loan Association, another association being in process of formation at Kings Mountain, making two in this county.

NO HOPE OF EARLY PEACE

COLLAPSE OF RUSSIAN WAR MACHINERY MAKES IT SERIOUS FOR THE ALLIES—HAS DIRECT BEARING ON THE UNITED STATES.

Washington, July 25.—No attempt is made here to minimize the seriousness of the situation in the war theaters in Europe. The United States is in the war and will go through with it; but any hope of a short struggle has gone glimmering with the apparent almost complete collapse of the Russian war machine.

The development was not unexpected by many army officers. When the offensive of July 1 was started by the Russian forces, the most frequent comment heard here was that it was probably the dying kick of the old Russian machine.

For the United States, the Russian collapse may have an immediate and direct bearing. It will, if the German general presses its advantage, release additional German forces to bolster up the western front where American troops are to be engaged. The German line in the west has not been seriously impaired at any point, officers believe. They do not claim to know the situation along the battle-front, but they are unable to see that the British and French have wrested from the Germans any key position of such importance that it can be used next year to hurl the enemy back. It has been noted, in fact, that the one strategic advantage gained in recent fighting was gained by the Germans. Many officers here believe that when a small sector of the British line in Belgium was overwhelmed and its defenders nearly captured or killed, the Germans improved the situation on their weakest front materially. That view is based on the opinion that the only hope of decisive attainments for the allies in the west lies in rolling up the German right flank where it reaches the sea in Belgium.

U-Boat Bases

If that could be done, it is argued that the U-boat bases could be stamped out and the only offensive instrument of the Germans be eliminated entirely or made ineffective.

The big question is whether it could be done. It would require combined army and navy operations on that part of the Belgian coast held by the Germans, for it would be necessary to force a landing behind their line and force the whole right flank back from the sea as a result.

DAIRY FARMS

To the Editor of The Star: The demands for dairy products will be the greatest the world has ever known this coming winter and for years to come, according to all reports—and now is your chance to get your share—not only dairy products but everything else that is to eat. There will be three military camps near Shelby; one at Charlotte, one at Greenville and one at Spartanburg. There will be something like ninety thousand men at these three camps, and it will take lots to feed them. Each week these three camps will consume about forty five thousand pounds of butter and about thirty six hundred dozen eggs and so on. Are we prepared to meet such a demand, and take care of the other trade? I say no, but we must start now to do our part. It will be to your good to buy more cows, pigs, chickens, etc "NOW." It looks good for dairy farmers this winter. The patrons of the Shelby Creamery are getting 33 1-3 per cent more for butter fat this summer than last summer and I believe they will get more, a great deal more this coming winter. Prepare now, buy more and better cows.

Wm. LINEBERGER.
