

ONE HUNDRED MORE CALLED

UNDER THE DRAFT FOR PHYSICAL EXAMINATION NEXT MONDAY, AUGUST 20TH—MAKES A TOTAL OF 660 CALLED UNDER FIRST DRAFT.

Yesterday the Cleveland County Board of Health sent out notices to 100 more men, summoning them to appear at Shelby at headquarters in the East Front store, Monday, August 20th, for physical examination. This makes a total of 660 called out of the 660 to select Cleveland County's first quota of 183 men. By calling 100 more it is indicated that the board will be rather liberal with exemptions, although no definite policy has been announced. The exemption board has selected several men but will make no announcements until 61 men are called upon. The provost marshal Marshall has asked that each man be ready to send one third of his quota to camp by September 1. No more men are selected will any announcement be made.

BALLOON AN KILLED

A Cherryville Celebration When He Landed on Live Electric Wires

Shelby people who attended the celebration there Friday bring the report that the rider of the balloon of the Crew Ballooning company, of Greensboro, N. C., Mr. Hughes, was instantly killed by landing on the wires of the Southern Power company up town at the Presbyterian church, about 5:30 o'clock. The flight was made from near the Seaboard station and the inflation and flight were perfect. The rider ascended the highest ever accomplished in the history of the eight celebrations. The parachute delayed just an instant in opening but it opened perfectly and the ride was admired by many thousand people. However, when within twenty-five feet of the ground, the parachute doubled over the live wires and the body hung head downward and for an hour burned into a crisp and amid the gaze of thousands of helpless friends. The deceased leaves a wife and several children in Greensboro.

SHELBY MILL'S BARBECUE

Fine Spread of Good Things to Eat in the Shady Grove Near Mill—O. M. Gardner Speaks—Shelby Mill Beats Fallston.

The Shelby Cotton Mill's annual barbecue was held in a grove near the mill at noon Saturday when four hundred mill operatives, their wives and children turned out to enjoy the good viands and a stirring address by Lieutenant Governor O. Max Gardner. The barbecue was prepared by an expert caterer of Charlotte who was here for the banquet a year ago and won unstinted praise for the delicious manner in which the meats were prepared. The feed consisted of roast pig and mutton, Brunswick stew, cold slaw, iced water and lemonade, pickles and cigars and an abundance of ice cream from the Shalford dairy in Catawba county. In the large shaded grove, the three tables extended a distance of seventy five feet each and held the bountiful repast which was served by the good ladies and mill bosses. Secretary J. C. Smith and Supt. K. T. LeGrand were masters of ceremony and managed the event in a most excellent manner. The management of the other local mills and several local friends of this, the largest cotton factory in Shelby with 15,000 spinners, enjoyed the occasion. Mr. Gardner's address was well received and heartily enjoyed.

In the afternoon the Shelby Mill team defeated the Fallston team at baseball by a score of 8 to 7. Batteries for Shelby Mill were Conroy and Smith; for Fallston Boggs, Friday and Beam. One thing which makes the Shelby Mill pride their victory more than anything else is that they were pitted against Friday, Boggs and Royster, star plays of the Cherryville team who played with Fallston. Features of the game were hitting of Taub for Shelby Mill and batting of the whole team.

THE MOCKSVILLE PICNIC

Lieu. Gov. Gardner Speaks at Masonic Gathering—A Red Letter Day in Davie.

Lieu. Gov. O. M. Gardner spoke last Thursday at the Mocksville Picnic in Davie county. This picnic is an annual affair and has been a regular Masonic gathering for 30 years. Mr. Gardner was greatly impressed with the spirit and tradition of the occasion which is looked forward to by the people of Davie with more concern and interest than Christmas, Thanksgiving or the Fourth of July. Thousands of people were there Thursday, many coming on an excursion from Winston-Salem. One man estimated that at least 600 automobiles were there. The people of that community prepare dinner which is served inside a high wire fence. An admission charge of 75 cents is made for the dinner, the proceeds going to the Oxford Orphanage. Supt. Brown brought most of the orphans from Oxford to Mocksville to enjoy the occasion. The sum of \$1,700 was realized Thursday for the orphanage. In the 39 years that the Mocksville picnic has been held, \$42,000 has been contributed to the orphans at Oxford. Mr. Gardner delivered a stirring address and was pleased with the reception accorded him.

MAY RECALL REJECTED MEN

Rules for Examining Under the Selective Army Draft are Revised—Changes in Physical Requirements

Revised regulations to govern physical examination of men registered under the selective draft were issued Friday by Surgeon General Gorgas of the army and communicated to the governors of the states for information of local boards. The changes deal for the most part with questions of proportionate weight and height; but may result in the recall of some men rejected heretofore on physical grounds.

The new regulations grant an underweight allowance of from five to six pounds between sixty-four and sixty-seven inches in height, seven to eight pounds between sixty-seven and sixty-nine inches, nine to ten pounds between seventy and seventy-four inches, and twelve pounds above seventy-five inches. The effect of the instructions is to reduce the normal weight requirements for tall men.

An additional half inch allowance in chest expansion also is allowed to men above sixty-eight inches in height, where there is no sign of disease.

Men with poor teeth will be more closely scrutinized hereafter. Where dental work will restore the teeth, they will either be enrolled and the work done by army dentists, or allowed time to have the work done for themselves.

A punctured ear drum is found to be no barrier provided the hearing is half normal. Modifications are made also in sight requirements which will give physicians wider latitude in accepting men despite some defects of vision.

Provost Marshal General Crowder has urged prompt action by the local boards in certifying as held for service, men who make no claim for discharge or exemption. A daily report to the district boards is required, at the close of each day's work, and, similarly, district boards will report each night to the adjutant general the men finally accepted.

"The government will call upon local and district boards to furnish one-third of their quota on September 1," General Crowder's message says, under the heading: "The first call to the colors."

The following requirements for local reports of the progress as outlined, which General Crowder says are inserted to "point the way to expedition and in order to insure that no state and no local board shall be placed in the unenviable position of not being able to answer 'Here' with the full third of its quota on the day named."

Local boards are urged not to stop examining men when the quota has been reached. The boards should be men have been certified, the statement says.

In another supplemental ruling, General Crowder states that men serving prison terms for misdemeanors are not exempt by reason of that fact. If the peace authorities will not release them for military service, they will be required to present themselves for examination when their prison terms have been completed.

BUTTERMILK A FOOD DRINK

Has More Food Value Than Most Other Drinks.

A pleasant, refreshing beverage and a nourishing food combined in one product is found in buttermilk. It contains practically all the food materials of whole milk with the exception of the fat, most of which is removed in the process of churning. Buttermilk contains about 3 per cent of protein, nearly 5 per cent of carbohydrates in the form of milk sugar, 0.7 per cent of mineral constituents, and 0.5 per cent of fat. Thus a quart of buttermilk furnishes slightly more than an ounce of protein, one of the chief body builders.

The increasing consumption of buttermilk testifies to its popularity as a beverage. People are beginning to realize that it is much better to drink a glass of milk or buttermilk than it is to consume other drinks having little food value. Many physicians recommend buttermilk in the treatment of certain intestinal disorders and it is also gaining favor in hospitals.

Farmer Candidate Won

Westmoreland Davis of London county, who ran as a "farmers' candidate" in Tuesday's Virginia Democratic State primary election for State offices, was nominated for Governor by a plurality, estimated on the face of incomplete returns, to be from 6,000 to 8,000. One of the opposing candidates had the support of the Anti-Saloon League and the other ran on a straight prohibition platform.

AMERICANS ARE PRISONERS

FIRST PRISONERS OF AMERICAN FIGHTING FORCES ARE CAPTURED BY GERMAN SUBMARINE IN SINKING OF CAMPANA.

Monday's dispatch: Five Americans are prisoners aboard a German submarine, the navy department believes. Four of those probably are the first prisoners of the American fighting force taken by the Germans.

The captain of the American steamer Campana and four members of the armed guard were taken from the steamer when she was sunk by a German submarine August 14, 140 miles west of Ile de Re, off the coast of France. Forty-seven survivors of the steamer, which was a Standard Oil tanker, have been landed safely.

Unfavorable weather again is hampering large scale operations in Flanders, but in southern Mollavia the desperate fighting between the Russo-Rumanians and the Teutons continues with increasing ferocity.

Field Marshal von Mackensen is using strong forces in an endeavor to break through the entente line toward the railroad junction of Teuchiu. The Russians and Rumanians are resisting valiantly the numerically superior enemy, but have been forced to give up, at least temporarily, their positions along the railroad line north of Fokshani.

Germans Capture 6,700

A Russo-Rumanian retirement to the village of Marascheti and Furtzen, on the Sereth river, is reported by Petrograd. In counter attacks preceding their retreat the Russians and Rumanians took 1,200 German prisoners. Berlin says that von Mackensen's troops withstood strong attacks and captured more than 6,700 prisoners as well as eighteen cannon and sixty-one machine guns.

Around Onca, northwest of Fokshani and near the Transylvania border, there has been intense fighting with the Teutons forcing a Rumanian retirement northward to Onna. As a counter move to the Teuton offensive, the Russians have assumed the initiative in an attack at the confluence of the Buzeu and Sereth rivers, southeast of Fokshani and in the region of Galatz. Part of the Teuton positions were captured by the Russians, who also took some prisoners, four cannon and eight machine guns.

Elsewhere on the eastern front in northern Rumania, in Bukawina and on the Russo-Galacian frontier there has been no marked activity.

RUTHERFORD NEWS

Money Appropriated for Charlotte-Asheville Highway—27 per cent of Examined Men Fail on Physical Test.

The Sun: Up to Wednesday night, August 8th, the local board for Rutherford county had examined 200 men. One hundred and forty-six or 73 per cent passed the physical examination. Fifty-four or 27 per cent failed on physical examination, Thirty-six or 18 per cent did not file claim for discharge. Ninety-two or 63 per cent of those who passed physical examination filed claim for exemption.

Mr. Robert Lee Johnson and Miss Coral Elizabeth Long were quietly married at Brittan manse on Tuesday, August 7, by Rev. J. L. Beattie. Mrs. Johnson is a daughter of Mr. J. A. Long, of Logan's store township, and Mr. Johnson is a popular teacher and the associate principal of the excellent and widely known Westminster School.

The board of county commissioners Monday made an appropriation of \$300, complying with the law passed by the General Assembly two years ago requiring Henderson, Buncombe and Rutherford counties each to appropriate \$300 to maintain the Charlotte-Asheville Highway through those counties, provided the State the section of road across the corner of Henderson county known as the Hickory Nut Gap road. Now that the Rutherford authorities have made the necessary appropriation, the work of rebuilding the road in Henderson and maintenance in Rutherford will go forward with renewed energy.
