**CULLEN MULL FEASTS THE CLEVELAND BOYS**

Serves Them a Good Barbecue and His Accustomed Hospitality in Wake Co.

On March 26 the boys of Cleveland county, who are at Wake Forest college, were entertained at the home of Mr. Cullen Mull by a barbecue and party. Mr. Mull is a former citizen of Cleveland county and has been living in Wake county for more than three years. Although having moved into a new section of the state and having made new friends, he has not forgotten his host of friends and loved ones back home. And so with that love burning in his heart, he felt inclined to express it for his old home by entertaining the boys at Wake Forest college from Cleveland with the best that his farm produced.

Besides the roast pig and the generous hospitality of his own home, his friends and neighbors of the community joined heartily in helping him make the occasion a great success.

Cleveland county is one of the foremost counties of the state represented at Wake Forest. Mr. T. E. Holding, one of Wake county's successful bankers and a friend of all the college boys was also a guest of Mr. Mull, and he addressed the club there. Mr. Holding paid a great tribute to our home county as he spoke of her prosperity and her great number of prominent men, he spoke of her financial accomplishments and prudent business management as represented by the Blantons, her oratorical, intellectual and spiritual geniuses as represented by the Dixons, and her prominence in high statesmanship and political science as represented by the Webbs. Mr. Holding endeavored in a very forceful way to inspire both the ladies and men who were present to imitate these stars of old Cleveland. This prominent man of broad vision attributes to Cleveland county first place in the number of great men produced in the state who have taken their degree at Wake Forest.

After the supper of roasted pig, roasted potatoes, and eggs, the ladies entertained with music and games in which the men eagerly joined. The whole affair greatly interested the

western boys for it was a new custom to see a whole hog roasting over live coals. After bidding the host adieu the club marched back to the campus in a body, a distance of three miles, to live in seclusion for another spell.

W. L. McSWAIN, Sec.

**DR. HAMRICK DENIES INSOLVENCY CASH MILLS**

Receiver Denies Allegation of Insolvency Filed by Some of Creditors.

Dr. W. C. Hamrick, receiver for the Cash Cotton mills in Gaffney, S. C., Tuesday appeared before the United States district court in Greenville and filed an answer denying the allegation of insolvency contained in a petition recently filed by A. C. Walker, Charles L. O'Neal and company and others. Dr. Hamrick's answer alleges that the Cash mills is a solvent concern and demands a trial by jury on the petition asking that the mills be adjudged bankrupt.

The petition asking that the corporation be adjudged bankrupt, was filed on March 9, and list indebtedness aggregating \$120,246. Dr. Hamrick, in his answer, admits that the petitioners are creditors to the extent named by each but denies that the mills are hopelessly insolvent, declaring in effect that the property is worth much more than the sum total of the debts owed by it. Dr. Hamrick was first appointed temporary receiver of the mills some three months ago on the petition of the same creditors who filed the petition on March 9. Later a supplementary order was issued appointing Dr. Hamrick as permanent receiver. A jury trial will be ordered and the case may be heard at the next term of federal court.

The Cash mills company was organized a little over a year ago with an authorized capital of \$500,000.

**Last Call FOR 1920 Taxes**

I wish to notify all persons who have as yet not paid their 1920 taxes that I must have same by the last of May 1921. I know that this has been a hard year on the farmers of this County and I have no desire to force collections, but at the last monthly meeting of the Board of County Commissioners I was ordered to force collections on all taxes that are not paid on the 1st day of May 1921.

The County and State are badly in need of funds so kindly make your payment just as soon as possible. I recently received an urgent request from the State Treasurer for a settlement in full, but have deferred this in order to keep the County Treasurer in funds.

Therefore unless you wish to add further costs for collecting let me have remittance before the above date and if possible let me have the amount at once.
