

## TAKES CARE OF 5 CHILDREN

**Mrs. Taylor's Sickness Ended by Lydia E. Pinkham's Vegetable Compound**

Roxbury, Mass.—"I suffered continually with backache and was often dependent, had dizzy spells and at my monthly periods it was almost impossible to keep around at my work. Since my last baby came two years ago my back has been worse and no position I could get in would relieve it, and doctor's medicine did not help me. A friend recommended Lydia E. Pinkham's Vegetable Compound and I have found great relief since using it. My back is much better and I can sleep well. I keep house and have the care of five children so my work is very trying and I am very thankful I have found the Compound such a help. I recommend it to my friends and if you wish to use this letter I am very glad to help any woman suffering as I was until I used Lydia E. Pinkham's Vegetable Compound."—Mrs. MAUDE E. TAYLOR, 5 St. James Place, Roxbury, Mass.

Backache is one of the most common symptoms of a displacement or derangement of the female system. No woman should make the mistake of trying to overcome it by heroic endurance, but profit by Mrs. Taylor's experience and try Lydia E. Pinkham's Vegetable Compound

### A CARD OF SYMPATHY.

Whereas, God in his infinite wisdom has seen fit to take to Himself the mother of our beloved classmates, and our dear sister Mrs. A. E. Bettis. Therefore be it resolved,

(1) That their family has suffered a severe bereavement in the loss of a devoted wife, a loving mother, and an affectionate grandmother.

(2) That the community has lost a devoted neighbor, the church a loyal member.

(3) That we, The Fidelis Class, of New Hope Baptist Sunday school extend to the heart-stricken family our deepest sympathy, and commend them to our Heavenly Father, "Who doeth all things well." May they realize that she is indeed a mother in Israel, great in faith, loyal in service and will spend all eternity among the beautiful flowers that she lanted through faithfulness while in his life.

(4) That a copy of these resolutions be sent to the family, a copy to the Cleveland Star and Biblical Recorder for publication, a copy be preserved in the minutes of our class records.

Mrs. R. E. Nichols, Mrs. Lloyd Wiley, Mrs. D. B. Lowery, Miss Ruby McSwain.

### NOTICE TO OWNER TO CLAIM SEIZED AUTOMOBILE.

Whereas on or about the 25th day of March, 1921, the undersigned sheriff of Cleveland county, North Carolina, seized and took into his possession one Ford touring car, Model 1916, North Carolina license No. 72,674, year 1921, under authority contained in section 3403 and 3404 of Consolidated Statutes of North Carolina.

This is to hereby notify any person who claims title or property interest in said car to come forward and institute the proper proceeding to secure the possession of said property within 30 days from date, or said car will be sold as a forfeiture as is provided by law.

This the 7th day of April, 1921.  
H. A. LOGAN, Sheriff of Cleveland County, North Carolina.

### ADMINISTRATRIX NOTICE

Having this day qualified as administratrix of the estate of W. M. Warlick, deceased, late of Cleveland county, N. C., this is to notify all persons having claims against said estate to present same to me properly proven on or before 9th day of April 1922 or this notice will be pleaded in bar of any recovery on same. All persons indebted to said estate will please make immediate payment of the same to me.

MINERVA WARLICK, Administratrix of estate of W. M. Warlick, deceased.  
E. T. Falls, Attorney.

### WEAVER INTRODUCES PUBLIC BUILDING BILL

Washington, April 25.—Representative Weaver introduced today a bill for \$1,250,000 for a public building in Asheville and \$20,000 for one at Tryon. If a public buildings bill goes through this session of congress Mr Weaver will be on the ground floor with his projects. It is all up to the republican leaders.

### WANTS ROAD BUILDING PROGRAM ABOVE BOARD

By Bruce Craven.  
The people of North Carolina want the roads built, and they want them built without any more foolishness about it. If the money cannot be secured for less than 9 per cent, the people want the roads built; but I believe I speak the sentiments of the state when I say that the people do not want to make necessary any subterfuge about it, and they want to know that whatever interest rate is paid, is open and above board, and not cheap political buffoonery, which seems to be the only word that comes to my mind about this business since that long distance telephone conversation I had with New York last week. Now in conclusion on this subject, note the following for future reference:

1.—The right thing would be an extra session of the general assembly to raise the interest rate on the bonds to six per cent and to levy a property tax to pay for them.

2.—There will be no extra session of the general assembly because the governor knows it would be a race between the senate refusing to confirm Watts, and the house trying to abolish the office of state tax commissioner.

3.—The state of North Carolina will not sell any five per cent bonds at par any time during the year 1921, unless they are sold in North Carolina.

4.—The probability is that the state will borrow money on short time loans in small amounts, giving it out as six per cent interest, when the truth is that they are paying nine per cent.

### ican Bank and Trust company of Atlanta, and more than 4 other financial institutions.

"This action is to be compelled regardless of its ruinous effect upon country banks and the destruction of their usefulness in the small communities they serve," the court was told.

Opening the case marked the final round of the "par collection" fight involving the right of the Federal reserve board to insist upon collection of members' checks without deduction of the nominal charge from which, it was alleged, most banks obtain a large part of their revenue.

The case came here on appeal from a decision of the Federal courts of Georgia, which, sustaining a demurrer of the board, dismissed the suit "as wholly lacking in equity." The state banks ask that the temporary restraining order now preventing the Atlanta reserve from enforcing the par collection order, be made permanent.

### TANLAC PROVED GLAD SURPRISE

**Mrs. Worley Says It Has Entirely Restored Her Health And She Feels Like a New Woman**

"I have spent hundreds of dollars in taking all kinds of medicines trying to get relief, but it was only when I got Tanlac that my troubles disappeared," said Mrs. A. Worley, of 111 Fifteenth street, Ashland, Ky. "I had no appetite and my stomach was in such a bad condition that gas would form, causing a terrible depression around my heart and almost shutting off my breath. I would become so nauseated that I could scarcely retain the little I did eat, and at times I had such awful headaches and dizzy spells I could hardly see. My kidneys bothered me a great deal, my back pained me so I could not bend over without suffering agony. I was almost a nervous wreck and at night sleep was almost impossible.

"Tanlac has certainly proved a glad surprise to me, for it has taken only two bottles to overcome all my troubles. My appetite is wonderful and I never feel a sign of indigestion or gas, my breathing is free and easy and I no longer have those awful dizzy spells. My kidneys don't bother me any more and my back is entirely free from pain. My nerves are in such good condition that I don't wake up during the night, and I am much better in every way that I simply feel like a new person." Ad

### TANGLE OVER INCREASING MEMBERS OF THE HOUSE

Representatives who made an unsuccessful attempt last session to increase the size of the house to 483 members have begun to compromise movement to boost the membership to 460. Chairman Siegel of the census committee said Thursday there was growing sentiment in favor of an increase and predicted that a membership of 460 would meet with approval. A number of representatives from states that would lose seats if no increase were authorized and who voted for maintaining the present size of the house, now favor a compromise, he added. During the last session the house voted to hold its membership to 435, reappointed on the basis of the 1910 census. The bill died in the senate. Mr. Siegel said he probably would introduce a bill in a few days to increase the number of representatives to 460. He already has introduced a resolution calling for a constitutional amendment that would permanently limit the size of the house to 500 members. Representative Blanton, democrat, Texas, has introduced a bill reducing its size to 304 members.

### ENDS "SPENDING SPREE"

**Government Checks Careless Handling of Money by Indians.**

The Osage Indians' "spending spree" is ended, relates a Ponca City, Okla., dispatch.

These wards of Uncle Sam have been rivaling Brewster of "Brewster's Millions" fame in recent years as a result of the big royalties paid them for oil leases. And some of the Osages, notwithstanding the thousands a year paid them by the petroleum companies, have traveled such a fast pace that they actually are in debt. One woman is said to owe more than \$10,000.

Last week the Osages were paid an average of \$1,300 each, but they found new regulations in effect that will prevent them from "blowing it in" too prodigally. A bill passed by the last congress contains some stringent regulations regarding the money paid to Indians. Money for production and road taxes will be deducted and other parts of the fund set aside for various expenditures authorized by the government. In addition, only those Indians who are granted "certificates of competency" will be paid their per capita in full, in addition to allowances for dependent children which must be devoted to their education.

For the other guardians will be named and they will receive the money subject to certain restrictions. But in each case there will be an allowance of spending money, although it will not be anywhere near the amounts previously squandered. In many instances it is said that the Indians have been victims of grafters and the regulations are designed to prevent parasites from living off the oil wealth of the Osages.

### VOLSTEAD WOULD TAKE BEER FROM SICK FOLKS

**Introduces Bill Prohibiting Sale of Beer to the Sick on Doctor's Prescription.**

Washington, April 25.—As the first step of the fight in congress to tighten up the Volstead prohibition enforcement law, a bill designed to prohibit the sale of beer to the sick on a doctor's prescription was introduced in the house today by Chairman Volstead of the judiciary committee.

The measure would not prohibit use of wine for medicinal purposes, but would make more specific and more stringent the regulations on this subject.

Declaring there was no real necessity for beer as a medicine, Mr. Volstead announced that his bill, described as supplemental to the national prohibition act, was put forward at this time to meet the situation created by the opinion of former Attorney General Palmer that beer and wine, under the Volstead act, could be prescribed for the ailing.

### THEIR VOTING BONDS IS MAKING PROGRESS

**Lincoln County News.**

Progress is being shown all around Catawba has voted \$500,000 for roads, Mecklenburg two million for roads, Lincoln recently voted \$200,000 for schools, and Lincoln county is now engaged in building a new courthouse, which puts Lincoln and Lincoln county abreast with her neighbors in the go ahead spirit. There are signs of school progress in Lincoln county school district. The Union school district near Reepsville some weeks ago opened a handsome new school building, one of the most up-to-date rural schools to be found with an auditorium seating capacity of around 700 which gives that section an assembly hall that will hold the crowd. Other school districts in the county are considering consolidation and better school buildings, all of which stand for community up-building.

### ELLA MILL TEAM WINS FROM LINCOLN TEAM

(By Max Washburn)  
Ella Mill team again defeated Lincoln in a close and interesting game Saturday April 24. All of John Hudson's boys played like leaguers. Hudson and D. Martin featured with the ash pole. Hudson getting three hits out of four times to the bat, while Martin knocked a home run in deep center that proved to be the winning run.

Van Pelt an ex-leaguer pitched a good game for Ella while Auton, the opposing pitcher pitched a very good game for Lincoln. Love caught a great game for Lincoln while Dick Gurley looked like an old leaguer and displayed all kinds of pep and ginger.

The game was exciting all the way through as the score indicates. The next game will be played here Saturday between Caroleen and Ella.

Box Score	R.	H.	E.
Ella Mill	003	010	011-6
Lincolnton	000	401	000-5

### BRAINS ON THE FARM.

Best Brains of the Country Are Needed There.

Omaha Bee.

Almost any city man feels capable of advising the farmer, but no great rush from the cities to the land in evidence.

Nor are such amateurs wanted there. The best brains of the country are needed on the farms and the stream of young men and young women trained in the agricultural colleges affords hope of the ultimate solution of one of the greatest national problems.

It is not altogether a question of production, although these costs may be able to be reduced, but the problem of marketing especially demands trained men to design economies in distribution from producer to consumer.

### CONSPIRACY CHARGED.

**Small Banks Not Getting Fair Deal From Federal Reserve Alleged.**

Charges that the officials of the Federal Reserve bank, of Atlanta, Georgia "acting in concert with reserve banks of other districts," have joined in a conspiracy to force small banks throughout Georgia to become members of the federal reserve system, were pressed before superior court in Washington Wednesday by counsel for the Amer-

## Why 2 Cents?

It would cost you hundreds of thousands of dollars a year to keep in touch with farm progress the country over if you were the only farmer who wanted to read

## The COUNTRY GENTLEMAN

But there are 800,000 other farmers who feel that they couldn't be without it—that's why this unmatched farm service costs you but a single dollar for a whole year—less than 2 cents a week!

Your lone dollar couldn't buy the services of fifty trained investigators who travel all over the United States in search of just the ideas and plans that will be most useful and profitable to you. It couldn't buy the genius and effort of master story-tellers—men like ZANE GREY, HENRY OYEN, ALBERT PAYSON TERHUNE—who write the distinctive and interest-compelling fiction that each issue contains. It couldn't buy the time and thought of the many experts on farm home economy who are always ready to help your wife with her problems—or the work of widely-known artists and cartoonists. But because 800,000 other farmers also want these very things, you can get them all for just \$1.00—52 big, helpful issues. Let me have your order today.

There's no better buy for one dollar
