

GOOD NEWS TO COTTON FARMERS

Dr. Kilgore Says Selling Movement for The Entire South Is Launched.

Dr. B. W. Kilgore, just back from Memphis, Tenn., brings encouraging news to the cotton growers of this state. The director of the agricultural extension service in North Carolina attended the conference of representatives from 12 cotton growing states in Memphis last week, returning to Raleigh yesterday.

Dr. Kilgore brings word that eight southern states have already adopted the same plan of co-operative marketing for cotton as that started in North Carolina and that in these eight states 84 per cent of the cotton of America is produced. The prospects for the movement grow bright every day.

The doctor talks enthusiastically of the class of men attending the conference. They were not orators but business men bent on working out plans for the betterment of agricultural conditions in the south. Dr. Kilgore has been attending conferences of various kinds for several years—just how many he doesn't like to say—and declares that this was the most business-like, the most determined and altogether the most worth-while one he ever attended.

Carefully prepared plans were approved for the organization of the American Cotton Growers' exchange through which the state associations will market their cotton except such quantities as they can sell more advantageously direct. This will be a non-stock, non-profit organization and will be set going as soon as three states become members.

Already Oklahoma has a going marketing organization with pledges to sell over 400,000 bales of cotton, preaching and consecrated work. Both selling association and the great state of Texas will soon be in position to put an association on its feet. It would not surprise Dr. Kilgore if they should not be the first states to join the exchange and start it going.

States represented at the conference were: California, Arizona, Texas, Oklahoma, Missouri, Arkansas, Tennessee, Mississippi, Alabama, Georgia, South Carolina and North Carolina.

CAROLEEN SCHOOL COMMENCEMENT

Exercises Were of a High Order School Was Successful in Every Department.

Special to The Star.

The commencement exercises of Caroleen public school were held on April 23-26. Saturday evening April 23rd, the high school play was given "An Old Fashioned Mother." It is said to be the best play by high school students ever given in Caroleen. Monday evening April 25th the primary grades gave an operetta "A Rose Dream." Thirty-six tots dressed as roses, elves and fairies presented a beautiful spectacle that transported the large audience to fairyland. Tuesday evening the grammar grades presented "Jack and the Beanstalk" to a large and appreciative audience. Grown ups as well as children enjoyed seeing wonderful beanstalk, the giant and the hen that laid golden eggs.

Caroleen has had this year the most successful school in her history, having won in the county-wide contests many honors among them three gold medals. In addition the commencement is considered the best ever given in this town. Professor J. B. Jones, the principal was ably assisted by the following teachers: Miss Essie Hemphill, Mrs. J. B. Jones, Miss Etta Head, Miss Amanda Head, Miss Amanda Head, Miss Emily Hollifield, Miss Ellie Huntley, Mrs. Mullie Harrill, Miss Lillian Belk and Miss Lillie Lackey. The school is also indebted to Prof. W. B. Blanton for valuable assistance in music.

MR. WALKER TO PREACH AT NEW HOPE CHURCH

GASTONIA HOSPITAL WILL OPEN JUNE 15

Orthopaedic Hospital for Crippled Children Will Soon be Ready for "Tiny Tims."

The North Carolina Orthopaedic hospital for crippled and deformed children of sound mind, will throw its doors open to the "Tiny Tims" of the state about June 15. The number of patients that can be received at that time will be limited owing to the fact that the state's appropriation is not available, but it is hoped to soon get an amount sufficient to complete the constructive work.

Speaking of the opening, President R. B. Babington says "We have a larger number of applications from children from many counties all over the state. However, our activities at first will be limited, but we desire to get the applications on file and handle them as rapidly as circumstances will permit."

"It is our purpose and desire to accept the younger children, and also the children with the lesser deformities first, especially the unfortunate, neglected poor and orphan boy or girl who has a bright mind, but has not a ghost of a show in the world. Because of their deformities they cannot work or get to school, and are shut in all their lives, grow up in ignorance, and become a burden to the county and state, and live a life of misery and suffering, with a mind yearning for freedom and usefulness to man. Hundreds of the slightly crippled children can be set on their feet quickly, and return home ready for school, to develop into useful, intelligent citizenship."

"Our desire, to help any crippled child that can be benefited."

"Our requirements, possibility of improvement and sound mind."

"Our non-essentials, religious creed, fraternal affiliations, social standing and financial connections."

"Our object, to benefit helpless humanity to prevent possible pauperism, to turn wealth consumers to wealth producers."

"We request the press of the state to whom we accord much credit in making this great institution possible, to continue with us and help us in taking every little crippled child in our state by the hands and tenderly placing them within this institution and giving them a chance to make good."

"We also ask all physicians, surgeons, public welfare superintendents, school teachers, pastors and others for an application blank for the crippled children they have in mind. The who love their fellowmen, to write us blank will be mailed promptly, the application numbered and filed and handled according to the provision that is made for the work."

THIS WOMAN'S EXPERIENCE

Brings a Ray of Hope to Childless Women

Lowell, Mass.—"I had anemia from the time I was sixteen years old and was very irregular. If I did any house-cleaning or washing I would faint and have to be put to bed, my husband thinking every minute was my last. After reading your text-book for women I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash, and have never felt better than I have the last two years. I can work, eat, sleep, and feel as strong as can be. Doctors told me I could never have children—I was too weak—but after taking Vegetable Compound it strengthened me so I gave birth to an eight pound boy. I was well all the time, did all my work up to the last day, and had a natural birth. Everybody who knew me was surprised, and when they ask me what made me strong I tell them with great pleasure, 'I took Lydia E. Pinkham's Vegetable Compound and never felt better in my life.' Use this testimonial at any time."—Mrs. ELIZABETH SMART, 142 W. Sixth St., Lowell, Mass.

This experience of Mrs. Smart is surely a strong recommendation for Lydia E. Pinkham's Vegetable Compound. It is only one of a great many similar cases.

NOTICE OF SALE OF VALUABLE REAL ESTATE, RESIDENCE, GOOD BARN AND OUT BUILDINGS, TOWNSHIP 8.
