Rutherfordton, Aug. 31.—M. R. Whitener, of Marion, was here yesterday afternoon to confer with a number of business men regarding the advisability of establishing a furniture factory. He proposed to build and run a factory that will employ from 65 to 110 men, with a monthly pay roll of nearly \$3,000 per month. Detailed plans will be worked out soon and work will begin early next year or this fall. The exact location of the new church has not been determined. It will contain 22 rooms in all and will have the latest equipment. It will seat about 850 people.

About 3,250 people took the diphtheria and typhoid vaccinations in the campaign which closed here Saturday night. Of these 750 were for children under six years of age for diphtheria prevention. This makes a total of about 6,000 people who were vaccinated in the county this and last year.

Wins Two Out of Three

In the series of games this week with York, the fast Shelby team won two out of the three games and lost the one game on a bunch of errors. Monday's game at York was a victory by a score of 2 to 1. Ormand, Shelby's crack pitcher won his own game, pitching a no hit game until the ninth inning when York's best batters scored two. However, Ormand knocked a home run, securing a well earned victory.

Shelby made eight errors Tuesday afternoon and let York win 5 to 4. Curtis pitched a good game, allowing only five hits and would have won with any support at all.

Shelby 4 10 8
York 5 5 3
Curtis and Short; Walker and Agnew.

Shelby defeated York, S. C., in Gastonia Wednesday afternoon 5 to 4 and won the series.

Smith and Parks of Shelby each got a home run. Three of York's runs came in the first inning on errors. Cline, for Shelby, pitched a great game and should have had a shut out game.

Shelby meets Cowpens Thursday, Friday and Saturday of this week in the finals series for the championship of the piedmont Carolinas. Shelby 5 10 5
York 4 5 1
Cline and Gurley; Gauding, McMakin and Agnew.

MOSQUITOES COMPLAIN OF THROUGHOUT SHELBY

Citizens of Shelby in nearly every section, are complaining of mosquitoes which are a constant annoyance throughout the night. Never have there been so many and an effort is being made to blot them out. Dr. R. C. Ellis, county health officer found the septic tank below the Katherine Mill a breeding place and suggested methods which the city will use at once to stop their breeding. Barrels of kerosene oil and fire will be means of controlling them at this point. However, since the mosquitoes are complained of in practically every part of town there must be other breeding places which should have the attention of the street cleaning department.

CONCORD TROUBLE IS BREWING AGAIN

TROOPS MAY BE RETURNED THERE

Those Who Want to Work in The Mills Are Assaulted By The Strikers Who Hold Out

Concord, Aug. 31.—Following continuous disorders at the Norcott and Brown mills each day this week, Sheriff Carl Spears, Mayor J. B. Womble and Chief of Police C. A. Robinson this afternoon dispatched the following telegram to Governor Cameron Morrison at Asheville:

"Conditions in Concord and vicinity are again beyond the control of the city and county authorities. Three hundred strikers congregated at Brown mill, forcibly restraining men and women from going to work. Respectfully and earnestly request local military company be ordered out immediately to maintain order and preserve life."

The following telegram, signed by 14 professional and business men of the city, also was sent to the governor this afternoon:

"Situation here again serious, local officials admit cannot control situation. We think presence of troops here necessary."

The Brown mill has not attempted to run this week, but the Norcott mill, situated only about 100 yards from the Brown, has been running and the crowds have congregated about two mills. The management of the Norcott reported this morning that 54 persons were at work, but this afternoon reported that 12 of the persons at work this morning did not return at noon on account of the presence of the crowds.

Workers Assaulted

The crowd has not been kept moving, and has congregated in the streets and on mill property. The mill management reported yesterday that a man and woman were assaulted as they were going to work, and again this morning reported that a woman had to fight her way through a crowd to get into the mill.

Besides his beloved wife and five small children he is survived by his aged mother, Mrs. Martha Richards, four brothers, T. B. and H. G. COTTON ESTIMATE IS PUT AT 7,037,000

The Government's forecast on cotton yesterday was 7,037,000 bales, nearly a million and a quarter bales less than was predicted a month ago. The condition report is 49.4 per cent of normal. The estimated crop is one of the smallest in history and as a result cotton is climbing rapidly on the exchange. On Wednesday just before the government's report it went off about 50 points, but as soon as the government's report was issued, this was gained back. Indications are that the price will continue to go up since the yield will be so low. Spots in Shelby bring 15c.

Good health is a free asset to happiness.
