A Little Talk On Thrift For THRIFT WEEK

What will your circumstances be at this time next year? If you cannot give a fairly definite answer to this question, another year will fail to treat you kindly. You must plan your financial life, even as you plan other details of your life. You must organize and systematize your talents. You must adopt a schedule of achievement and work to that end. In short you should have a **Program or schedule** before you can reasonably hope for or justifiably expect success in finances which is necessary, to a certain degree, to attain happiness.

SAVE BY RULE AND ROUTINE.

You can save any amount of your income you wish to save—if you will do it by rule and routine.

You can have a good savings account if you will adopt a program by which to accumulate it.

The regular deposit of a fixed amount is the one sure plan of saving—the supremely wise and successful plan.

Get the power of habit behind your savings account—and watch it grow.

Help here in Shelby and Cleveland County not alone to make Thrift Week a Success but to make your Town and County A Saving, Thrifty Community to even a greater degree than it now is, or is favorably reputed to be.

We will be glad to explain details of our various savings plans.
THANK YOU.

 Masher number one was arrested Saturday in Durham upon the complaint of a certain young lady, who demanded his arrest and expressed her willingness to appear against him in court. When the case was called she was not there—but the masher was not. He forfeited \$15 bond.
 The young woman stated that she was walking down Main street and that the man, one J. R. Parrott, walked up beside her, nudged her and said "Hello, Kid. She ignored him she says went to the first officer she saw, who was nearby and pointing him out demanded his arrest. The officer took him into headquarters and placed him under bond.
