"The Looker On"
Speaks of Florida.
At this time of year Florida beckons us, and "listening in" on some of the conversation and descriptions of this tropical place from some of our recent Shelby tourists who have "been down" one is tempted to go again if they have been and if they haven't been this will convince you that you must go, but it sounds expensive, for listen to this from the Claude Naste Travel Bureau, "The Coast of Heaven"—Florida.
"Nature made Florida heaven. America divided heaven up like an apple pie, each piece different. You can get life as modern as next minute in Florida, as ancient as the everglades themselves. But there's not a commonplace mile on the sound's peninsula and its American as 'jazz' Palm Beach, the diamond hub of a platinum universe, enormous, brilliant, just belief, vital as a newspaper, young as life, the richest winter resort in the world. Golf under summer skies. Seas, as blue as heaven with the foam on Boating, bathing, flying, motorizing, spending.
Miami, the climate of the Garden of Allah, the links of one's fondest dreams, Bimini, forty-five minutes from Broadway; Daytona, and the

million dollar highway to Tampa, and the speedway at low tide. St. Petersburg, goldenest orange on the tree, growing faster than any of the rest, with ambitions that end nowhere, and a climate to correspond. For the same with a different tempo, there's St. Augustine, old world, appealing, pleasant, shady, comfortable, a city that even a live board of trade couldn't spoil, and Key West at the other end of the magic carpet. Key West that the train runs boldly out across the sea to get to, marvelous mother of pearl, rose, coral, sapphire sea, with a town at the end that is only itself, and no other, quaint, full of low houses, an American city (perhaps) with a Spanish accent (certainly), and long Key where the tarpon jump—and off the end of Florida, Nassau and Cuba, blue—blue—blue—and gold!" The "looker on" says stay at home? Why? You'll never catch a tarpon in Shelby in January and February—just a cold.

The Afternoon
Division No. 2.
The afternoon division No. 2 of the Woman's club will meet with Mrs. Olin Hamrick on Thursday afternoon February 7th at 3:30 o'clock.

Literary Division
Meets Next Week.
Literary division No. 2 of the Woman's club will meet Thursday of next week instead of this Thursday as was formerly announced. The meeting will be held at the home of Mrs. Olin Hamrick.

Mrs. Fred Morgan "Movie"
Hostess.
Mrs. Fred Morgan was the delightful hostess to a "movie party" on Friday evening at the Princess Theatre to see "Captain Applejack." Her guests were Mrs. Dorton and her attractive visitors from Forest City, Misses Nell and Margaret Young, Miss Robbie Biggerstaff and Miss Hardy.

Mr. and Mrs. Zeb Mauney
Dinner Hosts.
On Saturday evening Mr. and Mrs. Zeb Mauney were delightful hosts at a dinner party. The table with its lovely cover had for a centerpiece a silver vase holding pink rose buds. The invited guests were Mr. and Mrs. Charles Doggett, Mr. and Mrs. Ben Suttle, Mr. and Mrs. Fred Wagner, Miss Keller, Miss Workman, Miss Thorn and Messrs. C. C. Blanton, Jake Rudasill, Bobbie Doggett and Harry Hudson and Mr. and Mrs. Clayton Peeler.

Master Mal and Edwin Spangler
Have Party.
On Friday afternoon Master Mal and Edwin Spangler gave a joint birthday party to a number of their little friends. Games were played and a merry time was spent. Miss Sarah Louise Falls received the prize in the fishing and donkey contest. All the children fished and hooked prizes. After the games they were ushered into the dining room where the birthday cakes were cut and eaten and delicious ice cream and little cakes and candies were served.

Miss Frances Hoyle
Dinner Hostess.
Miss Frances Hoyle was dinner hostess Saturday evening at 6 o'clock at the home of her parents, Mr. and Mrs. Frank L. Hoyle, complimentary to Misses Nell and Margaret Young and Miss Robbie Biggerstaff of Forest City who are the attractive guests of Mrs. J. S. Dorton. A delicious six-course dinner was served in faultless style to the following, Mrs. F. L. Hoyle, Misses Nell and Margaret Young, Robbie Biggerstaff, Carobel Lever, Lenna Newton, Bernice Hamrick, Fay Lutz, Frances Hoyle and Jessie Hoyle.

A Few Fashion Notes.
The new evening gowns, revived use of black, usually in thin materials. Skirts shorter, satin the favorite material for afternoon gowns. Crepe de chine and georgette for summer wear. White to be the color. Scheme in brief, white and black will be very good; white and yellow good too. Simplicity that just clears the verge of affectation will be the keynote as to line. Sleeves, either long or short. Skirts against, ten to 12 inches from the ground. Cats, white and furred. Uncrushable silks will rule the day. Silk alpaca the newest material of all and scarfs, every hue and color.

TODAY—TOM MIX—
Tom Mix, the gallant of the west, in "Eyes of the Forest," one day only. In this picture Mix appears in a new role, essaying an army aviator in the Forest Air Service of California. Mix the dare-devil of the lot does stunts in this picture that appear positively impossible, and he is supported by a star cast.

WEDNESDAY—
Wednesday at The Princess Marshall Neilan presents his story "The Eternal 3." Who is society's most dangerous criminal—the forger, the embezzler, the crook are enemies with whom society can cope, but what of the love thief that steals into the lives of daughters, sisters, wives and crushes them in his skillful arms? Here is a photoplay that pictures modern life fearlessly, dramatically.

THURSDAY—
Jack Holt in "Making A Man." Bigger and better than "While Satan Sleeps" and by the same author. The story of a millionaire who went broke and discovered he had a heart and soul. The kind of virile fighting role Jack Holt reveals in. Peter B. Kyna wrote the story, Jack Holt's taking the leading part—No. Sed. Fox News, additional attraction.

The NEW ESSEX A SIX

Built by Hudson Under Hudson Patents

The smoothness and long life for which Hudson is famous is now shared by Essex. It is an important advantage to bear in mind.

So also is the fact that the Essex "Six" possesses other notable Hudson qualities. It has the same type clutch, the same axles, the same provisions for long life and easy care of all working parts. Essex reliability is retained. Essex economy of fuel, oil and tires is greatly enhanced.

We ask this test—take a ride.

You will enjoy it—that's certain. See how handling is simplified. Starts at the touch of your toe. Steers easily as a bicycle. And how easy gears shift. Easy to park too. Its low center of gravity makes safe and comfortable driving on all roads at all speeds.

Simple to keep in first class condition. Requires little attention. Lubrication for the most part is done with an oil can.

You, too, will say: "the New Essex provides ideal transportation."
