"Buck up"
Square your shoulders to the world.
It's easy to give in—
Lift your chin, a little higher
You were made to win.
Grit your teeth, but smile, don't
frown,
We all must bear our bit—
It's not the load that weighs you
down—
It's the way we carry it.

One of the loveliest parties of the season was that given by Mrs. Paul Webb and Miss Elizabeth McBrayer on Thursday afternoon honoring Mrs. Ben Suttle and Mrs. Wilbur Baber, two of Shelby's recent brides. The decorations were so fitting for the occasion, being hearts, cupid's and darts, and the valentines were truly suggestive of the season. The candles with the red tapers and heart shades lent a soft glow to the rooms, where six tables of five-handed progressive rock was played.

The tables had for their centerpieces lovely vases of red carnations with Cupids applied with red ribbons. The honorees were presented with exquisite Valentines and concealed in these were maderia handkerchiefs and the pictures of the grooms. Mrs. Webb and Miss McBrayer assisted by Mrs. Sather McBrayer, Mrs. Reuben McBrayer, Mrs. O. M. Mull and Miss Emma Frick served an elegant salad course in the valentine colors, followed by a delicious ice course with the red hearts used artistically on the cream.

The "Looker On" Writes of Singers.

In reading about artists, "and singers in particular, outlined in 'Musical America,'" it behooves every one of us, be we artists or just plain every-day folks, in these strenuous times, for our health's sake to follow the rules laid down for these concert stars. Here they are: "No cigarette smoking because it roughens the throat.

No alcoholic beverages.
No midnight parties during working season.

Early rising, because the mind is free and more keen for concentrated study.

Lots of fresh air, because oxygen is a nerve calmer.
Walk briskly on account of the good stimulation.

No loud talking or laughing on the day you sing.

Rest, because it is very vital for poise.

Keep away from annoying, troublesome conversation on the day you sing.

Keep your mind carefree, bright and happy.

Eat dark bread, it is more wholesome and digestible than white bread.

Avoid sweets, rich pastries, ice cream also is bad.

Light supper three hours before singing; choose easily digested food.

Do not mix milk and acids.

Avoid speaking on train because of coal dust.

If not-damn and raining when on tour, take brisk turn on platform when train stops long enough.

If possible, ride backwards, for it less trying on the eyes.

Keep your mind off the length of the trip; it has to be done.

Instead of Cough, if he does not suit your case, try common sense or any science which makes you forgetful of self and your cares. Be sane.

Late News Items Of Rutherfordton County

Rutherfordton, Feb. 1.—Figures tabulated in County Superintendent W. R. Hill's office yesterday showed that the election in this section last Saturday to decide whether the \$200,000 worth of school bonds would be sold and Rutherfordton, Spindale and Hampton would have a new consolidated high school carried by a large majority. Of the 527 who registered, only nine voted against it. Eighty-three were absent, which counted against the bonds, making a total of 425 who favored the election.

To date around \$220 has been raised in the Salvation Army drive for funds in this section. About \$250 was asked for.

Richard Owens was captured late Friday night at Henrietta in Dan Well's store. The latter shot when someone entered his store. Mr. Well was hid awaiting the robber. Owens was slightly wounded. He broke into the postoffice at Ellenboro the same night. He confessed to both crimes. He was lodged in jail, United States Postoffice Inspector W. B. Garrison swore out a warrant here Monday before United States Commissioner, C. B. Justice for Owens. He will be given a hearing Friday. This was the third time Mr. Well's store has been robbed. Other parties have been implicated in the robbery, but so far have not been apprehended.

Judge T. B. Finley, of Wilkesboro, will convene the civil term of the Superior court of Rutherford county here Monday. There is a light docket.

Mrs. John R. Washburn, who lived five miles south of here was buried at Shiloh Baptist church Monday afternoon. She died Saturday noon. She had been ill a year. She is survived by her husband and six children, three sisters and one brother. Dr. Ben Washburn, who is with the Rockefeller foundation in Jamaica and was formerly with the state board of health at Raleigh is her eldest son. J. D., of Augusta, Ga., and James are the other sons. Miss Fannie Washburn, secretary to W. N. Everett, secretary of state, Raleigh; Miss Mary Washburn, prominent school teacher of this county and Mrs. Pearl Champion, of Spindale, are the daughters.

Malcolm J. Sorrels, of Gilkey, one of the county's best known citizens, twenty-five members is the goal set for this year. There will be a number of tournaments this spring, starting February 23.

The political pot is beginning to boil in this county. There is much rumor and under-talk. Republican County Chairman D. F. Morrow has issued a call for the county convention to meet here February 25 to name delegates to the judicial, senatorial, congressional and state conventions. The Democrats are not asleep.

You will notice, however, that these self-made men have wives who were also present.—Fresno Republican.

The Cow And Arithmetic.
"I am not strong on arithmetic," said the cow, "but I can add to the bank account of the man who owns me. I can subtract from the principal of his chances of success. I can divide his cares and worries. I can give more interest to his work. I can discount his chances for loss."

Notice To Readers Of Star In Shelby

The Star has decided to give its subscribers who are served by our boy carriers in Shelby until Tuesday evening February 5th to renew at the rate of \$2.00 per year. After that date the paper by carrier will be strictly \$2.50 per year. This is a slight increase (2c per month) and is brought about by the increase in the delivery service. We have been forced to put on four carrier boys in Shelby in order to handle the papers with dispatch and give better service to our subscribers or send the papers through the postoffice at 1 cent per copy. If they were sent through the postoffice it would cost us \$1.04 per year for postage on each subscription, which is prohibitive. Please renew between now and Tuesday and get the benefit of the \$2 a year rate. After that date the price by carrier in Shelby will be \$2.50. A statement has been mailed all subscribers in Shelby.

If you have a box at the post-office and get your other mail there, we can change your paper from carrier to postoffice and continue it through the office for \$2 per year, but if you have your other mail sent to your home through the postoffice carriers (J. A. Weaver or W. O. R. Putnam) the postoffice will not let these U. S. Carriers deliver them and they must be delivered by The Star's own carrier boys.

Please let us know at once which service you want, the postoffice service at \$2 or The Star carrier service at \$2.50, but remember the postoffice won't serve you with The Star unless you go to the office for all your mail. We think \$2.50 a year is a fair charge for delivery of The Star at your home, but you can get it at the old price of \$2 per year if you renew or subscribe by Tuesday night February 5th.

This message is to subscribers in the town of Shelby only. The old rate of \$2 continues by mail.

Why Are Drugs Standardized?

They are standardized in order to bring about uniform therapeutic efficiency to the patient whenever required. This efficiency is most needed in the sick room—not merely in the laboratory.

What is true of drugs must be true of foods. Purity and efficiency in the can is only part of the problem—purity and efficiency in the kitchen is the true test. The law requires that baking powder contain 12% leavening gas at the time of sale to the consumer. This measure insures uniform leavening efficiency and protects the health of the public.

In order to comply with this fixed standard for baking powder, manufacturers must produce and pack their product so as to avoid the deterioration which may result from absorption of atmospheric moisture. Baking Powder manufacturers to avoid violation of the law, also spend thousands of dollars yearly in testing grocers' stocks and removing "spent" goods from his shelves, in spite of the fact that every possible precaution had previously been taken against deterioration.

With the exception of Texas, the pure food laws are not applied to baking powder mixed with flour at the mill and sold in bags as "Self Rising Flour." There is no penalty on the manufacturers if this fails to "self rise"—the consumer is the "goat"—he is the one that pays the penalty through indigestion and ill health that comes from eating bakings that are not properly raised. The standardization of baking powder is a protection to both the consumer and the manufacturer—who welcomes such laws and co-operates in every way possible. But!

Not so with the self rising flour manufacturer—he resents such laws and fights such legislation. Why? Because a standardization of self rising flour would require moisture-proof containers instead of cheap sacks—because low grade "clears" could no longer be sold as "fancy patent flour." It would also mean he must maintain expert chemical control such as is now maintained by baking powder manufacturers.

Calumet Baking Powder contains only such ingredients as have been officially approved by the U. S. Food Authorities.
