Firemen Have Fire Fun All Their Own

Shelby has a fire department for the firemen, by the firemen and of the firemen. Such was the case Wednesday morning when a dripping gas tank and a back-firing Ford started an exciting little blaze.
Wednesday morning Fireman Mapes Spencer was piloting a Fordson tractor up Washington street and hitched to the rear end of the tractor was

a Ford coupe with Officer McBride Poston trying to get a response from the reluctant motor. As the Detroit pair reached the corner near the post-office Mr. Poston switched on the Ford engine and Ford-like the thing back-fired, the dripping gas tank took up the sudden explosion and the rear end of the coupe blazed up. A hurried call brought "Red" Newman and the big red truck and the S. F. D. was assembled on the post-office corner. A handy fire extinguisher halted the blaze and a scorched inner tube was the principal damage, but had the tank kept on dripping, well—

SOME GOOD BUYS THIS WEEK

We have reduced the price on the J. T. Gardner houses fronting O. R. Hoeyes and are now offering them at a price that we know will sell. These homes are the best located in Shelby, fronting on West Marion Street, having steam heat, four bed rooms, nice bath and on lot 55x165 feet. Terms \$1,000.00 cash and balance to suit purchaser.

On West Warren Street we have the two bungalows fronting the residence of H. F. Young. Both houses have steam heat, bath and other modern arrangements. There are seven rooms with large closets in each of the four bed rooms. The price has been reduced and terms so arranged in that party buying can almost make his rent money pay for the house. Price -- **\$6,500**

On Warren Street we have two of the prettiest lots in Shelby, both lots front North and their location makes either lot very desirable. The 100x200 foot lot is priced at \$3,150.00. The 75x200 is \$2,250.00. Both in exclusive neighborhoods.

Vacant lot fronting South Washington Street on west side, joins the Methodist parsonage, and is a good big lot 66x188 feet. Price ---- **\$2,000**

On Cleveland Springs road there is just one remaining lot of the W. P. Love property. Its 60x175 feet fronts the residence of C. J. Woodson and is priced at \$1,750.00.

We are offering the G. L. Bridges house on Kings Mountain road only three blocks of square for \$3,900.00. It's a five room dwelling with large hall, bath and other conveniences. Can give terms.

In North Shelby we have what is known as the Matt Hord place. It contains a large six room two story house, painted and in good repair. There is a big vacant lot on the south side that goes with the property. The two can be bought at ---- **\$4,000**

Only two blocks of square we have a large two story house with ten large rooms and bath. The price is \$6,900 and we can accept a smaller house or lot or farm as part payment.

There are only a few of the desirable Cleveland Springs property lots left that are for sale. Quite a few have been sold and it is only a question of time when this part of Shelby will be the place to live. The price of a lot 100x200 feet is \$1,250.00 with terms of 1-3 cash—6 and 12 months for the balance.

We believe now a good time to buy Shelby Real Estate. Knowledge gained by years of experience prompts us to make this statement. This knowledge is yours for the asking. We will appreciate your calling on us at any time for real estate information.

CENTRAL METHODIST CHURCH LOT
Fronts on Marion street 65 feet and goes back to Alley 200 feet fronting on Washington Street. There are so many things this property can be used for that we don't mention them, but the price is very reasonable and we want to talk to parties interested.
