

LITTLE "STARS"
Cotton 29 1-2c
Cotton seed 60c

Buys Hord Farm—E. L. Webb has purchased from Cletus T. Hord estate, 44 1-2 acres northeast of the Eastside cotton mill for \$6,048. The trade was consummated yesterday.

Juniors to Meet—There will be a meeting of the Juniors in their hall on Tuesday (tonight) at 7:30. All members are urged to be present as this is an important meeting.

Cupid's Honor Roll—License has been issued recently for the marriage of the following couples: T. J. Grigg and Rosina Hamrick; L. M. Medford and Mary Townsend. Also one colored couple: Chas. W. Costner and Gerogia Leeper.

Moving—C. B. McBrayer has moved into his handsome new home which has just been completed on S. Washington street. G. W. Neely, popular manager of Efrid's is this week moving his family to the Ward Aray house vacated by Mr. and Mrs. McBrayer.

\$18,000 Deal—Real estate trades are flying thick and fast. Charles A. Hoey, Hudson and Essex dealer, has purchased from Arey Brothers, their garage on S. Washington street, occupied at present by J. W. Spangler. Exide battery station for \$18,000. The lot is 50x200 with brick building on half of it.

Church Services—There will be services in the Presbyterian church Wednesday afternoon at 3 o'clock and Wednesday night in interest of the progressive program of the church and for benevolent causes. Minister, conducting these services will be Messrs. Henderlite, Tate and Drennan.

Mechanical Cow—One of the most interesting exhibits in connection with the milk campaign is a mechanical cow in the Farmers Hardware Co., show window. The device belongs to M. G. Mann of Tarboro and is said to have cost \$1,000. The cow is shown eating and giving milk, while to the background is a changeable bulletin, teaching the value of milk as a human food.

Just Copper Again—One of the neatest made copper stills seen in this section was captured in No. 11 township on Sunday afternoon by Deputy Sheriff Summey Canipe and Prohibition Officer P. A. Hoyle, who brought the outfit to Shelby Monday morning. The still, cap and worm were made of the best copper and perfect in every detail. No one was captured with the still.

Sacred Concert—The first of a series of sacred concerts was given at the First Baptist church Sunday evening at 7:30 by the Shelby Choral society. There were no services at the other churches and the Baptist church was comfortable filled despite the inclement weather. The program as a whole revealed good training and exceptional talent and much interest is being shown in Shelby's new dramatic organization.

Glimpse Wild West—The "Ride 'em Cowboy" show, or "Tom Howard" rodeo, which was presented here three days last week under the auspices of the local American legion post, proved a success. Every program, picturing the life of the fast-fading west of other days, was largely attended. The daring riding of Howard and his associates along with the other features furnished quite a number of thrills and laughs.

Real Estate Deal—W. C. Harris and Co., announce the sale of the Shelby Grocery Co., real estate fronting West Warren street and extending along the Southern railway tract to Carl Thompson. The consideration is with-held for the present. Mr. F. O. Gee, manager of the Shelby Grocery Co., says the sale of the real estate in no way affects the wholesale grocery business which continues at the same stand.

Dick Burrus Traded—Dick Burrus, first sacker for the Columbus Ohio club of the American association who is well-known here, has been sold to the Atlanta (Crackers) club of the Southern league according to an announcement Sunday. Burrus a native of Hatteras, this state, was a baseball star at State college and was a room-mate of Johnny Hudson, whom he has visited here on several occasions. The two played together at Columbus.

Find A Weevil—For sometime Southern newspapers have been carrying on a controversy as to whether or not the weevil has survived the recent cold weather. The majority of seem of the opinion that they do, but the only reason given for this Arctic disposition is that the weevil is a weevil. Where do they hibernate and how do they manage to pass unscathed through the wintry blasts? The State college extension service would like to have a live weevil and a description of where and how it was found. The Star wants a dozen of the "brats" and will pay ten cents each for them, and in addition after inspecting the weevil will give a story on how to lessen your coal or wood bill, that is if you can live like Senor weevil. Uncover one and bring it in.

Mr. Louis Ferguson of Lancaster, S. C., spent the week end here.

Mr. Harvey Jiteno of Charlotte was a Shelby visitor for the week end.

Mr. Mason Spencer was a Sunday visitor in Rock Hill, S. C.

Mr. Scott was one of the most prominent men in North Carolina and his funeral was the largest Mr. Miller ever attended.

Central School Program On Tuesday Evening

Play And Recitations To Be Given In Connection With County-Wide "Milk-for-Health" Campaign.

The first local program in connection with the county-wide "Milk-for-Health" campaign will be given at 8 o'clock Tuesday evening in the Central school auditorium. The school children of Shelby as well as in the county have already evidenced their interest in the campaign by the part they have taken in the poster contest and the program Tuesday evening will be put on by them and others for the purpose of interesting the parents in the beneficial results of a successful milk campaign. Although it is desired to have the children present, parents are urged to attend Tuesday evening program, which is as follows:

- Community Singing by all.
Recitation by Student.
Short Play by students.
Explanatory talk and introduction of speaker.
Talk by Miss Maude E. Wallace, assistant state demonstration agent.

Something New.

Works like lightning, swift and sure. Handwork applied in a jiffy, making the prettiest trimmings and edgings for dresses, rompers, collar and cuff sets, etc., especially well adapted for children's clothes. Pretty color combinations in yarn, pearl cotton, or silk may be used also soutache braid.

A small attachment applied to your machine and in five minutes you can have a new collar and cuff set, lace and trimming applied at same time. Come and see this little wonder demonstrated all this week at Gilmer's Inc. Ad

Household Economy

In many well conducted homes the housewife is given an allowance for expenses. Where this is deposited and payment made against it by check a more business-like administration of household economy is assured. The officials of this bank will give assistance to women depositors needing counsel and guidance along financial lines.

HOUSEHOLD SAVING

Can certainly be effective by the use of a bank account. It is profitable, accurate and convenient. It verifies the payment of bills. Many women are using our check payment plan and saving money thereby. As This Is A Household Article we want to say a word about the

MILK CAMPAIGN

Now on hand in Cleveland County. Good Housewives know the value of milk as food. See that your children get plenty of good milk and butter. If you keep a cow, try to keep the best, healthiest cow you can find. If you don't keep a cow, investigate the source of your milk supply and know that you are supplied by a dairyman who has healthy tested cows, kept in a sanitary manner.

We are heartily in favor of any movement to place more and better cows in Cleveland County and wish for a great degree of success for

CAPITAL AND SURPLUS HALF A MILLION DOLLARS.

Something is decidedly wrong with people who "go to pieces easily." It is not natural for one to "fly off the handle" when things do not go exactly right. This is so-called "nervousness" and it should be corrected at once.

ARE YOU "NERVOUS?"

So-called nervous people have imperfectly working nerves, caused by an obstruction in the nerve circuit. Chiropractic offers permanent relief because it corrects the cause of the trouble. Results are positive.

CONSULTATION COSTS NOTHING

We take the greatest pleasure in explaining and proving what Chiropractic Adjustments have done and can do. We will make a free analysis of your case and tell you frankly whether or not Adjustments would be beneficial to you.

FIRE STRIKES ANDERSON PLANT AT ROCK HILL, S. C.

Damage estimated at from \$25,000 to \$40,000 was done in Rock Hill, S. C., Friday by fire in the woodworking department of the Anderson Motor Company. The loss is covered by insurance. Car production, it was said, will be slowed up for at least two weeks as it was in this part of the plant that all wood work for automobiles was milled.

Is every thing ready for the rush of work this spring? How about the seed, the implements and the work stock? It's too wet to plow now but a mighty good time to make plans, say extension workers of the State college. About fifteen thousand rural boys and girls in North Carolina obtained benefits from organized club work last year. The number should be larger this year.
