

Now Ready For More Business

I am now in new quarters,—the Dudley building,—where I carry at all times a beautiful line of plumbing and heating fixtures set up for your inspection. Look them over and see what you get.

My motto is prompt and polite service and I have the best organization I have ever had, men with experience who do good work on any job entrusted to me.

W. H. YEAGO, steam fitter, par excellence. Without a doubt Mr. Yeago is the best in this section on steam fitting. Absolutely thorough and capable.

R. T. JENKINS, journeyman. One of the best in the state. Years of experience justifies my guarantee of any work he does.

F. M. DALE, sheet metal worker. Mr. Dale has worked in Atlanta and Asheville and can do any sheet metal work job to perfection, large or small.

J. G. DUDLEY, Master plumber. I have been in the tinning business for 17 years, in plumbing for 15 years and in heating for 4 years.

Estimates cheerfully made on any job you desire.

J. G. Dudley

Heating and Sanitary Engineer.
Sheet Metal Worker.

MOSS IS CHAMPION WALKER OF GROVER

On a Wager of \$5 Walks to Blacksburg and Back in 2:28. Road Improvement.

Grover, Mar. 12.—Grover was visited by the second snow of the season yesterday. This morning was fine rabbit weather if the season had not been so far advanced.

Mr. D. A. Moss is the champion walker of Grover. Last night at nine o'clock he left Grover on an offer to walk to Blacksburg and return in three hours. He walked the distance of ten miles in two hours and twenty eight minutes spending 6 minutes of the time in Blacksburg. The snow seemed to be little in the way of Mr. Moss who, we understand agreed to make the same trip immediately on his return for ten dollars. He received five dollars for the first trip. Mr. C. E. Byers is reported to have started on the same trip a few hours sooner but his legs gave out and his heart failed him when he was about 2 miles out and he caught a car back to town much worse for the wear.

Miss Vada McMurray of the Grover High school faculty was called to her home at Columbus, N. C., today on account of the death of an aunt. We extend to Miss McMurray and family our sympathy.

Miss Mary Deal has been right sick for several days at the home of her sister, Mrs. R. P. Roberts, where she makes her home.

Mr. and Mrs. Frank Oats of Rutherfordton visited relatives in Grover last Sunday.

Mr. J. F. Dickson spent a part of last week in Charlotte where she visited in the home of her son, Mr. L. B. Dickson.

Mr. and Mrs. C. E. Byers were in Gaffney Sunday to attend the funeral of Mrs. Byers' brother-in-law, Mr. R. A. Bonner, who died at his home in Gaffney of pneumonia last Friday.

The town authorities have been opening and repairing the road along the south side of the railroad so as to turn part of the through traffic to that side and cut out two crossings in Grover for those who are going through. The railroad company has moved the section house which stood just at the upper crossing, to the north side of the highway making it possible to make this change in the road and also making the crossing much safer for the southbound traffic.

There will be services at the Baptist church next Sunday morning and at night. Everybody is invited to attend these services.

Buying Radio Sets In Casar Section

Mrs Sarah Woriman Died Wednesday Farming at a Standstill Because of the Bad Weather.

Special to The Star. Casar, March 12.—As I have not seen any news from Casar for some time will write a few lines.

The people in our section are not farming very much this week as it is too wet and cold to do anything, but cut wood and breathe fresh air. Mrs. Lawn Brittain, and Mrs. Dock Wright attended the funeral of their aunt Mrs. Nance Mace at Lincolnton Tuesday.

Born to Mr. and Mrs. Sidney Cook Monday morning March 10 a fine daughter.

Messrs Frank Morrison, Miller Newton and Rev. J. F. Weathers have recently purchased radio sets.

Mr. Andrew Costner has been very sick; but better now we are glad to

note. Mr. Ras Potent has moved this week from near Pisgah church on Dr. J. F. Buff's place to L. H. Bumgardner's place. Mr. Irvin Parker is moving in the house he left vacant. Mr. and Mrs. Bailey Weathers visited their uncle Mr. F. R. Ledford Sunday.

Mrs. Pink Peeler has moved back home to live with her mother, Mrs. Sarah Buff.

Mrs. Minnie Mace visited relatives and friends in Shelby last week.

Mr. Charlie Cook's little daughter Bessie is very sick, we hope she will soon be well again.

Messrs Bill Newton and Ophus Newton are building new bungalows on the Shelby-Casar graded road.

Mrs. Sarah Wortman of Casar died Wednesday night after a long illness.

A Valuable Campaign.

Gastonia Gazette. The milk campaign recently held in

Cleveland county was successful in every respect. Valuable publicity was gained for the county through the milk campaign and invaluable good done in the education of the school children on the advantages of a milk diet. The Star says:

"The dairy industry is growing rapidly in Cleveland and with tuberculosis wiped out among our cattle and an ample supply of milk, the coming generation of children should be healthy and strong. Sickness will always be among us, but by the proper safeguard of health, it is possible to reduce doctor bills and suffering. The milk campaign will have a wonderful effect."

THE CLEVELAND STAR HAS A CIRCULATION OF 3,600 PAID UP-TO-DATE SUBSCRIBERS. IT WILL PAY YOU TO USE THE COLUMNS OF THIS PAPER WHEN YOU HAVE ANYTHING TO ADVERTISE FOR SALE.

THE STAR'S COLUMN FOR THE FARMER

—LATE FARM BRIEFS—

Painting Posts. Did you ever pass a farm and see the owner of the farm dipping posts in a reddish fluid before planting them around his pasture for the wire to be stretched on? Those painted posts added to the appearance of the pasture when they were erected, but is that why they were painted? No, every farmer that reads this column knows that those posts were painted for preservation. That reddish fluid added years to the life of the pasture fence.

There are many such pastures in Cleveland county. The county would not be one of the leading agricultural counties in the state if there were not such pastures. Yet many of the farmers who believe in adding to the life and appearance of their pasture fences have unpainted farm homes, barns and outbuildings. Why not apply the paint principle of preservation and appearance to the farm home and barn as well as to the pasture fence? The county board of agriculture is sponsoring a movement—the Paint-up Campaign—to answer this question, and if the amount of paint being sold by local paint dealers is to be taken as an omen, there will be many newly-painted farm homes and barns in Cleveland county by the last showers of April. Your neighbor is painting up. Will your farm "step out" Easter?

Ten years ago this month, Dr. R. Y. Winters and County Agent Zeno Moore planned and had planted the first cotton variety test in Edgecombe county. This county now leads the state in the production of good seed.

Scratching Family Tree.

Noah might have had a few chickens on the ark and the Pilgrims on the Mayflower may have had eggs for breakfast, and perhaps Plymouth Rock was first scratched by pullets from Old England. Anyway, "Buck" Archer has a setting of eggs that has a family tree extending almost back to the pumpkin and chicken dinners of our Pilgrim forefathers. Ordinarily when an egg is old enough to have a history it is good for nothing except ammunition for those who like to assault bum actors. But "Buck" is proud of his eggs. He has a chaff made by the owner that traces them back through eight generations of high producers hens that lay over 300 eggs per calendar. The eggs are Single Comb White Leghorn and bred from Clover Crest Tanager King by the owner of the Tanager flock, Douglas Tanager, of Kent, Wash. "Buck" has placed the eggs in the custody of a motherly hen and expects before many moons to have some ninth generation Tancred chicks promading in his poultry yards and so proud of their ancestry they will not chack with the other chickens.

Organize Calf Club.

A meeting of Mecklenburg county boys and girls and their parents has been called for 10 o'clock Saturday morning at the Charlotte chamber of commerce for the formation of the Mecklenburg Jersey Calf Club.

Weekly Farm Market.

"They were packed in like sardines," was the way one Mecklenburg county club woman expressed the patronage of Charlotte householders at the weekly market last Saturday in the basement of the court house, conducted by the county federation of home demonstration clubs.

Approximately \$200 of farm produce was sold, the greatest amount of any week since the market was opened two months ago. The small kitchen of the home demonstration agent was crowded almost all the four hours the market was in operation, leading the county women to express the desire that steps would soon be taken for an adequate market house.

A large display of produce was arranged for the market, practically all of which was bought.

Of Great Value.

Rutherford Sun. The "Milk for Health" campaign which was conducted recently in Cleveland county proved of great value and was a success. People are realizing the food value of milk as never before. Better milk comes with better cows. Milk is a good health builder. Let every home arrange to have good milk.

QUICK WORK SAVES MR CARPENTER'S HOME FROM FIRE

Lincoln County News. Quick work on the part of boys saved the home of Mr. Ephraim Carpenter near Lincolnton on the Long Shoals road from fire Sunday afternoon. About one o'clock Mrs. Carpenter seeing the fire gave the alarm and boys standing nearby ran to the house, climbed upon the roof and with the aid of the family, formed a bucket brigade and soon had the fire under control, it burning a large hole in the roof. Mr. Carpenter who was in town today said the damage by water from the snow and rain Sunday night was more than caused by the fire.

IT IS NOT NECESSARY

THAT YOU GO OUT OF TOWN TO BUY FURNITURE AND HOUSE FURNISHINGS.

You'll find here just what you'll find in the larger towns. You'll find here a most complete line of high class furniture and house furnishings. Come to see us.

VIRTUOLO THE SUPREME PLAYER PIANO

The home attractive for every age

A PLAYER PIANO on which any member of the family can play without effort and with true musical expression—that is the Virtuolo. It can be in your home tomorrow, selected by you from the many beautiful models displayed on our floors. And if you have a silent piano, we will take that on exchange.

—the greatest imaginable variety of classical and popular piano compositions. Every piece is rendered in tones that are pure music. Whoever plays can instantly subdue or emphasize any part of the harmony by the slightest touch of the expression-levers.

Many superiorities

The Virtuolo is the ideal instrument for the accompaniment of songs and instrumental pieces. The tempo lever assures you perfect unison, no matter how dashing the music. Many of the accompaniments have the song words written in plain view on the rolls.

With this richness of tone, this responsiveness and this incomparable ease of playing the Virtuolo is also of the utmost strength and simplicity of construction—proof against all troubles. It is the product of nearly a century of fine piano making, one of today's most marvelous attainments.

The most artistic player

The Virtuolo brings music for every age, for every taste, for every occasion. It plays all player rolls

Come to our display rooms and play a Virtuolo yourself—play all the models and select yours.

The Virtuolo player piano comes in these famous makes: Hallet & Davis Pianos at \$685 and \$750, Conway Pianos at \$550 and \$595, Lexington Piano at \$495
