OVER TWO HUNDRED EGGS IN SAME NEST

Two hundred and eighteen eggs in a single nest was a recent find at the farm of L. O. Moseley, between Kinston and the Greene county county line. Every egg proved to be fresh. They were laid by black Minorca hens. The nest was hidden under a dairy building on the farm.

A year ago the nest was discovered.

There were 117 eggs in it at the time. They were removed and simple means taken to eradicate the nest. But a short time ago it was discovered that hens were again frequenting the spot, and investigation was made. A plank was ripped out of the floor of the dairy building and more than 18 dozen select white eggs revealed to view all in the same spot.

MONROE COTTON MILL IS SOLD AT AUCTION FOR \$126,000

Bearskin cotton mills at Monroe were sold Saturday at receivers sale, the high bid being \$126,000, Mr. C. C. Coddington, of Charlotte, who is sales agent for North and South Carolina of Buick automobiles, had the property knocked down to him, there being other bidders from Laurinburg, Bennettsville and Charlotte. Mr. J. G. Rogers, the auctioneer, had difficulty in getting a first bid, but after a start of \$50,000 the auctioneer had no trouble in securing \$1,000 bids at a clip. The Bearskin mill is practically new, equipped with 5,000 spindles, and homes for operatives comfortable and above the average. The mill originally cost \$277,000. No doubt the bid of Saturday will be raised within the 10-day limit for raised bid.

Blinding Headaches

"For about twenty years," says Mr. P. A. Walker, a well-known citizen of Newburg, Ky., "one of our family remedies has been Black-Draught, the old reliable. . . I use it for colds, biliousness, sour stomach and indigestion. I was subject to headaches when my liver would get out of order. I would have blinding headaches and couldn't stoop about my work, just couldn't go. I used

and it relieved me. "About eight years ago my wife got down with liver and stomach trouble. . . We tried all week to help her. . . but she didn't get any better. One day I said to the doctor, 'I believe I will try Black-Draught, it helps my liver.' He said that I might try it and to follow directions. She was nauseated and couldn't eat or rest. She began taking Black-Draught and in two days she was greatly improved and in a week she was up." Try Black-Draught. It costs only one cent a dose. Sold everywhere. E-99
