a few intimate friends and relatives. Prior to the ceremony Mrs. Grady Lovelace sweetly sang "At Dawning" accompanied at the piano by Mr. Grady Lovelace, who played the wedding march from "Lohengrin". The bride and groom entered together and Dr. Lemons performed the impressive ring ceremony. The hall, parlor and dining room were artistically decorated with a profusion of peach blossoms, jonquils and plum blossoms. The soft glow of the candle light made the scene one of beauty and long to be remembered. Mr. Lovelace softly played "To a Wild Rose", during the ceremony.

The bride, who is very handsome and stately, was lovely in a midnight blue satin back crepe and coat to match with squirrel trimmings. Her hat was a small model of black and accessories to match. Her bouquet was an old fashioned shower bouquet of brides roses and valley lilies. The bride is one of the attractive members of the social set in Shelby, very popular, and a talented musician. The groom is a son of Mr. D. Augustus Beam and is one of Shelby's most popular men in the social and business life. Dr. and Mrs. Beam left after the ceremony for a motor trip after which they will be at home for the time being with Mr. and Mrs. Kendall. The out-of-town guests for the wedding were: Dr. and Mrs. C. M. Beam, of Asheville; Dr. and Mrs. Kemp Funderburk, of Monroe; Mr. Speight Beam of Charlotte; Mr. Robert Beam of Albemarle; Miss Fan Barnett of Gastonia; Mr. and Mrs. Barnett Cabanis and Miss Martha Wray Cabanis of Charlotte.

The following announcements have been issued: Mr. and Mrs. Kemper Kendall announce the marriage of their daughter May to Dr. A. Pitt Beam on Saturday, the fifth of April, nineteen hundred and twenty-four, Shelby, North Carolina.

Smallpox Cannot Be Quarantined By Law

Some of the physicians have received letters from anxious ones wondering why the few cases of smallpox have not been quarantined. Dr. Ben Gold, county physician, calls attention to the fact that there is no quarantine law for smallpox. Since schools require all children to be vaccinated and since vaccination has proved a sure preventative, the state does not consider it necessary to quarantine few cases that might develop. Although this winter there have been reported not over fifteen cases of smallpox throughout the county. Measles has been on the rampage, but this disease is on the decline, few cases being reported as the Spring weather comes on. Many of schools were interrupted by measles epidemics, but there were fewer complications following this disease than ever in the history of an epidemic of this kind.

HOLDUP FRUSTRATED BY TELEPHONE GIRL

An alarm sounded by Miss Margaret K. Genter, a telephone operator, frustrated a holdup late Monday of the First National bank of Elmgrove, a suburb of Wheeling, W. Va. The bandit taking flight was wounded by a shot fired by a member of the posse. Bank officials declared that only \$50 was missing but \$2,000 was found in the man's clothing when examined at a hospital according to the police. The man refused to give his name. The bandit had stacked \$12,000 in currency on the bank counter after holding up the employees at the point of a pistol. Seeing the approach of the posse he grabbed a handful of bills as he ran from the bank.

SOUTHERN PREPARING TO HANDLE PEACH SHIPMENTS

Two miles of "passing" side tracks are to be built on the Yadkin road between Salisbury and Norwood in order to accommodate the large peach shipments that are to be handled over this road during the coming season. It is estimated that 1,600 car loads of peaches from the famous North Carolina orchards will be handled over this line during the season. All of these cars will be tied at the East Spencer ice plant and will be handled at night in order to catch fast freights over the Southern early in the morning.
