

What Your Daughter's Chum Must See

VACATION time... home coming... the sharp-eyed little stranger... how many a daughter finds her social standing strengthened or impaired by her guest's impression of the home she lives in.

Your daughter who loves her home so well can see nothing but beauty in it, but you can't expect her guests to overlook the unlovely truth of dingy, dull or shabby floors.

If you have a single floor that lacks character or beauty, do not let it go another day without Devco

Marble Floor Finish Varnish. Pale, clear, translucent, it dries quickly with a brilliant, durable gloss that adds materially to the beauty of the floor.

This Coupon is Worth 40 Cents

Fill out this coupon and present it to us within 30 days. We will give you Free a 50 Cent can of any Devco Paint and Varnish Product you want, or a reduction of 40 Cents on a larger can. Your Name, Address, Town, State, Devco Agent's Name 5-21

AREY DISCUSSES CREAM TROUBLES

Dairy Specialist Tells How To Avoid Some Of Them. Summer Trouble Causes.

By J. A. AREY.

Each spring there are certain conditions which are likely to cause the cream producer considerable trouble if proper measures are not taken to avoid them. Sometimes this results in a misunderstanding between the cream seller and the cream buyer.

With the arrival of spring a decrease in the cream test usually occurs. The responsibility for this is often placed on the creamery management, although upon investigation it will be found that the conditions which bring it about are to be found on the farm and not in the creamery.

A large number of cows freshen during the spring months and this, together with the turning of cows on fresh pasture, causes a marked increase in the milk flow and a corresponding decrease in the fat content. Under such conditions the dairyman can expect a decrease in his cream test although no changes have been made in the methods of operating his separator.

The thing that the cream producer should be primarily interested in is not the individual test, but the total number of pounds of butter-fat that the creamery gives him credit for per month. During periods when low cream tests prevail, caused by a large volume of lower testing milk, the low test will be offset by a corresponding increase in the number of pounds of cream obtained.

A rising temperature with the coming of spring is another condition that the dairyman must be prepared to meet or his cream will become too sour and begin wheying off before it reaches the creamery. Good butter cannot be made from cream in this condition.

How To Avoid Trouble.

The following are suggestions that will aid the dairymen in avoiding cream troubles that are common at this season of the year.

- 1. Keep the milk as clean as possible and free from undesirable odors. 2. Take the cows out of the pasture at noon if it is infested with wild onions or any other weed that will give an undesirable flavor to the cream. 3. Set the cream screw so that a cream testing from 30-40 per cent butterfat will be delivered. A cream containing a low percentage of butterfat sours more quickly than one rich in butterfat. 4. Cool cream immediately after separating by placing container in cold water where it should be held until delivered to the creamery. Warm cream should be cooled before mixing it with cream from a previous skimming. Cream should be stirred at least twice a day in order to prevent it from becoming lumpy. 5. Wash and scald all milk vessels and the separator after each use. 6. Cream should be delivered three times a week during the summer months.—J. A. Arey, Office of Dairy Extension.

If you want a quick and satisfactory adjustment then give your liability insurance to C. J. Woodson, who has had a longer experience in handling losses of every sort than any agent in Western North Carolina.

(NOTE: Dr. Pierce is president of the Invalids' Hotel, Buffalo, N. Y., to which for 50 years past chronic sufferers have been coming for specialized treatment from all over the U. S. A., Canada and foreign lands.)

Will Undo Much Evil By Dr. V. M. Pierce

Knowing the vast amount of harm wrought by diseases of the kidneys, and having had opportunity to observe the analyses and the successful methods of treatment in thousands of cases of kidney trouble at the Invalids' Hotel, I have recently given to the public the latest and perhaps most important of the Dr. Pierce home remedies, "An-uric" (anti-uric-acid) Tablets, which I now recommend to those who suffer with kidney backache, irregularity of menses and the pains and disturbances that come from excess of uric acid in the blood.

"An-uric" can be had now at all the drug stores. The mere drinking of a cup of hot water each morning and a little "An-uric" before every meal should bring remarkably quick improvement. You may have kidney trouble and not know it. The danger signals to be watched for and quickly heeded are backache, depression, aches, pains, heaviness, drowsiness, dizziness, irritability, headaches, chilliness, rheumatic twinges, swollen joints, gout.

Former Shelby Pastor Dies In Greensboro

Rev. Hugh M. Blair, Long Editor Of Christian Advocate, Passes Away. Funeral Tuesday.

Greensboro, May 20.—Rev. Hugh McLeod Blair, aged 69, well known throughout the Southern Methodist church because of his 19 years as editor of The North Carolina Christian Advocate, died at his home here Monday morning following an illness of four months.

He was born in Caldwell county and educated at Rutherford college, finishing there in 1875. For 41 years he was in the ministry serving as pastor at Chapel, Shelby, Mount Airy and other places, his last pastorate being at Greensboro, near here, from 1912 to 1919. From the autumn of 1919 he acted as editor of The Christian Advocate, another year he acted as editor. During his editorship he saw the paper grow from a small circulation until, when it was consolidated with The Raleigh Christian Advocate in 1919, it had a circulation of 25,000.

He leaves his wife, who was Miss Laura Rameur of Lincoln county; a brother, H. J. Blair, of Phoenix, Ariz.; two sisters, Mrs. Margaret Allred and Mrs. Sarah Oxford, of Taylorsville; and a daughter, Mrs. Eva Howell, of Terrell.

Funeral services were held at West Market Street Methodist church Tuesday afternoon at 3 o'clock and interment was there.

Boll Weevil Blues. 1924 Version.

Gawd makes the bees An' de bees mak' de honey, Niggah an' mule mak' cotton—White folks git's de money.

Boll weevil's a hidin' Hisself in de wood, Takin' things easy 'til De cotton's growin' good.

If dis summer's gwine To be mighty dry Ole Boll Weevil will Hab to draw up and die.

As it rains a heap, And jest stays wet, De ole Boll Weevil Will get de crap yet.

How it's gwine to be Dere's no way to tell, We mought get rich An' we mought ketch hell.

I'm got de blues— Hab Boll Weevil blues.

On the first of the month we are always reminded of that poem "The California woman had her hair bobbed on her hundredth birthday, all of which goes to show that it isn't the first hundred years that counts."

SAVED FROM AN OPERATION

Mrs. Shaw Calls Lydia E. Pinkham's Vegetable Compound a God-Send to Sick Women

Cambridge, Maine.—"I suffered terribly with pains and soreness in my sides. Each month I had to go to bed, and the doctor told me I simply had to go under an operation before I could get help. I saw your advertisement in the paper, and I told my husband one day to get me a bottle of Lydia E. Pinkham's Vegetable Compound. Before I took the third dose I felt better. I took it four times a day for two years, getting better all the time, and now for four years I don't have any pains. After taking the medicine for two years I had another child—a lovely baby girl now four years old—the life of our home. I do praise this medicine. It is a Godsend to women who suffer with female troubles and especially for pains at the periods. I surely was very bad once, and I know that Lydia E. Pinkham's Vegetable Compound saved me from an operation."—Mrs. JOSIE M. SHAW, Route No. 1, Cambridge, Maine.

A country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound reports 93 out of every 100 were benefited by it. For sale by druggists everywhere.

NOTICE TO CREDITORS.

Having this day qualified as executor of the will of G. L. Moore, deceased, late of Cleveland county, notice is hereby given to all persons holding claims against said estate to present them properly proven, to the undersigned at Grover, N. C. or B. T. Falls attorney, Shelby, N. C., on or before the 15th day of April, 1924, or this notice will be pleaded in bar of any recovery on same. All persons indebted to said estate will make immediate payment to the undersigned. This the 18th day of April, 1924. J. H. MOORE, Executor G. L. Moore's Will.

LYNCHBURG COUPLE RELY ON TANLAC FOR HEALTH

Mr. and Mrs. Unrue Turn To World's Greatest Tonic Whenever They Feel Need Of A Tonic.

Among the thousand of people everywhere who have come to rely upon Tanlac to keep up their health and strength are Mr. and Mrs. P. D. Unrue, 901 Eighth St., Lynchburg, Va. Speaking for himself and wife, recently, Mr. Unrue said:

"Whenever my wife and myself begin to feel the need of a tonic we get Tanlac and are soon back to normal health again. Stomach trouble had made life miserable for me for a long

time. Gas pains after eating, constipation, bad nerves and loss of sleep made me feel so bad I could hardly pull through my day's work.

"A few bottles of Tanlac did away with my troubles and had me feeling well and fit again. Tanlac has proved of great benefit to my wife, too, and I believe it will help anyone who gives it a fair trial."

Tanlac is for sale by all good druggists. Accept no substitute. Over 84 Million bottles sold.

Tanlac Vegetable Pills For Constipation. Made and Recommended by the Manufacturers of TANLAC.

Use the handle for your protection

You can select a good oil two ways. By making elaborate tests for yourself or by asking by name for a brand that has been tested and accepted by a whole generation of motorists and engineers. Think of the time, expense and uncertainty that you save by asking for "Standard" Polarine.

A name is a convenient handle by which the public reaches for and gets the product it wants. All good motor oils have names. The handle is there for your convenience and protection—use it, please.

You never say "Give me a package of cigarettes" or "a tube of tooth paste." You know what you like and you ask for it—by name. It is to your advantage to buy oil only by name. It prevents substitution. It guarantees uniform quality.

There are several good oils, but none any better than "Standard" Polarine. It is the standard among lubricating oils and has been so for many years. It is still growing in favor. It is an honest oil.

STANDARD OIL COMPANY (New Jersey)

Buy the best oil but buy it by name—and the name is "Standard" Polarine

"STANDARD" Polarine

A definition—

"Standard—Any type, model, or example for comparison a criterion of excellence."—Funk & Wagnall's Practical Standard Dictionary
