

PETERSON PROMISES HIS SUPPORT TO FRANK GRIST

C. J. Peterson one of the eliminated candidates in the primary race for commissioner of labor and printing, has forwarded the following letter to Frank D. Grist, surviving aspirant, who will continue in the race in the runoff contest, promising his support to the Lenoir man in the second primary:

"Believing, as you know, that too long tenure of office is detrimental to the best interest of the public and unfit for other aspiring and worthy citizens, I pledge my support in the coming primary and believe that my friends who supported me so loyally will also, for the most part, render you likewise their hearty support, believing that you will be nominated, and that you will serve the state in the same unselfish and loyal manner that you served the nation in its hour of need."

Junior Order Notes.

Shelby Council No. 435 met in their hall in the Webb building last Tuesday night June 9, and voted to meet every Tuesday night. All Juniors of Shelby and members of other councils are requested to meet with us as often as possible as there is a great work for us to do in these days to protect our shores and flag. We are having a fine attendance and are hearing some fine patriotic speeches. Don't forget, every Tuesday night.

YORKVILLE STRONG FOR SUMMER BALL

Yorkville Enquire. "Speaking of league baseball for Yorkville this summer," remarked J. H. Carroll, "if we could just persuade Harry Neil to manage the thing I am sure that the people of the town and the community would cheerfully put up the money to have a team here. It seems to me that four town circuit consisting of Yorkville, Gastonia, Shelby and Gaffney would be the thing and I don't think it would be much trouble to get the other three interested. That would mean a circuit whose members are within a radius of thirty-five miles or less. One of the biggest costs in connection with the team here last year was the matter of transportation and other traveling expenses. I believe that \$1,000 would be sufficient to put a good team in the field for this town—certainly the cost would not be as great as last year. If Mr. Neil would just take the thing in charge I am satisfied the people would back him to the limit."

LINCOLN COUNTRY CLUB FORMALLY OPENED JUNE 10

Lincolnton, June 12.—The Lincoln Country Club was formally opened Tuesday afternoon with a golf tournament, tennis matches and a genuine old time barbecue. Members of club and their friends several hundred strong, were there to enjoy festivities of the opening day.

The club property, situated about two miles from the city on the hard-surfaced road, is easily accessible and is ideally located. The tract comprises 75 acres and extensive improvements on the house and grounds are under way. The golf course will be one of the finest in the state.

The Lincolnton Country club was incorporated some months ago with the following officers: president, J. A. Abernethy; vice president, E. C. Baker, secretary, J. W. Mullen; treasurer, Thos. C. Abernethy, Directors, J. A. Abernethy, E. C. Baker, R. M. Michael, A. L. Quickle, Dr. L. A. Crowell, Herbert Miller and Thos. C. Abernethy.

Laugh.

"Do you know why God made little children, puppies, frogs, fat men and dignified people? It was that they might incite the world to laughter! No man can be had who laughs heartily. No Kiwanis club which goes about its work as solemn as the fat wife of a mayor leading the grand march of a fireman's ball can get very far with men.

Laughter is the best desert for any luncheon. Let us live, laugh and love during the luncheon, and thus be ready to digest the serious thoughts of the speaker who follows. He will be listened to with all the more respect because the luncheon was so good an outlet for joy.

Young Cyclone Hits County Of Lincoln

Lincoln County News. A terrific windstorm accompanied by rain and some hail visited the western section of Lincoln County and adjoining communities last Monday afternoon about 4 o'clock, and for half an hour residents of that section experienced a young cyclone in action. Buildings were blown down and unroofed, trees and crops badly damaged.

The Mt. Vernon Church in the three corner section of Lincoln was blown to pieces, being completely demolished.

Fred Wright's grainery was blown off the foundation.

The barn of Scott Miller was torn down by the terrific breath of the storm. Luckily two mules in the barn escaped injury but for slight scratches. Other damage included destruction of Boulah Church in Catawba County, which is in the same section.

Reports from other counties west of Lincoln brings news of destruction by the storm. Mr. K. B. Nixon who was in Rutherfordton Monday night reports that many large trees were twisted and broken by the storm there.

COTTON LOOKING FINE IN VICINITY OF WADESBORO

Wadesboro, June 12.—Cotton is looking fine in the county. Good stands have generally been secured in all sections. The cool nights are not usually considered favorable to the growth of the plant, but the prospects appear most encouraging, considering the rather late spring. About the usual acreage has been planted in this county.

The corn crop also looks good, and in some sections good crops of wheat and oats have been made.

"You want to follow this chart!" "WHAT'S the good of a scientific lubricating chart," says the experienced Fleet Boss, "when you don't take the trouble to follow it. You ought to use medium in Winter and heavy in Summer, watch your transmission grease and use a real flushing oil when you drain your crank case. Car and oil engineers together have figured out the chart. I use it for every model in the fleet—you ought to be just as careful." Fifty-four years of experience in studying lubricating problems and specifying the right lubricants are back of the "Standard" Polarine Chart. For car, truck or tractor—motor, transmission, differential—the chart is your one reliable guide. Learn what the chart says and stick to it. Most good dealers carry all the "Standard" Polarine Motor oils and greases you need and urge you to accept only what the chart recommends. Hupmobile Crankshaft: Drop forged steel, double heat treated. Unusually heavy construction, carefully counterbalanced. Bored for pressure lubrication. Three large bronze backed, babbit lined bearings, all bored at one time to insure perfect alignment, and hand fitted. A lighter crankshaft, not counterbalanced or bored, and plain die-cast babbit bearings would be much less expensive. Quality-Proof That Shows Exactly How Finely The Hupmobile Is Manufactured The inside of a motor car is what determines the worth of your investment. Because that is so, the Hupmobile presents in a new way quality-proof to the buyer before he pays his money. Quality-proof pertains to Hupmobile parts. It is made up of the parts which you can't see in the completed car. It is on display in our salesrooms all the time. It establishes, in the surest, most positive way in the world, that Hupmobile quality is unique and superior for a car of its class. It shows you clearly that parts cannot be more finely made, or of finer materials, no matter what the cost. It shows you these things, even though you may not be an expert in motor car manufacture.
