MONEY SPENT FOOLISHLY
 Is Usually A Source Of Trouble Rather Than Of Joy.

It is a literal truth that we would be better off sometimes to throw away into the sewer or garbage can the dollars that we waste.

Foolish pleasures or imitation-pleasures that bring a headache or a pang of regret cost more than the dollars wasted.

Money spent to cultivate bad habits or vices is worse than wasted—it is turned against you.

How much better it is to put this money into our hands for safe keeping until you are ready to use it for a worthy purpose!

Our 66th Series Opens SATURDAY, AUGUST 2nd. We will be pleased to have you join our large and ever increasing army of shareholders.

ADVERTISE IN THE CLEVELAND STAR

Twenty-Nine Years Ago
 From The Cleveland Star of August 1st, 1895.
 "Like Looking in the Family Album."

Believe It Or Not.
 "It was the pleasure of the editor to spend several days last week in the progressive sister town of Gastonia. Gastonia is a comparatively new town and has recently made rapid industrial strides and now has three cotton mills, a large coffin factory, two sash, door and blind factories, two flour mills, and many small industries that give employment to a large number of people. Gastonia's enterprising paper, The Gazette, recently took a census of the town and found that the population exceeded 2,300."

Kings Mountain Fire.
 "A warehouse belonging to W. A. Mauney and brother of Kings Mountain and containing 15 bales of cotton, a lot of machinery, etc., was destroyed by fire Friday night. The loss is estimated at \$11,000. There was no insurance."

Remember It?
 "Patterson Springs has a large number of guests at present."

Some Building.
 "Mr. W. H. Jennings will soon begin the creation of a magnificent dwelling on the Wells lot on South Washington street."

"Mr. J. J. McMurry has a neat and attractive barn in course of construction on West Warren Street."

"Mr. Thomas Hamrick is building a new kitchen to his dwelling on North LaFayette street."

A Revival.
 "Protracted meetings of Boiling Springs Baptist church conducted by Rev. G. P. Hamrick closed last Monday. There were 18 conversions and the same number baptized Monday."

Business Change.
 "Mr. A. M. Hamrick, the popular and accommodating clerk at F. V. Hendrick and Company, has given up his position and is now spending a few days in the mountains. He will probably go in business here later. He is succeeded as clerk by Mr. J. J. Lattimore."

Around Lawndale In 1895.
 "Messrs. Ed. Blanton and Joshua Lattimore, of Shelby paid Mr. J. F. Schenck a short visit this week. They are clever boys and they will always find a welcome at Lawndale."

"The crops in this section are suffering very much for a refreshing shower, especially corn on upland."

Belwood Briefs.
 Rev. J. W. Clegg attended the district conference at Gastonia last week. Geo. A. Hoyle, one of our best young boys, is now teaching school at Pleasant Ridge.

O. E. Ford and wife, of Shelby, visited their brother-in-law M. P. Gantt, last Sunday.

Belwood Institute under the able management of Rev. J. P. Rodgers, principal, opened last Monday with a good number on roll. More will be in this week.

Harper Jones, the champion harness maker of M. P. Gantt and Company, is visiting his family in Shelby.

Officers Find Brandy Still In Lincoln Co.

Lincoln County News.
 Mr. K. E. Nixon and Mr. C. T. Boyd were week end visitors to Cleveland Springs hotel, at Shelby.

Miss Sibyl Costner left Tuesday for Shelby where she will visit her aunt, Mrs. J. H. Hull.

Miss Mary Spencer Love has returned from Shelby where she has been visiting Miss Bettie Suttle.

The bakery is to start up under new management. Another plant here that is hoped will soon start up again is the Lincoln Creamery as soon as it gets through the courts.

Chief Justice W. A. Hoke, of the North Carolina supreme court bench, is a distinguished visitor to Lincoln this week, stopping at the North State Hotel. This is his first visit here since he became Chief Justice and he is being greeted by his many warm friends in this old home town.

There being plenty of apples this year some people are determined to show thrift by not allowing this fruit to go to waste.

According to Deputy C. H. Hinson, and Policeman Leonard and Sigmon, they found some kind of a fluid out in the Balls Creek section, known as apple brandy. But for the fact that there was a furnace and copper worm and still found along with the brandy the officers might have thought the fluid cider or vinegar. A bicycle was also a part of the equipment found besides a gallon of new brandy. The folks who owned the apple product, and outfit were away from home, and are unknown to the officers.

"I Never Give My Children Calomel"

Liv-o-lax

"I used to feel it necessary to give the children calomel or castor oil," said one mother to W. L. Hand "but it was such a distressing procedure that often I lost the courage to give the dose."
 "And the children would just fight against it."
 "I less the day that I learned of your Liv-o-lax. I find that it will do the same work in bilious conditions as calomel and castor oil, and the children love to take it."
 Liv-o-lax, a vegetable liquid preparation, may be had at any drug store and may be relied upon for adults as well as children in cases of indigestion, biliousness, constipation and similar disorders.

Any Car is a Better Car if nothing but

Hupmobile
 Countershaft with Roller Bearings—These bearings are the high-duty roller type made of chrome nickel steel—the costly long wearing metal in all our roller taper and similar bearings. Common practice uses plain bearings at this point.

Worth Money to You
 Facts That May Save You Hundreds Of Dollars On Your Next Car

Here is a transmission countershaft—mounted in high duty roller bearings. No repair expense concealed in that quality Hupmobile construction.

Here is another countershaft It is mounted in a brass bushing. Eventually it will wear; the bushing will be replaced; the repair bill—the position is difficult of access—will be called exorbitant.

There you have invisible value contrasted with invisible costs.

The Hupmobile Parts Display—on view at our salesroom—enables you to draw these money-saving comparisons, right down the line.

Possessed of these facts, your course is clear.

If any car—no matter what its principle of design may be—no matter what its price—can show parts and processes equal to the Hupmobile and match it in performance, reliability, durability and economy—then, and then only, are you warranted in investing money in the other car.
