KLAN POLITICS

By James C. Elliott

Editor of The Star.

"It is an ill wind that blows no good... The good that men do is oft-interfered with their bones, while the evil they do lives after them." The seething mass throws off the scum and clarifies the political pot.

The world is full of whirling problems and equally full of people who purport to know just how to solve them. The less a man knows, the more sure he is, ignorance gives a sense of serenity, knowledge gives a sense of perplexity.

"We think our fathers fools, so wise we grow; Our wiser sons, no doubt, will think us so."

The political parties condemn, declare and strangle the Klan issue. Where it has shown its hand strongest the Democrats condemn it, in state conventions in Oklahoma, Texas, Ohio, Maine, etc.

Sure your boys and girls want to keep up with what's happening at home. Send them The Star nine months for \$1.50.

"Pop" Geers Drives In His Last Race

Wheeling, W. Va., Sept. 4.—Edward F. "Pop" Geers, 73 year old veteran reinsman has driven his last race.

Today the body of the dean of light harness drivers, who was fatally injured yesterday when his mare, Miladi Guy, stumbled and fell while rounding a turn in a race at the West Virginia state fair, was on its way home in Tennessee.

"Pop" as the aged driver was affectionately known to American turf followers, had declared yesterday's would be his last. He had said the same thing for the past several years—but this time he declared he meant it.

"I'm just giving the old game one more whirl, boys; and then its back to Memphis to stay," he said to track officials prior to the race.

The noise of the cheering stands and the thud of the flying hoofs were the last he heard.

In the fall he suffered a fracture of the skull and lost consciousness. He died several hours later at a local hospital.

TEN COMMANDMENTS TO BE USED IN DRIVING

- 1. Drive on the right side of the road; it's just as good as the left. 2. Slow down when approaching a cross road; it is nearly as dangerous. 3. Look out for children. You can never tell what they will do, and you are always in the wrong if you hit one.

"BLUE BACK" STAGES SCHOOL COMEBACK

Charlotte Observer.

Most of the older people had lapsed into forgetfulness of their faithful old companion of school days. Webster's Blue Back Speller. The old book has been shoved so far back through the instrumentalities of modern education that its return had been regarded as a forlorn hope.

The shooting occurred in the sheriff's office. Dr. King recently filed divorce proceedings against Mrs. King, naming Leon as correspondent, King surrendered to the sheriff and was placed in jail pending a hearing.

KILLS MAN NAMED AS CORRESPONDENT

Helena, Ark., Sept. 5.—Edward Ligon, 20, of Melwood, was shot and killed by Dr. J. A. King, also of Melwood in the Phillips county courthouse here late today.
