Man Shoots Wife And Kills Self

Kinston, Nov. 13.—Raymond Jackson, 34 aLenoir county farm tenant, shot and killed his young wife, then suicided at his home a few miles from here today. The tragedy occurred in a bedroom in which the four small children of the couple were sleeping. One of these, nine years of age, was awakened by the shots. Frightened, he lay huddled in a bed with two smaller children until hours later when day light had come.

The three-year-old baby of the family was in a cradle by the side of the bed on which the mother lay dead. The back of her head was shot entirely away. The body of Jackson was lying behind a trunk, across which rested the shot gun with which he had perpetrated the double tragedy. Neighbors said the Jacksons had quarreled often recently. They attributed their differences to "unfound jealousy" on the man's part. The oldest child of the family said the man was drinking last night and tried to provoke a quarrel. He raced the engine of an automobile outside of the house, the boy says, in an effort to annoy the woman. When she declined to quarrel with him he became frenzied and shot her, a moment later blowing off the top of his own head. The killing occurred about 4 o'clock.

The Jackson children, three, five seven and nine years of age, were taken to the home of a neighbor. Persons first to arrive at the house found the tiny bedroom, barely large enough for the two beds it contained, a veritable shambale. Blood and bits of flesh were scattered over floor and one bed.

Hiccoughs All Over City of Gastonia

Gastonia.—Gastonia has an epidemic of hiccough, local physicians and druggists are authority for the statement that within the past two weeks there has been a large number of cases of this strange disease. At least one patient hiccoughed for several days and was in a very serious condition. One physician stated that probably a dozen cases have come under his observation within the past two weeks.

Not a day passes, say local druggists, that people do not come in and ask for something to give them relief from this disease. From information gathered from conversation with physicians, hiccoughing is just about as baffling a disease as they have to contend with. It seems that medical science knows very little about its cause or its cure. One physician says that practically every known remedy to be found in a drug store has been tried for it. Some times a remedy works on one person and fails on another. The old home cure remedy of a drink of cold water frequently relieves it, but seems to fail in the case of an epidemic such as this.

Gastonia has in the past had at least one death on record from hiccoughs. In that case the patient hiccoughed for seven or eight days and died.

Cotton in the Swing.

Charlotte Observer.

When the stock market is healthy active, business throughout the country is good. The stock market is an un-failing index. The activities in all kinds of stocks—railroad and industrial—in recent days indicate a rising tide of business in all lines. It is to be noted that cotton has been caught in the upward swing and the hope might be entertained that the rise will continue to the reaching of the 30 cents notch. Conditions developing since the election give encouragement to the hope, but it is not altogether home influences that are operating to the temporary health of the cotton market. The recently developed stiff demand for export staple has much to do with it. It would be a hard fate, indeed, if cotton should fail to share in the general upward trend of commodities, and for once the road ahead of it is apparently being cleared of obstructions.

NORTHERN DEMOCRAT HIKES SOUTH ON BET

Gastonia, Nov. 15.—That a few staunch and loyal democrats still live in the "north" was evidenced in an itinerant passenger picked up Wednesday by a Gastonia motorist on the outskirts of the city. The traveller was bound for Jacksonville, Fla., afoot and without funds, as the result of a unique election bet that Davis would carry New York the loser to reach Jacksonville, hiking or chance rides, without money and price on or before November 14. The loser had struck it lucky in riding from Danville, Va., to Charlotte in one night. The Gastonian placed him near Spartanburg beyond the detours, where he expressed confidence in making the distance with a day or two to spare.

SWINDELL SENTENCED TO SERVE 30 YEARS

Elizabeth City, Nov. 12.—Joe Swindell, convicted of having improper relations with a young girl here, today was sentenced in Superior court to serve 30 years in the state prison.

J. D. Farrior, of Wilson, grandfather of the girl in the case, who made his way into the jail here recently and shot and wounded Swindell so badly he probably will be a cripple for the remainder of his life, was sentenced to serve one to three years in the state prison. Farrior pleaded guilty. Swindell was convicted by a jury.
