FRIDAY, DEC. 19, 1924

that we ever had here at Casar and everything is agoing fine only once in a while sum feller gits on a big drunk. But what else can a body expect along through Christmas. Hits sorter like Sal's daddy use tu say when they wood git him up in the character being drunk and intoxicalled allers plead guilty, but say that he done hit in self defense, and that hit wuz a mighty pore Methodist that didn't git drunk during Christmas Now don't nobody think that I sed this tu try tu cast a slur on Gus Rich-

and fur I never thought of him nor

haint fur six months, by the almanac. I wuz jist a statin' facts as they air. But me and Gus did use tu git on sum purty big ones back when we wuz young fellers and didn't care fur nothing only tu have us u big time. We're right smart older now, but tha: has peen no change in us yit, Sal sez. We use tu cat supper and git our jug in a sack and light out over the mountains into Burke and we didn't care a durn how fur hit wuz fur we jist meant tu have hit before we shook the dust off of our feet in Casar ever again. Hit wuz worth walking 15 miles in the dark jist tu git tu walk back 15 miles before daylight and hear Gus and me sing an' cut up on the way. And part of the time when we got back we wasn't as drunk as we was most of the time.

We'd be sorter sleep and sorter out of our heads and we'd git lost if we wasn't mighty careful how we acted. Sam Warlick went and built his hog pen in the wrong place fur a hogpen so one nite when we landed in Casar we wuz a feeling powful reckless and good, so we didn't much want tu go home and behave ourselves like folks rught to. I sez, whar will we go tu stay all nite fur I'm sorter afraid of Sal fur the time being. Gus sez, Thas all rite we'll go down tu the hoshell and shay. So we started on fur I wuz sleepy and we got even with the hog pen Gus sez Well here we air shore as the world. He knocked on the side of the pen and one of the hogs grunt-ed. Shay old hoshell man how much fur two of us tu sleep in one of your bods about a week. The hog grunted again and Gus sez. Five dollars haint that purty high fur fellers in their right mind; but let er go here she is; so he fetches out a five and lays it down in the trough and we crawls in and cover up head and ears with sum old shucks and sinks off tu sleep. Mr. Warlick found us at feeding time, and reported us to the officers who come to our rescue. Wasn't that a purty fix fur two of the most respectable mon of Casar tu be found in, fur thar we wuz sound asleep with a big fat he each side of us.
