Try This Dish.
Take one reckless, natural-born fool; two or three big drinks of bad liquor; a high-powered, fast motor car. Soak fool in liquor, place in car and let go. After due time, remove from wreckage, place in black, satin-lined box and garnish with flowers.

Chicken Versus Cotton.
(From Stanly News-Herald.)
Speaking of cotton as a profitable crop and as a leader, did you know that the poultry crop produced by Stanly farmers the past year brought in more ready cash than the entire cotton crop? And we produced around 500 bales more last year than we did the year before. That's another eye-opener.

Life's Too Good.
(From Greensboro News.)
The inmates of the state prison must be a singularly perverse, forward and ungrateful set, even for criminals and accused. Despite the coddling already practiced and the imminent prospect of being silk-pajamaed and fed on humming birds' tongues, a lot of them risked death by exposure in the swamps in winter—and some got it—a week or two ago, in a break for liberty. In another break one has been shot to death and another wounded, a third exodus within a fortnight.

Cabaniss and Norman who have the agency for the Maxwell and Chrysler cars expect a good season and are making preparations for the same. J. L. Lackey had a letter of appreciation from a Buick owner last week which he regards highly. A Buick owner reached Shelby late at night and car trouble prevented his going further until repairs were made. All repairs were closed, but he phoned Mr. Lackey at 11 o'clock and the customary Buick service was promptly rendered, although the hour was late and the price of the job was really not worth the trouble. This man's car was quickly repaired and he soon went on his way rejoicing, singing the praises of Buick service which extended all over the United States.
