## Twenty Nine Years Ago

(From The Cleveland Star of July 23, 1896.)

### Get Sick When Tied.

"The game of ball on Wednesday of last week between Gaffney City and Shelby was intensely interesting. Seven innings were played and the score stood 7 to 1, Gaffney claiming that one of her men was sick and therefore refused to play the other two innings. The game was called 9 to 0 in favor of Shelby. The umpire was from South Carolina and gave general satisfaction. Several persons from Gaffney came over to witness the game."

### Methodist Conference.

"The Shelby district conference meets Thursday at Kings Mountain. The business session will close Sunday afternoon. A large number of delegates from all over the district will attend. Messrs. J. S. ### Wake Forest Graduate.

"Mr. A. M. Moss, a bright young man of Kings Mountain, who graduated this year at Wake Forest college, has been employed to take charge of a high school at Waco in the institute building. Mr. Moss is thorough and highly competent teacher and will no doubt have a good school at Waco. The school opened Monday."

### Local Happenings.

"Shelby has large number of summer guests. All of the hotels and boarding houses are pretty well filled up and there is a large crowd at Cleveland Springs."

"The excursion from Lancaster to Marion did not carry a large crowd. It was a rather mixed up affair and the crowd was rough. Not every man is a successful excursionist."

"Mr. Arthur Wray of Knoxville, Tenn., has sold the three lots on North LaFayette street, just below Mr. B. B. Babington's residence to Mr. O. E. Ford for the sum of \$800. The sale was made Monday."

"Rev. A. K. Pool, the sweet singer, will be here next week and conduct the singing during the Elders and Deacons meeting. This will add very much to the pleasure of visitors. All are cordially invited to attend the sessions of the institute."

"The O. R. and C. railroad offices will be moved here next week, as was announced in our last issue. Auditor Bruce and family are here boarding at the Commercial hotel. Superintendent Tripp and wife and Train Dispatcher Dougherty are also here. Shelby is growing rapidly there is not an vacant dwelling house in the town."

### Wholesale Thievery.

"Mr. Solon Ford of Fallston spent Wednesday night, July 15, with his brother, Mr. O. E. Ford of this place. He slept in room with the light burning and the window raised, although the blinds were closed. During the night some one cut the tenant of the blind and entered the room and got seventy dollars in greenback, several dollars in silver, a silver watch, two pocket books and a pocket knife and made his escape without detection. N."

arrest has just been made and no one seems to be strongly suspected."

### "Reverend" George.

"The Star is in receipt of the following invitation: 'Mr. and Mrs. S. S. Mauney request your presence at the marriage of their daughter, Frances Pearl to Rev. John J. George, Wednesday morning, July 23rd, 1896 at 10 o'clock, St. John's church, Cherryville, N. C. The bride is a charming and accomplished young lady and the groom a promising and rising young Lutheran minister and principal of Cherryville academy. The office extends in advance his congratulations to his good friend, Rev. George, upon his good fortune in winning so fair a lady.'"

### Crime News.

"John Allison, a half-witted coal black negro, about 18 years of age was put in jail Saturday charged with grave offenses, and he has since acknowledged to everything with which he is charged."

"Last Thursday night he entered the house of Mr. W. Kim Hardin. He entered the room in which Miss Hattie Hardin was sleeping and took hold of her. She screamed and her father, who was sleeping in the same room, awoke just in time to see the brutal scoundrel jump out of the window. An effort was made to track and overtake him, but it was unsuccessful. Nothing was heard or seen of him all of the next day."

### Fell From Bicycle.

"Mr. W. V. Hall met with a right serious accident last Wednesday evening while trying to ride a bicycle. He fell off of the bicycle and broke his arm just above the elbow. Dr. Victor McBrayer was called in and set his arm and it is getting on as well as could be expected."

### "Shocked."

"Mr. J. A. Humphries of New House was shocked by a stroke of lightning last Wednesday evening. He was riding a mule when the stroke came and he fell from the mule into a ditch, half filled with water and had it not been for the timely assistance of Mr. Gray son Whitesides, who was at work nearby, he would most likely have been drowned. It was sometime before he regained consciousness, but he is alright now. This occurred the same evening Senator Tillman's daughter was killed by lightning in the mountains near Brevard."

### "One of Nicest."

"Mr. J. S. Bridges of Lattimore was united in the holy bonds of matrimony Tuesday morning with Miss Aquilla Hamrick of DePew, Rev. G. P. Hamrick officiating. The groom is one of the nicest and most promising young men of that section and the bride a popular and industrious young lady. They went on the excursion to Wilmington Tuesday."

### Built a Bridge.

"A bridge is to be built across the river at the Double Shoals cotton mill. It has been the custom heretofore to ford the river, but it was inconvenient and at times very dangerous. The county is to furnish the lumber and Double Shoals cotton mill will have the bridge built."

### His Opinion Changed.

"Walter R. Henry, the man who said that if a Populist were buried in a well 40 feet deep, and the well was to be filled up and grass was to grow over the place and a sheep was to eat the sheep for fear of being tainted with Populism, is to speak in the court house in Shelby next Monday, July 27, on the political issues of the day. Of course when he used the above language he was a vile Democrat and he comes now to tell the people what a fool he has been all of his life."

### Destroyed by Fire.

"The two-story dwelling house of Mr. H. M. Angle, just this side of Ellis Ferry, was destroyed by fire at 2 o'clock Friday morning. The family were all asleep and did not wake until the building was in flames. Very little was saved. The origin of the fire is unknown."

"The house was insured in the Virginia State insurance company for \$500 and the furniture was insured for \$100. The property was worth more than twice this amount. The insurance adjuster arrived here this week to settle the claim."

### School Teachers Then.

"County Examiner J. A. Anthony held examination last week and granted first grade certificates to the following: Misses Lula Baker, A. T. Bostie, Sallie Black, R. C. Dickson, Mrs. S. R. Jackson and Messrs. W. H. Moss, W. G. Deviney, J. H. Lackey, A. E. Elliott, J. D. Elliott, R. L. Washburn, S. L. Dellinger, J. B. Smith, R. S. Eskridge, C. S. Calton, A. B. Peeler and A. M. Moss. All of the above teachers deserve strictly first grade certificates."

## Thinks Auto Owners Pay Too Much Tax

Speaking in Charlotte Monday C. W. Roberts, vice-president, outlined the Carolina Motor club's legislative program. He thinks automobile owners are paying more than their proportionate share of taxes, not only for roads, but for all other governmental expenses. He thinks the owners of land through which modern highways are built, profit more than any other persons and for that reason he wants to see the state ad valorem tax re-established.

The owner of an automobile, directly or indirectly, pays 16 different taxes as he says. These include three Federal government excise taxes, a state license tax, a city license tax, county personal property tax, city personal property tax, state title fee, city driver's license and the state gasoline tax. These taxes being collected through different men, increase the cost through inefficiency, he declares.

There should be no government nor local tax on automobiles, he thinks.

The state alone should have the power to tax automobiles and a state driver's license should be required thus doing away with the city driver's license and city license tax.

Nor does the present manner of licensing cars by the state suit Mr. Roberts. He thinks weight rather than horsepower, should determine the amount required for the state license number.

Williams, Hugh Ware, Longstreet Goforth, Charles P. Weir, John Plummer, A. P. Falls and Bun Patterson. The board re-elected W. A. Williams, president, and Hugh Ware, secretary-treasurer.

The company did a good business last year the statement showing an eight per cent dividend on stock.

## AUNT BECKY PADGETT DIES NEAR MOORESBORO

Rutherford Sun.

"Aunt Becky" Padgett, widow of the late Alvin Padgett, died last week near Mooresboro and was buried at High Shoals church, with her pastor, Rev. D. G. Washburn in charge of the funeral services. A large crowd attended. She was a faithful member of the Baptist church for over 50 years. She was the last of her family. She was a good woman and was 79 years of age. She was a devoted Christian. She will be missed in the church and community.

## OPINIONS OF OTHERS

### Cleveland Leads.

(From Charlotte Observer.)

The electric light and power line for the countryside is being gradually extended in North Carolina counties. Forsyth having recently built and equipped a community line. Cleveland was the pioneer in this direction and the farmers in almost every part of that county have been for months past enjoying all the blessings that accompany electricity in the home and on the farm for lighting and power purposes. The "efficiency" between domestic conditions on the farm and in the city are being rapidly reduced, and the advantages such as they are, belong to the farm. "With all the conveniences of the city," life on the farm is made much the more preferable.

### A Pertinent Suggestion.

(From Knoxville, Tenn. Sentinel.)

The New York Times reports a story that has been going the rounds on the continent and which is says has now reached Earlville. The story is too good to keep. It is to the effect that President Wilson, traversing the golden streets of the New Jerusalem, encountered no less a person than Moses. The following exchange then took place between the two:

"You are Mr. Wilson, are you?"

"I am."

"Why so?"

"Were't you Woodrow Wilson, President of the United States?"

"I was."

"And didn't you issue the Fourteen Points for the settlement of the great war?"

"I did."

"Well, I am sorry for you, because they have done such dreadful things to your Fourteen Points."

"For the matter of that, I would advise you to go back to earth and see what they have done to your Ten Commandments."

### At Chimney Rock.

(From Statesville Daily.)

Dr. L. B. Morse, who is at the head of the Chimney Rock development, promptly makes it clear that his company has no plans for a Confederate memorial by Gutzon Borglum on the rocks at Chimney Rock. In other words Dr. Morse is aware that "ashing in on Borglum's grievance against the Georgia memorial promoters is not only improbable, but setting up an opposition memorial simply to put the Georgia affair out of business is small business."

### You'll Hear From William.

(From Elizabeth Independent.)

Walking through the great tailoring works of the A. Nash Company in Cincinnati the other day, Mr. Nash, founder and president of the organization, pointed to a long line of pressing machines. He said, "William Rosenwald worked on one of those machines for three months last summer. That was the way he spent his summer vacation and he stuck to his job just like one of our regular workers. He said that he expects to enter business when he finishes college and he thought he needed a working man's experience and a working man's viewpoint to enable him to deal intelligently with working people when he enters business for himself."

William Rosenwald is a son of Julius Rosenwald, the multi-millionaire head of Sears, Roebuck Company. Not all rich men's sons fritter away their vacations in frivolous living and spending the old man's money.

### Gardner Is The Popular Choice.

Durham Morning Herald.

The Asheville Citizen, discussing the probability of O. Max Gardner being the next governor of North Carolina says: "The Citizen still believes that Mr. Gardner can have the nomination if he wants it." The Asheville paper should go further than that. It should say that Gardner is going to have the nomination and should have it without expending a dollar for it. He should be drafted for the job. One of the faults of our modern politics is that too many people are elected to office just because they want the office, and not enough of those elected who do not aspire for office but are capable of handling the job. Of course, the people are not going to have to force the nomination on Mr. Gardner. He is human to the extent that he wants to be honored by being elected governor. We believe he is one man in the state who will not have to get out and work up enthusiasm for his candidacy. He can get the nomination right now because he is the one man the majority seems to want for the job of governor. If anybody else gets in the race, they will have to devote a lot of time and energy to working up a sentiment in behalf of themselves. Gardner is able. Gardner is popular; Gardner is the choice of the majority of the Democrats; therefore, he should, and we believe will, be nominated.

### Play At Lattimore.

There will be a play, "Rebecca's Triumph," given by the Fidelis Class of Lattimore Sunday school in the high school auditorium Saturday evening, August 1st, at 8:00 o'clock. Proceeds for the benefit of the South Mountain Industrial Institute. Admission 15 and 25 cents.
