A woman will run from a mouse
laugh at an auto.

Stop and let the train go by,
It only takes a minute;
Your car will start again, intact
And, better still, you're in it.

"Look, there's a car parked on this
road. Can it be motor bandits?"
"Nope, that's the old family sofa
generations removed."

Just because a boy stops his car on
the road, don't think he's loafing. Re-
member, parked cars are sparked
cars.

Perhaps the most hopeless combina-
tion on earth is that of a jay walker
and a jay driver.

Autoist (who has just driven over
pedestrian)—"Pardon me, but have
I run across your face before some-
one or others?"
Irish Pedestrian—"No, begorra, it
as my left leg ye hit last time."

A parking space, defines Lawrence
olland, is a hole between two cars
generally found on the opposite side
of the street from which you are.

A Ford.
Your wheels and no brakes,
By, how she shakes.

Indications are now that prohibi-
tion enforcement will eventually take
the money that Ford doesn't.

No one charges, however, that the
writing of wreck news encourages
reckless driving.

Sixty-three per cent of all crossing
accidents occur in the open country
where there is no obstruction to the
view.

Our Own Definition.
Infernal Machine—A balky flivver.

The man drove right by the traffic
cop. He signaled "stop." The cop
stepped against his post, and bust into
cars. "I was never so mortified in all
my life," he wailed.

Negro's Adventure in Florida.

(From the Tampa Tribune.)
Simeon Washington, a negro resi-
dent of the Flatwood district, down
Peace river, determined to go in the
real estate business.

Hearing of the fortunes made over-
night in Florida realty, Simeon came
to the conclusion he would abandon
trucking and thrive likewise. In a
short time he circulated his cards, an-
nouncing his vocation as "realtor"
dealing in lots, farms, groves, etc.

Maintaining his usual dignity, he
donned his Sunday-go-to-meeting suit,
with a rubberoid collar and a store
tie, and set forth on a listing expedi-
tion. Practically everybody with whom
he came in contact, listed their prop-
erties with Simeon at substantial prices.
Then his selling campaign was start-
ed.

In two weeks, hardly a property
remained in its original hands. No
money had passed but the fellow with
a grove traded with the trucker who
wanted a change of vocation, until ev-
erybody had possession of the other
fellow's place.

Simeon collected commissions both
ways. Money not being in evidence, a
cow, flock of chickens, wagon, horse
or anything worthy of value, was ac-
cepted in commission. Then the re-
action came.

Wives objected to the new order of
things and sighed for the original
holdings. Back came Simeon on that
job. Exchanges were made faster than
the original trades.

Today hardly a family is in strange
quarters and Simeon has two horses,
three cows, a Ford car, 232 chickens,
eight ducks, a turkey, three suits of
clothes twelve cords of wood, a plow
and half the yard at his place filled
with odds and ends of barter. Inside
his home is a phonograph, sewing
machine, wringer, and other household
necessities.

Everybody appears satisfied with
conditions, particularly Simeon Wash-
ington, who has announced his re-
tirement from realty fields and his
resumption of farm work, supple-
mented by a henry from which he
is making a good income.

**OF PARTICULAR INTEREST TO
FARMERS**

The Cleveland County Unit of the North Carolina
Joint Stock Land Bank renders a genuine service to the
business interests of the County by closing loans prompt-
ly during this crop growing season.

We are all aware of the scarcity of money at this
time of the year, and it is the purpose of our Institution
to relieve this situation, and we have in excess of \$1-
250,000.00 in cash available and a very good bond market
in which to secure more funds as needed.

We are taking this method of calling the attention of
the good farmers of Cleveland County to the unusual op-
portunity which is offered them to finance their farm-
ing operations.

Loans made on a basis of 50 per cent of appraised
value of the land, 20 per cent of the appraised value of
the improvements, as ascertained by a Federal appraiser.
Rate of interest 6 per cent, and applicant pays cost of
appraiser's visit to premises, and the necessary prepara-
tion of abstract by the local attorney.

NATIONAL BANK OF SHELBY**, or **BYNUM E.

**BILIOUS ATTACKS
From Which Kentucky Man Suf-
fered Two or Three Times a
Month, Relieved by
Black-Draught.**

Lawrenceburg, Ky.—Mr. J. P.
Nevins, a local coal dealer and far-
mer, about two years ago learned
of the value of Thedford's Black-
Draught Liver medicine, and now
he says:

"Until then I suffered with sev-
ere bilious attacks that came on
two or three times each month.
I would get nauseated. I would
have dizziness and couldn't work.

"I would take pills until I was
worn-out with them. I didn't seem
to get relief. After taking the pills
my bowels would act a couple or
three times, then I would be very
constipated.

"A neighbor told me of Black-
Draught and I began its use. I
never have found so much relief
as it gave me. I would not be
without it for anything.

"It seemed to cleanse my whole
system and make me feel like new.
I would take a few doses—get rid
of the bile and have my usual clear
head, feel full of pep and could
do twice the work."

Firestone

**Safety and Mileage
For All Roads and Seasons**

OPERATORS of large truck, bus and cab fleets
must have rugged, long-mileage tires if they are
to make money. That is why so many of them have
standardized on Firestone. Experienced race drivers,
almost to a man, equip with Firestone. Car owners
can have this same extra safety and economy—by
using Gum-Dipped Cords.

Gum-Dipping, the Firestone extra process, impreg-
nates and insulates every fiber of every cord with
rubber—insures greater safety and comfort over rough
and sandy roads—builds extra strength and flexibility
into the sidewalls—an exclusive feature that adds
thousands of miles to the life of a tire.

Come in—let us save you money by equip-
ping your car with a set of these wonderful
tires—prices are still low.
