SOUTHERN TEXTILE STOCKS CONTINUE TO ADVANCE.

The past six months have shown a remarkable change in activity of Southern Textile stocks. During the early months of the year there was a lot of distress stock hanging over an inactive market but with the increased earnings of the mills in general, interest was stimulated and demand improved rapidly. The average of the 25 active Southern Textile mills just released by R. S. Dickson and company stands at \$119.20. This shows an increase of \$5.92 since July 15th, the average on that date standing at \$113.28.

The Belmont stocks heretofore very active quieted down during the week with very little of the stock offered for sale and buyers unwilling to pay increased prices for them.

BULWINKLE ON BOARD FOR COTTON REPORTING

Washington.—Representative Bulwinkle has been elected to represent the North Carolina house delegation at the conference to discuss proposed changes in the laws for cotton reporting.

What is a poor fellow to do when the banks give good advice in one column of ads and the auto dealers give it in another?

Customer ownership is the best form of public ownership

Southern Railway men look forward to the time when this great transportation system will be a 100 per cent Southern enterprise—owned as well as operated by the people of the South.

The accumulation of investment capital in the South is keeping pace with its growing prosperity. The South is using this capital to develop its rich resources.

Increasing ownership of the Southern Railway by the people it serves is a natural outcome of the growing prosperity of the South.
