## Good Start for 1926

uary series started January 2nd and it started off with a any folks began the New Year by taking our running and shares on the very first day. Others have been coming every day. 1925 was a good Building & Loan year, but folks are taking out shares in this series, we believe 1926 better Building & Loan year than 1925. Come in today, as many shares you can possibly carry. Either running r prepaid shares.
