SHELBY, N. C.

Our plant may be small and in a small town, but we make the best fertilizers that can be made by any one, regardless of where the town is or who makes it, as we know how to make it. We use the best materials that money can buy, with a view of giving our good farmers of this section the very best plant food, as they are entitled to the best.

When you are ready to place your order, insist on your dealer furnishing you with our brand, if he will not do it, come to see us, and we will see that you get what you want.

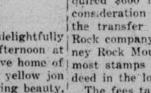

Co-operate with us, trade with us, help a home industry, keep your money in circulation in your county, and you will make better crops, have more money in the fall, and be happier. We want to serve you to the best of our ability and give you the kind of fertilizers best suited for the crop you want to plant. We invite you to come at any time, go in our mixing plant, see us mixing your goods, and talk things over with us.

We can furnish any analysis in mixed goods, always keeping a good supply of raw materials on hand, such as Nitrate of Soda, Kainit, Muriate Potash, Sulphate Ammonia, Sulphate Potash, or anything you need, in the fertilizer line we have it.

and Mrs. D. W. Royster Delightful Dinner Hosts.

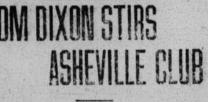

Mr. and Mrs. D. W. Royster were delightful hosts at a beautiful buffet nner on Tuesday evening at 7 o'clock. The charming English colon-ial home of the Roysters was a scene of great beauty with yellow buttercups and ferns arranged in artistic profusion. Eight tables were placed in He different rooms and on each table a Jittle crystal vase tied with green tulle holding the buttercups and ferns centered the tables. The daintiest litthe buttercup place cards were used making the tables look most attrac-tive. A delicious five-course dinner was beautifully served and after the was spent by these young couples.
