Rev. A. S. Raper Conducts Devotional Exercises—Rooms that have 100 Per Cent Membership.

(Special to The Star)
A very enjoyable chapel program was given Friday by Miss Sheridan's home room. Annie May Bobbitt recited for us the 13th chapter of first Corinthians after which we prayed the Lord's Prayer. As it was Longfellow's birthday exercises were rendered appropriate to the occasion, the program follows:

Life of Longfellow—Edith Blanton.
How Longfellow Wrote—Florence Stewart, Lucile Bianton, Garland McIntyre.

Poem—"Psalm of Life"—Mary Sue Bell.
Song by the 3rd grades—"Little Boy Blue."

Selection from "The Building of the Ship"—Miles Baker.
Alphabet of Quotations from Longfellow's poems—by 4th grade.
Poem: "Arrow and the Song"—Elizabeth Blanton.

Song: "There's Music in the Air"
The following new pupils entered Monday morning: Chester Gladson, Lee Baker, Preston Gladson and Nellie Wright. We are delighted to have these boys and girls with us.

Rev. A. S. Raper pastor of the LaFayette Methodist church conducted our devotional exercises on Monday morning. He read 13 verses from the 20th chapter of St. Matthew which is the parable of the ten virgins. He based his remarks on this chapter. Mr. Raper always brings to our boys and girls a helpful message. We are always glad to have him during our chapel period.

Miss Ruth Howie, teacher of the third grade B section has organized in her room a "Better Say" club in order to encourage pupils to use correctly the words "I, isn't, those instead of them and to pronounce correctly words like it, heard, put, took, get, sit, ate, ear.

Red Cross Membership
The following rooms have 100 per cent membership in the Junior Red Cross: Mesdames Tom Moore, Ransom Stevens, Joe Nash and Misses Ruth Howie, Lois Rankin, Hart Sheridan, Selma Webb and Mr. Blanton.

Mrs. Joe Nash efficient teacher of the advanced first grade spent Friday afternoon with Mr. Nash. Mrs. Claudia Burrows substituted for Mrs. Nash.

Gene Erwin who has been absent from school several weeks on account of illness from pneumonia is expected to re-enter this week. Gene is in Miss Adams's section of the first grade. We have missed him very much.

The "Harmonia Club" is still growing. Forty members to date.
The following rooms reported "no tardies" during the past week: Misses

Hart Sheridan, Adeline Bostic, Ann Adams and Frances Hoyle.
Miss Warlick's section of the 2nd grade is memorizing the 15th Psalm. This is fine and our boys and girls will never regret learning passages from the Bible.

STATE CAPITAL.
NEWS OF INTEREST.
quires all employers to report to his department all salaries of employees receiving \$1,000 or more during the year as heretofore. The Commissioner also advises the immediate filing of all income tax reports before penalty clauses become active March 15th.

Bulletin for Farmers.
Prof. C. B. Williams of the State Agricultural Extension, will be glad to furnish free to farmers a comprehensive folder giving fertilizer recommendations for the different kinds of soils based on longtime experimental work by soil and fertilizer specialists. Mr. Williams has already distributed more than 10,000 of these folders from his office at State College.

The Corporation Commission issued an order during the week which is designed to remove discrimination against Eastern Carolina points in favor of Virginia cities in the matter of freight rates on fertilizers. Another "postponement" is noted in the Western Union rate hearing.

State Radio Station.
Governor McLean's plans for a State radio station are said to be almost complete, and he is now figur-

ing with various manufacturers relative to costs of installation, etc. Mr. McLean thinks the proposed station will be a big advertisement for the State in addition to the great benefit it will bring to rural communities, which connect themselves with the central station here.

The State Department of Revenue and the Carolina Motor Club have decided to again cooperate in the issue of license plates during the rush period this year, continuously in seven of the larger cities and only part of the time in thirteen of the less important ones. Full time "competitions" have been made with the Club offices in Asheville, Charlotte, Elizabeth City, Goldsboro, Greensboro, Rocky Mount, and Wilmington, the Motor Club to receive 10 cents per plate as compensation.

J. W. Kellor, bacteriologist of the State laboratory of hygiene for the past fifteen years, is offered the position of sanitary engineer for the city of Wilmington and is considering the change, although the State seriously objects to his going. Mr. Kello says he would regret to leave, but the salary increase proposed is rather attractive.

Governor McLean has been invited to speak before the convention of the North Carolina Automotive Trade Association in Winston-Salem on March 14th where a banquet is to be

"pulled off" at the Robert E. Lee Hotel. From the 15th to 17th the Industrial Development Congress will be in session in Memphis, Tenn. The Governor may be able to attend in person, but has designated many prominent Tar Heels to go as representatives from this State.

It is announced that the damage suit started against W. B. Cole, of Rockingham, by Rev. A. L. Ormond, father of W. W. Ormond, slain by Cole on August 15th will not be reached on the Wake court calendar before the April term of court. Cole is being sued for \$150,000 damages.

LOVELY PARTY FOR RECENT BRIDE AND SHELBY GUESTS
(Cherryville Eagle.)
Thursday afternoon Mrs. D. P. McClurd entertained charmingly at rook, complimenting Mrs. Platt Beam, a recent bride and Mesdames George Hoyle and John McClurd, of Shelby. The Washington's birthday idea was effectively carried out in both the decorations of the rooms and in the dainty refreshments, and tally cards. A series of games of rook were enjoyed at six tables. The hostess served a delicious salad course followed by a sweet course at the conclusion of the games.

DECEMBER 16, 1925
1,500,000

On March 22, 1923, Buick celebrated the building of the millionth Buick. Approximately eighteen years were consumed in the accomplishment.

On December 16, 1925, Buick reached the million and a half mark. A million Buicks in eighteen years—the next half million in two years and nine months.

At the present time, public demand calls for more than 20,000 Buicks every month. This means the next half million in the hands of Buick owners, within two years.

These bare figures tell a graphic story of Buick's continuous advance in public regard. The great acceleration of demand, at the present time, speaks strongly of the increased value and desirability in the Better Buick.

Leadership* belongs to Buick because a nation familiar with many motor cars has given it to Buick.

The American public wants "finer transportation at lower cost", and Buick provides it!
