VIOLENT DEATHS IN STATE CLAIM 108

Death Figures in Carolina Move Upward During February. Statistics Reveal.

Violent deaths throughout the state of North Carolina during the month of February totaled 108, a decrease of three over the preceding month, according to the monthly report of Dr. F. M. Register, director of the bureau of vital statistics, of the state board of health, says the News and Observer.

Burns caused the deaths of 28 persons during the past month as compared to 23 persons who died of burns during the preceding month. In the main, this is accounted for by reason of the fact that February was a very rough month.

Speeding automobiles suffered a slump in their mortality rate during February when only 21 persons lost their lives as the result of taking chances with the speed wagons.

Fifteen lives were lost as a result of mad racing to beat trains to the railroad crossings. Two lives were snuffed out in collisions between automobiles and locomotives.

Homicides in the state slumped from 16 to 14 during the past month. Two of these 14 homicides came as the result of the Leesville tragedy in which W. G. Jackson, aged Wake farmer, killed his wife and daughter.

Five persons died as the result of accidental gunshot wounds, while seven died of gunshot wounds of a doubtful nature.

Kings Mountain Woman Is Shot By Her Husband

Charlie Bumgardner, Mill Employee, Accidentally Shoots Wife While She is Preparing a Meal.

Mrs. Gertrude Bumgardner, 17-year old wife of Charlie Bumgardner, 21, Kings Mountain mill employe, is in a Gastonia hospital with a serious bullet wound in her breast as the result of being accidentally shot by her husband.

Mrs. Bumgardner made a death-bed statement to Squire E. Lee Wilson and Attorney W. H. Sanders in which she declared the shooting was accidental and not intentional on the part of her husband.

Mrs. Bumgardner was preparing breakfast when her husband came in from work Saturday morning. She noticed he was playing with a pistol which a neighbor had borrowed and returned. He pointed it at his own head, snapped the trigger several times, she stated, and then pointed it at her. Another "pulling" of the trigger and the gun fired, wounding Mrs. Bumgardner.

Carl Webb Sets Up Another Record

According to an announcement sent out by the Pilot Life Insurance Company of their 3,000 agents in the past year Carl R. Webb ranked second. This is an unusual honor coming to Mr. Webb and one speaking well for the town.

What makes the record of greater importance is that Mr. Webb ranked second through only six months connection with the company while other agents had 10 months work in. Mr. Webb's record sales, sold by him personally and not his agency, totaled \$448,000 during the six months.

Burrus Throws Hat in For Solicitor

County Solicitor Charles A. Burrus announces in this issue that he is a candidate to succeed himself as county solicitor. He is opposed by Attorney P. Cleveland Gardner, whose announcement appeared last week. Mr. Burrus has filled this position for a term or two and is a young man of splendid qualifications. He is the son of Rev. Andrew Jackson Burrus, one of the most saintly ministers in the Western North Carolina conference and the popular secretary of the Shelby Kiwanis club to which he has given his time and talents since the organization of the club.

Father Of 18 Children Gets Term In Jail At Court Here

The most unique feature of the term of Federal court here this week was the sentence of Chancey Brooks, colored preacher and teacher, and father of 18 children, to 30 days in jail and a fine of \$400.

Brooks with one of his 18 children was up on a liquor count, possessing and transporting. Judgment was suspended in the case of the colored boy as it was considered that he was under the influence of his father. When it came time to sentence the elder Brooks Judge B. T. Falls, his counsel, in a short appeal to Judge Yates Webb casually mentioned the fact that the negro, just a little beyond middle age, was the father of 18 children. Up to that period the case had attracted but little interest. Thereafter it held the court room enthralled.

The original sentence of the court was that Brooks, who lives near Brook's Chapel in upper Cleveland, serve five months. Later it was changed to one month

and a \$400 fine.

Court Ends

Court machinery was speeded up Monday and Tuesday and by Tuesday noon the docket for this term had been completed, coming earlier than was anticipated. 66 cases, it is understood were disposed of.

Of those convicted three will go to the Federal prison at Atlanta, nine will serve jail sentences and five are in custody of the marshal until their fines are paid. In addition to these there are quite a number who paid heavy fines for liquor violations.

Those going to Atlanta are N. W. Hovle for a year and a day, and R. C. Davis and F. F. Turner. The latter two being convicted of the larceny of a car in Florida and bringing it to this state. Those receiving jail sentences, ranging from three to six months were: Clarence and Arthur Paysour, Josh Mull, Charlie Lail, Chas. Benfield, Schooler Settlemyre, Chancey Brooks and Oliver Huffman.

Attendance in City Schools Holds Up.

"Flu" Epidemic Keeping Number Out. Total Enrollment Now 2,657 Pupils

The report of attendance of the Shelby city schools for the month just closed was as follows:

Table with columns: Building, Yr. En., Av. Att., For Mo. Rows include Central Elem., Marion, LaFayette, So. Shelby, Eastside, High School, Col. School, Total.

Notwithstanding the fact that the city is in the midst of an epidemic of contagious diseases, attendance is very good. During the month the teachers have put forth extra efforts to keep in close touch with absent pupils. This accounts for the good attendance record in the midst of an epidemic.

The Shelby schools have all entered the Observer Spelling Bee. All shall soon know the best speller in Shelby, and to win in the state-wide contest, is the hope of the schools.

The girls' glee club is planning to enter the state-wide contest in music to be held next month in Greensboro under auspices of the North Carolina College for Women.

On the second of April the Shelby High school debating team will meet Gastonia in our annual triangular debate. Lincoln withdrew from the triangle leaving Shelby and Gastonia to meet in the final debate. The Shelby team is composed of Dorothy McKnight and Vernon Grigg, representing the affirmative; and Virginia Hoyer and Jennie May Callahan representing the negative. The subject for debate is "Resolved that North Carolina should levy a state property tax to aid in the support of an eight-months school term." The winner in this debate will go to Chapel Hill on April 16 for a final contest to determine the best team. The Aycock cup will be awarded the winner by the University Literary Societies.

DOES IT?

Question: Does STAR advertising pay? Answer: The managers of the new Nifty-Jiffy store told The Star: "We put an ad. in your paper one day, and the next day doubled the sales. That was our first venture in advertising since we opened up. The experience convinced us that advertising DOES PAY."

The Nifty-Jiffy is one of the new enterprises of Shelby, conducted by three well known young men of the city. Their experience with advertising is one more verification of the fact that advertising in a reliable newspaper brings results.

TO PLAN ATHLETIC ELIMINATION HERE

J. C. Newton, county superintendent of schools, is calling a meeting of the County High School Athletic association to be held in his office Saturday afternoon of this week at 2:30 o'clock to make plans for the county athletic elimination contests.

These county elimination contests prepare the way for the elimination contests in the broader field of the state. In other words, the baseball team that comes out on top of the year in the county elimination series, automatically becomes the Cleveland county representative in the state elimination lists.

Mr. Newton said that owing to the advance of the season, and the fact that some of the county schools will close at no distant date, it is his idea that the series should begin at once, not later than next week.

Large Cresoting Plant Is Recommended For Shelby

The Star is advised by Mr. W. N. Wright of the Wright-Bauchman Lumber company that the 20,000 acre timber tract lying in Cleveland, Burke, Rutherford and McDowell counties has not been made as reported in last week's paper, but that the Wright-Bauchman Lumber Co., still owns this immense tract. In addition to this, Mr. Wright says there is a possibility of extending a line of railroad from Lawndale into the timber boundary and the establishment of a cresoting plant at Shelby. It will be remembered that a bond issue of \$50,000 was voted some years ago by the county to take stock in a railroad built from Shelby to Casar and a representative of the Wright-Bauchman Lumber Co., entered negotiations for a time, looking toward the building of this road, the large timber boundary being able to furnish the bulk of the freight. The road was never built, but it seems that Mr. Wright is interested in opening up negotiations again and he will find in Shelby a willingness to co-operate toward the building of this road and the establishment of a band saw mill and cresoting plant in Shelby.

Price Quoted, Too Low. Mr. Wright is part owner and is now at Rutherfordton with a view of selling this large timbered tract. The price asked, however, is much higher than the reported sale price to Florida interests. The price of \$350,000 was the sale price five years ago. Mr. Wright is not even negotiating with Florida interest, but he does have negotiations on for sale to other interests.

This large timber boundary which lies in four counties, touches two railroads. Three good highways run through this property and another 24 feet wide is to be built, crossing the center of the big timber boundary. Saw mills are now operating all along the southern border of this timbered tract, trucking and hauling lumber to markets and shipping points at Bostic, Forest City and other points. Mr. Wright says, "All of our lumber can be carried out the same way." Continuing Mr. Wright says, "If I could have had the aid of that bond issue for a road to Casar at the time I was asking for the privilege of building the road, the road would have been built and a good band mill put up at Shelby."

Cruising the Timber. "A New York company has had men cruising all over this country with the view of establishing a cresoting plant that would mean the sale of even poles. This deal is still open. I have recommended Shelby as the best location for the plant with possible use of the narrow gauge road now to Lawndale and may be extended into such available timber at small cost and eventually into our tract. "The mill the Wright-Bauchman Lumber company put in use was a small portable band mill and lumber was trucked successfully to Bostic. The real reason for discontinuance of the mill was the death of Mr. Bachman, president of the company and road financial backing." Says Mr. Wright, the trustees would not or could not continue and requested me to find them a buyer for the controlling interest. This task was given me during that awful slump in lumber and I gave it up and returned to Mississippi valley territory and the property was taken off the market until

quite lately. While visiting here (Rutherfordton) on business for the company and finding mountain land even without timber, I(AA-shrdiuuu selling well, even without timber, I decided to stay and dispose of the property."

Therefore, while the sale has not been made The Star was erroneously informed by a most reliable party of Rutherford county, it is hoped that some steps will be taken to market the timber through Shelby railroad facilities and that the cresoting plant and band mill may be established here to add to our industries.

Opening Game of Baseball Season Here on Friday

Shelby Highs Play Kings Mountain Here in First Diamond Past-time. Support Urged.

The first baseball game of the season will be played Friday afternoon at 3:30 o'clock at the city ball park when the Shelby Highs for two years state champions meet Kings Mountain.

The Kings Mountain team is coming over with a determination to win, reports have it, and an unusually good game for the season's opening is expected.

Last year even though winning the state title, support of the local team was poor and the gate receipts did not keep up the necessary expenses of the team. It is the general hope that attendance this year will pick up and efforts are being made to attract a large crowd Friday afternoon.

With a group of youngsters playing their first year support at the first game will mean much to their season's play.

Remember the game starts at 3:30. Be there.

SLAYERS OF FRANK BUTLER SENTENCED

Judge Webb Sends Gaffney Boys to Prison. Gardner Appears for Two Defendants.

Morganton, March 15.—Justice moved swiftly here today, dealing out prison sentences varying in length from two to 10 years to Wells Greer, Charlie Kendrick, Roy Hill and Otis (Slim) Jolly, of Gaffney, S. C., convicted in Burke county superior court of slaying Frank Butler, South Mountain bootlegger.

Judge Jas. L. Webb, of Shelby, presiding over the term of court, pronounced the sentences.

The trial occupied less time than had been anticipated, the proceedings being expedited by the submission of the two principals in the affair. Shortly after the case was called at the opening of court this morning attorneys for Green and Kendrick entered respective pleas of guilty of second degree murder and manslaughter.

The state accepted these submissions and occupied itself thereafter in an effort to show that Hill and Jolly, the other two connected with the affair, were guilty of aiding and abetting in the murder of Butler, and used Green and Kendrick as witnesses to prove the case. The regular jury was empaneled to hear the evidence which was concluded shortly after noon.

Widow Testifies. Mrs. Frank Butler, widow of the slain man, was the first witness called. Mrs. Butler rehearsed the story she told at the preliminary hearing that on the night of the slaying, when she awakened, she saw Green and Hill in their bedroom, and that her husband dressed and went away with them after liquor. When he returned about 30 minutes later, she said, he set down on the bed and said, "Those devils have shot me," and expired almost instantly. She had heard two shots just prior to his return, she declared.

Green, the next witness, told of the plans for the trip to the mountains for the load of liquor, of their visit to the Butler home, of the trip into the woods for the liquor, and their return to the Butler home, where the shooting took place. The boys started off without paying for the liquor, he admitted Butler attempted to stop them, and as he did so, Jolly suggested shooting to scare him. Kendrick shot through the top of the car, and Green said he shot three times, but did not know he had killed Butler.

Kendrick on Stand. Following Green, Kendrick took the stand, telling practically the same story. Dr. J. B. Riddle gave a report of the coroner's investigation. The case was given to the jury about 3 o'clock in the afternoon, following Judge Webb's charge. Capt. J. B. Bell, of Gaffney, having spoken for his clients and Solicitor Huffman representing the contentions of the state.

The verdict was returned in less than 30 minutes, and before 4 o'clock Judge Webb had passed sentence on all the defendants. Green was given a sentence of not less than eight nor more than 10 years in the state prison; Kendrick not less than seven or more than eight; Jolly not less than four nor more than five years, and Hill not less than two nor more than three years.

Ervin and Ervin, of Morganton; O. Max Gardner, of Shelby, and T. B. Butler, of Gaffney, represented the defendants Green and Kendrick.

Carson Funeral to Be Held on Thursday

He is reported to have amassed a huge fortune. Taken ill recently Mr. Carson requested that his remains be brought back to the home of his youth for burial. He died last Friday.
