YORK FARMERS PREPARE FOR COTTON PLANTING

York—The work of preparing the ground for the 1926 cotton crop, delayed in York county for a month past the usual time on account of long continued rains, began with a rush here this week. Yesterday and today almost every mule and horse in the county has been pressed into service and as a result of this activity the returned soil is seen on every hand. Farmers say it will take hurried work to prepare the ground for cotton planting, and that in spite of all their efforts the seed will be put into the ground considerably later than usual. Last spring was one of the prettiest an record for farm operations and the present one has been just the opposite.

Fire Destroys Home.

Rutherford News.
The home of Mr. Brack Melton, who lives four miles north of Ellenboro, was destroyed by fire Sunday afternoon. The family was away from home when the flames were discovered. It is supposed that it caught from the stove flue. A small amount of insurance on it. The total loss was around \$3,600. Many valuable heirlooms of the Melton family were destroyed in the angry flames. This makes a total of six homes that fire has destroyed in that section within the last year.

Piedmont Wins Over Forest City Five to Four.
Piedmont beat Forest City High April 9th by score 5-4. The game was well played with only two errors breaking stellar calibre baseball. C. Whisnant and J. Lee starred for Piedmont, while Lockery and Moore fielded well and hit timely for the hosts. This was first real appreciated victory Piedmont has scored this year. Morganton comes to Piedmont next Friday.

PICOTING AND HEMSTITCHING
Mrs. Fred Turner at W. L. Fanning's Dept. Store, Shelby. Mail orders receive prompt attention. 4f-9c

We were so glad to have Mrs. Durham Whisnant visit our school Friday. Two of Mrs. Whisnant's children are enrolled in our school. Hal is in the first grade and Beatrice in the fifth.

During chapel period Thursday morning our third Junior Red Cross meeting was held at which time reports of the work done in each grade were made. Seven rooms reported one hundred per cent membership as follows: Misses Ruth Howie, Hart Sheridan, Selma Webb, Mesdames Tom Moore, Ransom Castevens, Joe Nash and Mr. Blanton. One hundred and fifty visits were made to the sick and absent pupils. Flowers were sent to twenty people in the community. Two trays were sent to the sick; the girls in the Home Economics Department made sandwiches twice and took to sick pupils; twenty lesson assignments were sent to sick and absent pupils. A balance in the treasury of eighty cents was reported. There are now 405 in the South Shelby school who are members of the Junior Red Cross.

Miss Susan Fulghum of Raleigh visited our school Wednesday. Miss Fulghum is State Inspector of Elementary schools.

We are meeting in the auditorium each Wednesday now to learn new songs.

The following teachers in the South Shelby school are taking Extension courses during the second semester: Miss Frances Hoyle, Minnie Warlick, Selma Webb and Mr. Blanton. Dr. Mosher and Dr. Stevens who are professors at the University are teaching these classes.

We greatly enjoyed the chapel program Friday which was directed by Miss Warlick. From the enjoyable performances given we decided that Miss Warlick has abundant talent in her room. Leola Strickland read the 15th Psalm; Hubert Morehead gave us several harmonica selections; Dilbert Powell, Virginia Campbell, Gordon Weathers recited for us; those taking part in the "Umbrella Brigade" were: J. W. Blanton, Boyce Hawkins, Alfred Kale, James Turner, Frances Blanton, Nell Morehead, Vernie May Wall and Edna Powell. Another feature of the program was a piano solo by Bessie Moore. "Waiting to Grow" a new song which Miss Adams has recently taught the second grades was well-rendered.

Miss Sheridan's sixth grade was awarded the prize for selling the most tickets to the motion picture

last Thursday week. This picture was sponsored by the South Shelby school.

Miss Victor a Howie who teaches Latin in the High school at Union, S. C., visited our school Saturday morning. We were so glad to have Miss Howie with us. Miss Howie is a sister of Miss Ruth Howie.

Plant Corn When Dogwood Blooms.

When the dogwood tree is in full white bloom, then it's time to plant in North Carolina. This is not farming by the moon but is a fact based on scientific inquiry which shows that the dogwood tree and the corn plant have about the same heat requirements for successful growth. "Some plants thrive in the coolest weather others in warmest weather and between these extremes a majority of our farm plants grow best" says G. M. Garren, grain specialist for the department of agronomy at State college. "The dogwood tree and the corn plant have about the same heat requirements. The dogwood being already rooted starts growing just as soon as heat requirements are met. The flower is its first growth. Corn planted at this time will germinate and grow off with best advantage for a successful crop. Apart from its accuracy, this rule has two other advantages. The dogwood remains in bloom about two weeks which gives ample time for planting the corn crop. The application can be made all over the state except in the extreme northwestern corner."

Mr. Garren states that there is not a farm worthy of the name that does not grow some corn. The garden, too should have some corn and agricultural workers, as well as farmers, should work to the end that not a pound of corn is imported into North Carolina. To help bring this about the time of planting is important and early planted corn outyields in quantity and quality the late planted corn. The rule of planting when the dogwood is in flower will be found a great help in increasing yields per acre, thinks Mr. Garren.
