Mr. Putnam Returns To Native County To Live

Rev. D. Frank Putnam has moved back to Cleveland county to spend the remainder of his years in the ministry. He has accepted the pastorate of Dover Mill church where he will preach on the first and third Sundays. Mr. Putnam, son of a one-armed Confederate soldier, was born and reared near the Zion church community and has been in the ministry for thirty years. He loves Cleveland and it has been his ambition to return here to live. Recently he and Mrs. Putnam came here from Coe-ence where he has been pastor of the Baptist church. For the present they have rooms with their daughter Mrs. J. C. Bowling and will occupy the Howell house on W. Warren street as soon as it is vacated by Mr. A. D. James, present occupant.

Services Sunday At Presbyterian Church

At the Presbyterian church Sunday Rev. H. M. McDiarmid will have charge of the services at 11 a. m. and 8 p. m. His morning subject will be "Councils of a Dying Statesman", a theme especially interesting for young people. In the evening the pastor's topic will be "A Broken Contract." At both services there will be special music by a well trained choir. The Workers Council of the Sunday school will convene at 9:30 a. m. for prayer and discussion. All the departments of the school will begin their worship periods at 9:45 a. m. J. S. McKnight is the superintendent, and he would like to see continued interest in this important department of the church's activities. The public will find good fellowship and helpful services with this congregation.

MT. HOLLY CITIZEN SAYS HE LIKES IT

Since He has Taken the Herb Extract Known As HERB JUICE Treatment, He Declares It Is the Greatest Pep Producer He Has Ever Used.

"It is no exaggeration for me to say that Herb Extract known as HERB JUICE has made a well man out of me when other medicines failed to help me. It is the greatest pep producer I have ever used and I can justly attribute my present good health to its use," said A. O. Honeycutt, well known carpenter who resides at Mt. Holly, N. C. My trouble continued Mr. Honeycutt in a recent interview with THE HERB JUICE man, "I began with constipation; which allowed poisons to accumulate in my system and it was not long until my whole system was in a deranged state. Gradually I lost my appetite, soon I began to suffer with gas pains after eating and I realized by this that my digestive organs were not functioning as they should. The pains in my stomach became more severe and at times they were almost unbearable. Finally, nothing I ate agreed with me. I had to diet myself and consequently I began to lose in weight, and strength and energy until I could hardly get about. I began to lose sleep on account of my system caused from indigestion, and I would be awake for hours too uncomfortable to sleep and everything worried me during the day. A good friend asked Why don't you try a bottle of HERB JUICE? Well, I did and it actually did the work for me. It soon put my system in good order, regulated my bowels, cleaned out my intestines, stirred up my lazy liver and put my digestive system in such splendid condition that now I can eat anything I please. No more gas pains to worry me. I have gained in weight and strength and I seem to have one hundred per cent more pep and energy than I did before taking Herb Extract known as HERB JUICE. My nerves are steady, I sleep wonderfully well at night and get up in the morning fit and fine in every respect. I have found that this medicine will do all that is claimed for it; it is a wonderful laxative, system cleanser and builder, and in my opinion, a bottle should be in every home. I tried other medicines before using Herb

Extract known as HERB JUICE, but it surpasses anything I have found as a system purifier and pep producer and I shall continue to recommend it to all sufferers of stomach trouble and constipation as one medicine that can be depended upon to give quick relief and satisfaction." SOLICITORS RACE UP TO CLEVELAND COUNTY

hears rumors of solid boxes going for Murphy. And one hears of Russell and Rudisill strength. Canceled Majority. More or less impartial politicians think that McBrayer will get a good majority out of Cleveland and they expect Spurling to emerge second with a nice block of votes. Then it is the opinion that Ervi will come in for a healthy slice, with Murphy trailing him. Both Russell and Rudisill have connections in Cleveland and they will take some of the votes in certain sections, say prognosticators. There is one condition in Cleveland county that is buzzing to men who have given the matter some thought. That condition is best expressed in one word: "McBrayer." The part McBrayer will play in the solicitors race is hard to determine by the most level-headed politicians. Throughout the

district he is not being considered as a likely candidate. But the fact remains that he will cop around 2,000 votes in Cleveland alone, whether he turns a hand or not. Spurling will hardly get that many in Caldwell, and no other county in the district is likely to give its local candidate such a handsome offering, observers think. It is another case of a big IF. If McBrayer managed to pick up a half-way decent vote in the other four counties he would loom up as a dangerous candidate, since it is the opinion that even the high man in the first primary will not likely take more than 3,000 votes.

But unless the unexpected comes to pass McBrayer will not do that: It is expected that he will just about cancel 2,000 votes and leave the other candidates to fight.

Mrs. O'Shields Attends Funeral Of Relative

Mr. H. W. Edgar, brother-in-law of Mrs. M. M. O'Shields of West Warren street, Shelby who died last week in an Asheville hospital, is well known in Cleveland and adjoining counties, especially among the undertakers because he owned a casket factory at Chester, S. C., and sold to many customers in this section. Mr. Edgar was en route to Asheville from Chimney Rock last Sunday morning

at 3 o'clock when he was stricken with apoplexy. He was rushed to an Asheville hospital where he died on Monday. Mr. and Mrs. O'Shields attended the funeral in Chester, S. C., on Tuesday and the large crowd indicated the high esteem in which he was held. Mr. Edgar is survived by his wife, mother, a brother and two sisters.

Judge's Pension.

99 per cent of the voters of Cleveland county are opposed to the judge's Pension bill, and every vote for the Preacher means a vote in favor of its repeal.

Year by year the fashions make love at first sight a little more plausible.

Zoar Church Notice.

All who have relatives buried at Zoar will please meet Wednesday morning June 9th and help clean off the church yard. If you cannot come please send \$1 and I will use it to keep the graveyard in order. J. LANE PUTNAM.

Tom Fulton knows Cleveland county because he served for years on the board of county commissioners. Vote for him Saturday for the Senate. adv.

Advertisement for The Mt. Mitchell Association of Arts and Sciences. Includes a portrait of a man and text: 'TO THE PUBLIC. I repeat at the opening of the summer rush of business that our WILDACRES development is not a speculation in land. The Governors of five Southern States, the Presidents of seven of our leading universities and colleges, Judge Charles L. Guy, Senior Justice of the Supreme Court of New York, Nicholas Longworth, Speaker of the U. S. House, and National leaders of Art, Science and Letters have joined with me in organizing in the mountains of Western North Carolina a new unique institution, an Assembly of the Liberal Arts, surrounded by a Federation of Ten Clubs of outdoor and inspirational life. Mr. Longworth frankly tells me in his letter of acceptance that I can not expect him to do a lick of work on the Advisory Board but he faithfully promises to fish daily. We agreed to his terms as we reckon fishing among our greatest joys, and one of our finest arts. We have instructed the Sales Department not to sell "lots", but only Memberships in our association. Every corner of a homestead, AFTER CAREFUL INVESTIGATION AND APPROVAL, is given a Certificate of Club Membership. We have already approved and enrolled hundreds of members enough to assure the success of the enterprise. As the value of these homesteads must steadily rise with the building of the institution, now in progress, we can not prevent the speculative public from investing in them. And while we know that these investments are sound, I repeat that we prefer homebuilders. Our development is going, and will continue to go, steadily forward. We are building a great National institution, and invite kindred minds to join us. Thomas Dixon President. Mt. Mitchell Association of Arts & Sciences, Owners of WILDACRES. 61 Haywood Street, Asheville, N. C. June 1st, 1926.'
