

Twenty Nine Years Ago

From The Cleveland Star, August 18, 1897

(From The Star, August 18, 1897)

Played All Day.
Kings Mountain will have three ball games there this week. The Newton aggregation of ball players are going to try conclusions on the diamond with the gallant Kings Mountain boys on next Friday afternoon and all day Saturday. They will play three games and close the series Saturday afternoon with bicycle races. They expect a large crowd and of course they will have a good time. The STAR received a special invitation to "bring Shelby down" and we hope many will go.

Had 42 Widows.

An unofficial census of our population, taken by a charming young lady reveals the rather startling fact that Shelby has forty-two widows, most any of whom could marry if they so desired.

Beauty and Gallantry.

Misses Cora Barnett, Irene Suttle, Oeland Barnett, and Elsie Hall, accompanied by Messrs. Joe L. Suttle and A. S. Nix, with Mr. and Mrs. K. Kendall as chaperones, left Monday for Chimney Rock and will return Thursday. With such a combination of beauty and gallantry they could not fail to have a good time.

Flourishing School.

The select school for young ladies and girls will open in the college building Wednesday, September 1st. This school will be taught by Miss Sallie Norvell of Virginia, a lady of fine qualities and who has had several years experience as a teacher. She is a fine scholar and will teach English, Latin, French and Music. Prices the same as last session. It is to be hoped that the citizens of the town and county will patronize this school liberally, which it deserves. This school is needed in Shelby, and will, we believe, be sustained.

Let our people give Miss Norvell a warm welcome. For further information apply to Mr. A. C. Miller.

"Scraps"

Chief of Police Jones is confined to his room this week. He is suffering from a kidney trouble, and it may be necessary to perform an operation.

W. T. Calton, of Lattimore, is having fine success selling cotton gins and presses. He has a good thing and then advertises it in the STAR.

A jolly party of young people attended a soiree at Mr. J. R. Dover's near Grover, last Friday evening and had a delightful time.

In Dr. B. H. Palmer's card the residence card should have been changed to the Tucker house where he recently moved.

W. P. McCurry, of Waco, says it was a mistake about him killing 65 little snakes. He was in Rutherford county at the time.

On last Monday a thief stole some sugar and coffee from Mr. Julius Branton's buggy on one of the back lots of Shelby.

Quite a number of our young people enjoyed a "straw ride" in a four-horse wagon Monday evening.

Rev. J. L. White, who is so well known and equally well liked here, preached in the Shelby Baptist church Sunday night. He is always entertaining and preaches really great sermons. He is one of Cleveland county's brightest young men.

Shelby is decidedly the healthiest town in this section of the state. There has not been a single case of typhoid fever here this summer, and we have had no chills and no malaria. Shelby is the place for home-seekers and health-seekers.

Sheriff Suttle will get the tax books the first Monday in September. Get ready to pay your taxes.

W. P. Gallo will give hot and cold baths at the Lethia Water bath house.

Personal—Comings and Goings.

Misses Hattie and Vera Taylor, Miss Mayme Cabanis and Messrs. Paul Webb, Ed Blanton, and J. J. Lattimore visited their friends, Miss Liney and Mr. Fred Morgan, at Double Shoals Saturday and Sunday. That they had a good time goes without saying. Mr. L. E. Clark and Miss Helen Borders went up Sunday.

Mrs. J. W. Suttle, of Albemarle, is visiting at Mrs. C. B. Suttle's.

Mr. J. J. McMurray, one of Shelby's leading business men, is in Northern markets buying his fall and winter goods.

The charming and fascinating Miss Eliza Roberts, who has been visiting the Misses Black, has returned to her home in Bennettsville, S. C.

Mrs. J. W. Kerr is visiting relatives in Rutherfordton this week.

Mr. and Mrs. L. M. Hull, of Washington, Ga., who have been visiting here, left last Friday for Richmond, where the latter will spend several days with her mother, while the former visits the northern cities to buy his fall and winter goods.

Plato Bostic, of Asheville, is here on a visit. His many friends are delighted to see him again.

Mrs. M. C. Brandon, of Stanley, is a pleasant guest at Mrs. R. L. Reyburn's.

Messrs. Chas. Evans and Kossie McBrayer left Tuesday afternoon for Oak Ridge Institute.

Dr. J. F. Miller, superintendent of the Eastern Hospital at Goldsboro, will pass through Shelby on his way to Chimney Rock for recuperation.

Friday. On his return home, he will stop here for a few days, the guest of Mr. A. C. Miller.

Mr. W. B. Nix and wife, and Mr. J. J. Lattimore and Miss Lillie Wray visited friends in and around Polkville last week.

The popular Chas. C. Cobb, of Dallas, Texas, visited his friend, Banker Chas. C. Blanton, of this place, last week. A german was given in his honor at Cleveland Springs last Thursday night.

Rev. Ernest Thacker and family, of Alexandria, Va., are visiting Rev. Thomas Diken. Mrs. Thacker will remain here until October and be present at the golden wedding of her parents.

Board \$6 Per Month.

Advertisement of the University of North Carolina. 47 teachers, 418 students, Summer School 158; total 549. Board \$8 a month. 3 brief courses; 3 full courses, Law and Medical schools and school of Pharmacy. Graduate schools open to women, summer schools for teachers, scholarships for the needy.

Do It In 1926.

Mr. J. A. Wilson has had fine success this year raising watermelons. He brought the STAR a nice one Thursday, which proves that he is a gentleman of the old school. Would that there were many others.

Before the discovery of antitoxin, one child out of every three who contracted diphtheria died; now prompt treatment saves 98 out of 100.

BABY'S COLDS

can often be "nipped in the bud" without dosing by rubbing Vicks on the throat and chest and also applying a little up the little one's nostrils.

FEELING LOTS BETTER NOW

Writes Ethel May Snider Who Used Lydia E. Pinkham's Vegetable Compound

Hartford City, Ind.—Doing housework and taking care of a sick woman proved to be too much for Ethel May Snider, R. R. 1 of Hartford City, until she started taking Lydia E. Pinkham's Vegetable Compound. Overwork had so undermined her health that she had to give up all outside work, and when she saw this medicine advertised in the "Star" and other papers, she went to druggist and got a bottle of Lydia E. Pinkham's Vegetable Compound. She took it regularly, was greatly benefited and now feels very much better. Ethel May Snider's experience is similar to that of thousands of other women in all walks of life, who have sent testimonials to the Lydia E. Pinkham Medicine Company of Lynn, Mass.

Among those who praise the Compound are young girls who have been enabled to attend school regularly—working girls who have gained strength and endurance so necessary to them, housewives and mothers who have found that the tonic-effect of the Compound has enabled them to perform their daily tasks more easily.

What They're Going To Wear—The Ladies

Ladies—

Gather round and give your curiosity full sway. Here is a talk about fall styles for women. The McNeelys are back from New York, and sitting on the front porch of her home on LaFayette street, Mrs. McNeely told The Star the big story of what women are wearing and are planning to wear. It listens good.

Yes, there are new things—lots of them. And they are beautiful. Mrs. McNeely says the new styles are quite pretty as any she ever saw—for you except the length of the women's all are more or less conservative, if skirts, which are more so, if you get what she means.

The new length is about three inches below the knee. And that's that.

Mrs. McNeely describes a new sleeve they are wearing—something so new and arresting as to make you gasp. It has its beginning at the waist line—yes, it's a fact—full enough for that. And from such a balloon effect it tapers (quite gracefully) to a close fitting wrist.

Fifth avenue, it is said, is giving not only the once over but the twice and thrice over to this new effect—very startling.

Then there are the new shades. A list of the new colorings would suggest that old has-been Solomon in all his glory was not so arrayed. There is the Chanel Red and Jungle Green—these and Black (yes, black) are the leaders. And sailor blue; that is the new blue which is also popular. And claret red, and the wood shades, and Spanish Raisin must not be overlooked.

As for materials, Mrs. McNeely says Crepe Back Satins and Frost Crepes have the call, many of the new garments being cut with the blouse back, which is very much worn. The smart thing is for the hat in coloring to match the dress. Black hats are very smart; in fact black costumes are as smart, if not smarter than any, notwithstanding the prevalence and beauty of the new colorings, Mrs. McNeely said.

The McNeelys spent two weeks in the metropolis, where, speaking in the vernacular, they had a large time, visiting the big shops and taking in the Broadway bright lights.

Will Close Gates Of Lake Lure Dam

Chimney Rock, Aug. 14.—Work on the great Lake Lure dam will have progressed far enough to close the gates and commence impounding the waters by Wednesday or Thursday of next week, according to Resident Engineer P. L. Holland. The officials of Chimney Rock Mountains, Inc., however, state that on account of the incomplete paving of Route 20 through the development the closing of the gates may be delayed a few days.

The bridge over Pool Creek is about finished and will be ready for traffic within a few days.

Stanley Baldwin, British premier, has a collection of about 8,000 pipes, most of which have been presented to him.

N. C. DEPARTMENT OF REVENUE BUSY

Only Glance At Work Department Has Done In Last 30 Days Is Convincing

Has the State department of revenue been busy the past two months? Well, slightly, as only a glance at the work it has been doing the last 30 days will indicate.

To begin with the automobile license division has taken in \$27,659.57 more revenue in the same number of days this year—up until August 16—than in the same period last year, the total receipts to date being \$4,523,113.76 as compared with receipts of \$4,198,853.97 for the same period last year.

Not only was more revenue derived from the sale of license plates, but 26,569 more licenses were sold than up to the same date last year, 315,756 licenses having been sold to date.

But that is not all of it. More than 1,250,000 items of correspondence have been handled by the automobile license division, with regard to the distribution of automobile licenses. Sometimes three or four letters were necessary to straighten out a tangle arising from one license, in which the record was incorrect, or where a change of address had been made without notifying the bureau.

During the month of July 98 cars were reported as stolen to the automobile theft bureau, and in the same month 96 stolen cars were recovered most of them having been reported as stolen in previous months.

Having the United States to blame for France's trouble has probably kept the French poodle from getting kicked.
