COTTON MARKETS

(By Jno. F. Clark and Co.)

Liverpool 12:30 p. m. 12 to 14 Amn. points better than due. The West Indian hurricane will pass inland through the Pensacola-Mobile section this morning moving northwest according to Washington advices. No rain for 24 hours is recorded at any of the 16 cotton stations on last night's weather map. Forecast: Oklahoma, fair, colder; Texas, partly cloudy; Louisiana, rain, east portion. Mississippi rain southeast portion; Alabama and Georgia, rain. Carolinas, showers. Moderate business in Worth street. Prices stay steady. Manchester cables say decline in cotton is unsettling goods markets and buyers not disposed to operate freely. Total exports last week 244,000 vs. 265,000 last year. Look for nervous market today with storm news the chief influence.

Boiling Springs and Kings Mtn. Play Tie

Boiling Springs, Sept. 17.—Under a hot sun which beat down merciless Saturday on the backs of the players, Kings Mountain and Boiling Springs high battled to a lone touchdown tie, the score at the end of the game stood 6 to 6.

The game, though slow at times, had in it some brilliant football. Though it was an early season game, and the first game for both teams, it had at times a suggestion of college football where hard-hitting and broken field running predominates.

Hord and Skates for Kings Mountain played a good game. Arnette, Price, Sparks and McIntyre were the luminaries for Boiling Springs.

I drove eighty miles this morning.
Find a place to park?

Man once went on fours. And some motorists seem to delight in keeping him there.

What the county needs now is 20,000,000 sinking funds to buy new cars when the old ones are worn out.

Of all the sad surprises
There's nothing to compare,
With treading in the darkness
On a step that isn't there.

The Hall-Mills murder case reads like a newspaper serial story.

Dogs Bite Boys
Carrying Papers

Gastonia.—"If you have a dog lose in your yard don't complain if your paper is not properly delivered," the local daily paper has counseled its readers.

The publisher's announcement stated that he did not require carrier boys to enter yards where dogs were running loose, but would permit them to throw in the paper in any fashion they could. There is a city ordinance forbidding owners to allow dogs to run loose.

Several carrier boys are said to have been bitten during the summer.
