

FRIENDLY POW WOW STAGED HERE BY CLEVELAND MASONS

Some 200 Masons Give Rousing Cheers for "Their Girl" Hear of Temple's Bldg.

The Masons of Cleveland county, 200 or more especially of Cleveland Lodge 202, enjoyed one of their rarest occasions at a big get-together held last Friday night in the Masonic Temple.

It was an event of some pride, of emotion, of survey and of good cheer and perhaps the largest Masonic gathering ever here was in attendance. Deputy Grand Master J. D. Lineberger, State official, presided over the entertainment program following the regular lodge work under the direction of Worshipful Master Cline and his officers.

Talks were made, a review of the temple building was heard, history of the lodge was recited, and at the end refreshments were served in the big banquet room of the town's most stately building erected by the lodge.

Talks were made by Capt. J. Frank Roberts, perhaps Shelby's most beloved Masonic brother, Charles S. Young leading builder of the temple, Mr. Lineberger, Mr. Clyde R. Hoey, J. C. Newton and J. A. Anthony. The oratory varied here and there but it always came back to touch on the new temple edifice said to be one of the best in the South and throughout the big blue hall hundreds of Masons found it hard to stifle grins of pure pride. Then the speakers would swerve to what is still ahead, to what the lodge may do in the future, at which point of the noble charitable deeds of the past were recounted.

The big moment of the evening was when the lodge's "own girl" came home to see the men who are playing dead to her. Back during the terrible "flu" epidemic a father and mother died and four young children were left to the mercies of the world. Their plight was noticed by the Cleveland lodge and the four tots were sent to the Masonic orphanage, where they have since been taken care of by this lodge. The oldest, Lillian Hayes, was the "little mother" to the others and in her especially has the interest of the lodge been concentrated. The years passed by and this year she graduated at the orphanage high school with honors—"one of the

best girls we've ever turned out," orphanage officials said. Off and on the "little mother" of the other children would write to lodge officials here saying that she would like to come back to see the men who had taken care of her and her brothers and sisters. Friday night she came. And while the lodge waited with silent pride she walked in, a grown young woman, beautiful, polite, well-mannered and well worth the pride of the men seated around about who gave her an equal chance at life. Soon she will leave for Eastern Carolina to enter college for two years at the expense of another kindly Mason. After that time Cleveland lodge intends to see that she gets two more years in college. Meantime her "little flock" is being well taken care of.

All in all the big get-together of the Cleveland Masons Friday night promises added impetus to the future of the great order.

West Virginia Lady Says That She Was in a Serious Condition, But Is Stronger After Taking Cardui.

Huntington, W. Va.—"I was in a very weak and run-down condition—in fact, was in a serious condition," says Mrs. Fannie C. Bloss, of 1904 Madison Avenue, this city. "In my left side the pain was very severe. It would start in my back and sides. Part of the time I was in bed and when I didn't feel like doing anything or going anywhere.

"Life wasn't any pleasure. I was very pale. I was nervous and thin, and so tired all the time. "My druggist told me that Cardui was a good tonic for women and I bought a couple of bottles. I took two bottles, then I noticed an improvement. I kept on and found it was helping me. I have taken nine bottles. I'm stronger now than I have been in a long time." Cardui is made from mild-acting medicinal herbs with a gentle, tonic, strengthening effect upon certain female organs and upon the system in general.

SHELBY DEFEATS LATTIMORE TEAM

Speedy Brackett, who replaced Weathers, perhaps showing the most fleet-footed work. Brooks and Falls were good in line backs, with Connor versatile as ever except that the Shelby ends, Cline and Beam, were consistently on his every move.

The initial game revealed several promising points to Coach Morris and, mayhays, a few weak ones. The bright light, perhaps was the work of Tommy Kerr at quarter. Morris faced a problem this year in finding some one to handle his team on the field, but apparently Kerr with his first taste of generalship has craved the problem. Football students found only one lone criticism of the team—which is quite a send-off for a new field general in his first game. Beam, reckoned to be the team's most valuable man, upheld the rating by stopping Lattimore backs time after time behind their own line and never failing to bring down his man. His nearest rival in defensive work was Kerr, who was deadly in his "backing up" of the line. Big Joe Singleton at a tackle berth was a terror to the opposing line during the first half, Moore assuming the role later. Jim Lee, now seriously injured in the hospital here, was the only new man in the line and his play won the praise of a coach who does not little "laffy."

The Shelby backfield was not the big, punching offense that was expected. Gold and Gillespie, the linemen of the backfield, were not used, and Mauney, the plunger, was seldom called upon to carry the pigskin, being given an opportunity of getting accustomed to real football fray. The offensive power of the team was left with Harris, Rippy and Kerr, with Harris getting the major work. Later the wiry little Wall and Bridges contributed several nice end runs, assuring the Shelby coach that he has gobs of light, but scintillating backfield material. The line, the nucleus of the team, remained unchanged except when Whisman after a slight injury was replaced by Billy Grigg.

All in all the team was far from a disappointment. The line, light but fast, looks to be one of the best ever produced here, while the backfield has much promise, but still shows the lack of experience,

Stench of Dead Animals. One room occupied by a family named Anderson remained standing in the Ingleside park section and there five or six families were tied and cared for several days until the Cleveland county people came home.

Mr. Newton says from 50 to 75 people died in the Hialeah section. The awful destruction beggars description. Hardly a house was left standing as all were frame build-

ings that could not with stand the wind pressure. When he left, the water in the streets and low places had stagnated and the stench from dead animals was terrible. Light and water plants were put out of commission and sanitary conditions are bad. The Ingleside park section did not have many people in it. Most of the houses were vacant during the summer.

The Bufts probably saved their lives by lying flat on the ground in a line orchard in which they sought refuge about 4 o'clock that morning until 2 o'clock the next afternoon, missing the flying terrors that proved so dangerous.

Russell Creamery Is In Bankruptcy

Lincoln Times. R. A. Russell of the Russell Creamery company, of Lincoln, has filed a voluntary petition to bankruptcy with Judge E. Y. Webb of United States district court, at Shelby.

Jos. L. Murphy, of Hickory, has been named receiver for the company. According to information secured this morning the assets and liabilities of the company have not yet been compiled, and it is not known at this time what the deficit will amount to.

Since its organization here several years ago the creamery has changed hands several times and has met with virtually no success. The last time the creamery failed, it is understood, the farmers of Lincoln county lost several hundred dollars. It was learned from reliable sources today, however, that the farmers will not be hard hit by the present failure.

The body of Horton was removed to a nearby house which was left standing. Lincoln Man Gets 50 Bushels to Acre

Gastonia Gazette. Mr. S. L. Carpenter, of Lincoln, N. C., threshed 1,825 1-2 bushels of wheat this year. This tremendous yield of wheat beats any thing heard from in Gaston county and is the result of forty-six acres of wheat planted by Mr. Carpenter. Of special interest is the announcement by Mr. Carpenter that he had 12 acres of wheat that produced 606 bushels or an average of 50 1-2 bushels per acre.

Sixty-four pounds of binder twine was used to tie the wheat produced on these 12 acres, states Mr. Carpenter. Another interesting thing about this wheat was that Mr. Carpenter has not seen a bit of smut or rust on it. He planted the Red Heart variety.

Too Much "Acid?"

Excess Uric Acid Gives Rise to Many Unpleasant Troubles.

AUTHORITIES agree that an excess of uric acid is primarily due to faulty kidney action. Retention of this toxic material often makes its presence felt by sore, painful joints, a tired, languid feeling and, sometimes, toxic backache and headache. That the kidneys are not functioning right is often shown by scanty or burning passage of secretions. Thousands assist their kidneys at such times by the use of Doan's Pills—a stimulant diuretic. Doan's are recommended by many local people. Ask your neighbor!

Some Revivals

Raleigh Times. Every year or so in North Carolina we have communities and even cities thrown into a frenzy not incomparable to that in which the ignorant negroes of Charlotte have been indulging. There have been revivals in which, not the negroes, not the least intelligent, but the high and the low and the rank and file of the North Carolina towns and cities have exhibited a mania as acute, if differently manifested, as anything done in Charlotte. There have been evangelists whose circus methods laid over anything the "Healer" in this case said or did. To have attempted police interference with one of these out-
