Mr. Pippin is being recognized by our state B. Y. P. U. leaders as one of the outstanding leaders of young people in the South. U. or Sunday school institutes.

We are hoping to see this fine spirit of co-operation duplicated in a city-wide enlargement campaign and training school for the Sunday schools of the city sometime during the winter months. Many cities in North Carolina, are now doing this kind of work with wonderful results.

They are not going to whisper in soft accents behind her back in the language of the Society Editor, and if she is expecting any tip-toeing about the thing when she lands, somebody ought to get her quickly disillusioned, because it is as certain as anything uncertain can be that some guy is going to be heard saying, "Kid, you sure look good to me," in regular old Main Street jargon.
