Virginia Lady Tells of Taking Cardui and Says She Has Since Recovered Perfect Health.

Lynchburg, Va.—"I have taken Cardui several times for a run-down condition and have found it perfectly splendid," says Mrs. Lee T. Marsh, 715 First Street, this city.

"About ten years ago," she explains, "I became so weak I could not go about. I looked like a skeleton and... was dreadfully worried about myself. A friend suggested Cardui and I decided to try it."

"I kept up the medicine until I had taken six bottles. It regulated and built me up. I improved greatly. Last year we drove up here through the country from Florida. I was exposed to the weather and must have taken cold, for I became ill. I got run-down, lost flesh, could not sleep and had no appetite at all. I was so nervous that I did not know what to do."

"I thought of Cardui. I began to take it regularly and it was not long before I began to feel better. I took six bottles, one after another, and at the finish of the last one was perfectly well again. Since then I have continued gaining in weight and all winter have been in perfect health."
