Good Health Requires Good Elimi

To be well, you must keep the blood stream free from impurities. If the kidneys lag, allowing body poisons to accumulate, a toxic condition is created. One is apt to feel dull, languid, tired and achy. A nagging backache is some-times a symptom, with drowsy headaches and dizzy spella. That the kidneys are not func-tioning properly is often shown in by burning or scanty passage of secretions. If you have reason to suspect improper kid-ney functioning, try Doen's Pills—a tested stimulant diuretic. Users praise them! Ask your neighbor!
