Facts Concerning Ancestors Buried In Cleveland County

(Written by Mrs. James L. Parker and read before Daughters of American Revolution.)

I will begin my paper by telling you of the ancestors of my own family of whom which I have learned. William Graham, born in Augusta county, Virginia in 1742 settled in North Carolina before the Revolutionary war. He served in the congress of 1775 and chosen member of Halifax convention 1776. Just before the battle of Kings Mountain he went home to visit his sick wife. That night after his arrival his only daughter Sarah, was born who when she grew to womanhood became the wife of Abram Irvin who was several years sheriff of Rutherford county. William Graham died near Shelby March 26, 1835 in his 93 years and is buried in the old Graham cemetery off the road from Shelby to Grover.

Arthur Graham a Revolutionary soldier who served as wagon master is also buried in this cemetery, a brother of Colon William Graham. Arthur Graham was met in the road on one occasion during the war by a supposed enemy and was asked who are you and what do you do? He replied: "I am a Revolutionary soldier; a true Whig." The enemy said well if you are a soldier and wear a uniform, why are you not fighting and he said: "Why there must be some one to take care of the horses and haul things to those who are fighting, so I am doing my best on the work given me, a true Whig I am." Arthur Graham gave the land for the Graham cemetery, and ask to be buried under a poplar tree which was the start of the cemetery which is 121 years old.

And Polly Carruth Graham is buried in this cemetery. She is the daughter of Major John Carruth who voted "yes" on the adoption of the constitution and its ratification and farm of government he served as captain and major during the Revolution. He served as major in the brigade that was to march from Guilford Courthouse to Cowans Ford. He served on this regular tour of duty. Old records say he is buried in Lincoln county and we have not located his grave yet as this county was taken from Rutherford and Lincoln since the war. We are not sure where to find the grave. Older people say it is out near the W. J. Roberts place or possibly near Lincolnton. Major Carruth assisted in laying off this county which is a part of Rutherford and Lincoln counties.

Burwell Blanton who was a revolutionary soldier is buried in an old cemetery out near Sharon church, this county. Burwell Blanton was born in 1755 and was drafted in Rutherford county 1782. He served as a soldier when 17 years old; he lived to be nearly 100 years old and has many descendants in this town and county.

And William Earl a revolutionary soldier is buried in the old family burying ground near Earl. Mr. Billy Earl of that place is a descendant of William Earl and is in possession of a gun carried by William Earl during the battle of Kings Mountain.

Colonel Frederick Hambricht is buried in the old Shiloh Presbyterian cemetery about a half mile from Grover. He was one of Kings Mountain heroes, who did much for the great cause. It is said he was shot in the leg and the blood overflowed his boot and some one said Colonel your leg is bleeding and he replied, "Oh, yes but that is not more than a bee sting" and fought on.

The marking of Revolutionary soldiers' graves is a new work of the D. A. R., which was started about two years ago, and Mrs. James L. Parker became vitally interested in this work as soon as the chapter here was ask to locate graves of Revolutionary soldiers and daughters of Revolutionary soldiers graves. At once Mrs. Parker said she had located her great grandmother Grahams grave, also Arthur Graham's grave in the same cemetery. Arthur Graham is the great grandfather of Mr. J. G. Herndon at Grover, father of Mrs. James L. Parker and Mrs. Hugh Logan, and great grandfather of Mr. J. A. Anthony and Mrs. G. P. Hamrick, of Shelby. Mrs. Polly Graham is the own grand mother of the Anthonys and Herndons of this county. The bronze tablets for these graves are now in the hands of Mrs. James L. Parker ready to be placed and unveiled as soon as possible. They were purchased by the D. A. R. chapter here and the relatives of the soldiers and daughter. Mrs. Polly Graham was the daughter of Major John Carruth who was a Revolutionary soldier, also a daughter-in-law of Arthur Graham a Revolutionary soldier. A very singular occurrence, both buried in the same cemetery. When these are placed they are the first work of the kind to be done in this county, which the friends and relatives are of course very proud of. Mrs. Parker work, which she has been so faithful in gathering data for this family.

Weather Forecasts

Gastonia Gazette. J. Martin Grant, the well known weather prognosticator of Chester county, is predicting that this will be an average winter in storms, precipitation, etc. According to his views, a blizzard is scheduled to strike the country from the 12 to the 16 instants, that another blizzard will be central January 31. He emphasizes the regular storm period from January 27 to February 3 and says that the southern states

will get the maximum strength of the storm period about February 19, 20 and 21.

Prophet Grant forecasts that the two greatest storm periods in March will be from the 4th to 8th and the 19th to 24th.

Mr. Hugh Land, a linotype operator on the Twin-City Sentinel predicts that this will be a mild winter, according to a story in the Sentinel. He points to the fact that the red birds are still numerous in this section, whereas, he argues, if the weather was scheduled to be bad, they would have long ago migrated further south. It might be added that Mr. Land has not entirely lost confidence in the actions of the groundhog as a weather prognosticator. He is anxiously awaiting the arrival of February 2 to see what kind of capers the little animal will cut on that date.

New House News Of Sick And Well

(Special to The Star.) New House, Jan. 17.—Sunday school and B. Y. P. U. are progressing nicely. You are invited to attend both.

Born Friday morning January 14, 1927 to Mr. and Mrs. Julius Walker a bouncing boy. Mother and baby are doing nicely.

Moriah Winner Over Casar Team

(Special to The Star.) The game was played fast throughout by both teams, Queen featuring the game for Casar. However the other members of the team too played a beautiful game. While it was made possible for Devinney to feature the game for Moriah by the swift passing of the other members of the team. The Moriah boys just out-played the visitors. A good clean game was exhibited by the losers.

Moriah (25)	Casar (14)
Self	Queen
Devinney	Norton
Hord	Turner
Turner	Quech
Hunt	Wortman

The following substitution was made for Casar, Coach Blanton for Norton.

A field of alfalfa in Mecklenburg county produced 23 tons of cured hay on the eight acres. The alfalfa is being sold for \$35 per ton and is giving a return of \$100.45 per acre. How does this compare with cotton, asks B. J. Hunter, the owner.

The honey bee is one farm laborer that works without thought of pay.

CHILDREN'S ILLS

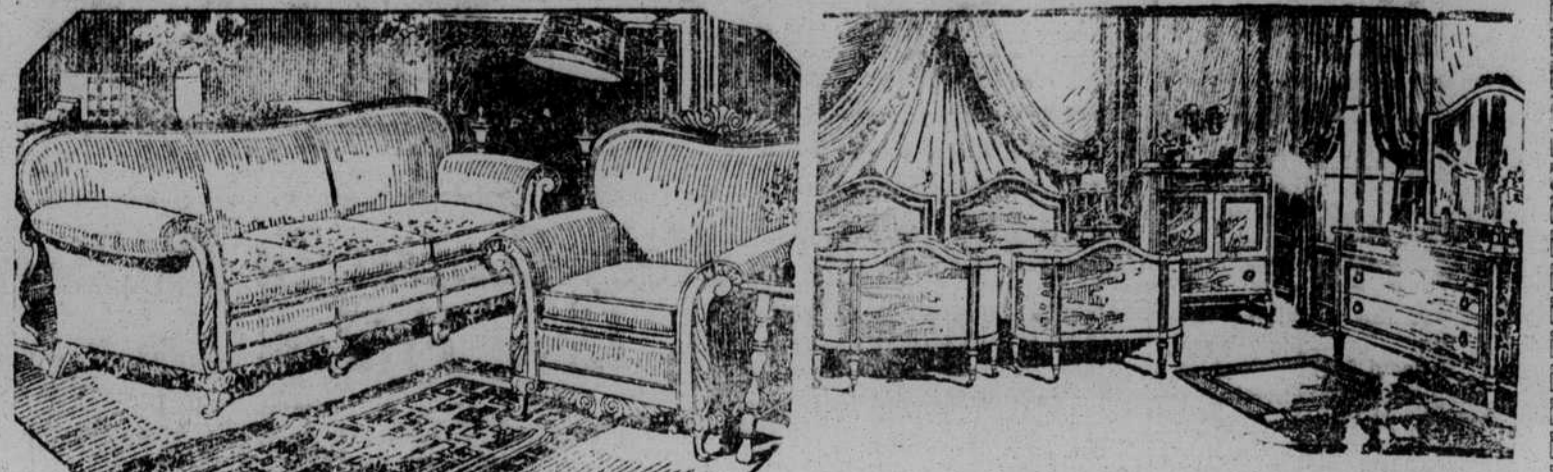

Arkansas Lady Says She Has Never Found a Better Laxative Than Thedford's Black-Draught.

Mineral Springs, Ark.—"We use Black-Draught in our family of six children," says Mrs. C. E. Nutt, of this place, "and we find it a good bowel regulator. I give it to my children for colds and constipation, or any other stomach disorders, and it certainly is very helpful. I have never known it to fail them. Where there are so many children, it is a good idea to keep a laxative on hand, and Black-Draught is what we use."

"I have taken it myself for indigestion. I would feel dizzy, have gas and sour stomach. I would also feel a tightness in my chest. I took a good dose of Thedford's Black-Draught when I felt that way and it would relieve me. I would feel better for days."

"My husband takes Black-Draught for biliousness. He says he has never found its equal. When he has the tired, heavy feeling, he takes Black-Draught night and morning for a few days and he doesn't complain any more. I sure do recommend Black-Draught."

Sold everywhere. Get a package of Black-Draught, today Costs only one cent a dose. NC-175
