NATURAL TOBACCO TASTE has the inside track to smokers' preference

Chesterfield sales prove it!

A natural tobacco richness entirely free from "over-sweetening"; in no other cigarette do men find such naturalness of taste and character.

THE QUESTION AND ANSWER craze seems to be taking well. The only objection the column finds is that discovering new questions every issue gets to be a hard matter.

However, Richard Henry Little has stirred up the followers of his column A Line o' Type or Two, in the Chicago Tribune with this problem:

Deposit \$50 in your bank and make the following withdrawals:

First	\$20, leaving balance of	\$30
Second	15, leaving balance of	15
Third	9, leaving balance of	6
Fourth	6, leaving balance of	0

\$50 \$51
Try and get the extra dollar!

NOW THAT TRICK IN ANOTHER man's column seems to be impossible; but go ahead and figure it any way you can. If you'll note he made it easier by taking a sum of \$50. Any other amount of money would have made the difference even larger. We'll try one just to show you: Take \$30 down to one of the Shelby banks and deposit it, and then make the following withdrawals.

First	\$10, leaving balance of	\$20
Second	7, leaving balance of	13
Third	5, leaving balance of	8
Fourth	3, leaving balance of	5
Fifth	5, leaving balance of	0

Total... \$30 \$45
Now can you beat that?

IN THE DEATH OF MR. J. A. Anthony Shelby loses its greatest optimist. It is Max Gardner who says that back in early manhood that Mr. Anthony was prone to tell him how Shelby would grow—the Shelby Mr. Anthony pictured many years ago to the young lawyer is the Shelby of today and Mr. Anthony lived to see it. Only a few months back Mr. Gardner stated that if he had purchased property Mr. Anthony advised years ago he could have turned his money 20 times by the present day.

Real estate was not the only thing Mr. Anthony was optimistic about. No man was so bad or no condition so vile that he couldn't see something better ahead in them. A man like that is of great value to the world he lives in even if he only made folks see the better side of life.

About The Star office it will be hard these days to definitely know that "the paper is off the press". To those who work about the office it became a regular habit to look for Mr. Anthony to walk in the door after his paper 10 or 15 minutes after the press started to roll the papers off. Five minutes after hearing the rumble of the press in the press room one could look across the court square and see him walking towards the office almost without fail.

And this is only one place the familiar figure will be missed.

IT'S ABOUT TIME TO BEGIN asking questions again. Several readers have men-oned questions they wished to be asked and answered. Some of them are rather hard and are being held back until the answers can be learned. However, the column will list one of the queries without the answer today and perhaps some reader will forward the desired information. Along with this question will be another one unanswered, but the remainder answered. Here we go, the two unanswered questions coming first. Help us out please:

- 1.—Who was the first mayor of Shelby?
- 2.—Who will be the next mayor?
- 3.—How many numbered state highways are there in Cleveland county, and what are their num-

PALE & PEAKED

Texas Lady Was Advised by Her Mother To Take Cardui, Which She Did With Good Results.

Hamilton, Texas.—Mrs. Gladys Poitevint, of this city, says: "At times I suffered awfully with pains across my back and through my sides. I would have to go to bed and stay two or three days at a time. It was very worrisome. I managed to keep going, but... did not enjoy myself at all.

"One day my mother remarked on how bad I looked. She said: 'You look so pale and peaked, why don't you take a bottle of Cardui?' She had taken it herself a number of times, and it had always improved her health, so she thought I had better try it.

"I got the Cardui and began taking it, and from the first dose or two I could see a change for the better. The first thing I noticed was that my appetite was improved. I began to be hungry and I enjoyed my meals. I slept better at night. My rest was so much quieter that I got the benefit from it. I kept on with the Cardui and took it for several months. The pains in my back and sides grow less until they finally quit bothering me."

Try Cardui for your case.
At all drug stores.

- 4.—Who is the county surveyor?
- 5.—What men constitute the county board of health?
- 6.—Who is commander of the Warren Hoyle Legion post?
- 7.—Who is the present agent of the Seaboard here?
- 8.—Who is county physician?
- 9.—Who is chairman of the No. 6 highway commission?
- 10.—Who are the two new members of the county board of education to take office on April 1?

AND HERE IS ANOTHER change. You'll not be finding the answers at the end of this column today. Instead they will be found you might look through the paper or might look through the paper for them after you've tried 'em all. That'll be for the present.
