

FALLSTON CLOSING BEGINNING TODAY

Rev. J. W. Fitzgerald To Preach Annual Sermon—Closing Exercises for a Week

Fallston, April 14.—Friday evening, April 15, a program given by the elementary grades. This program will consist of drills, songs, playlets and recitations. About one hundred children will have parts. All children of the elementary grades will be admitted free. All others will be charged

25 and 15 cents. On Sunday, April 17, the baccalaureate sermon will be delivered by Rev. J. W. Fitzgerald at eight o'clock p. m. Everybody is invited to come to the auditorium to hear the message which the speaker has in store for the community of Fallston in particular. There will be special music. The Junior class will present "The Face at the Window" on Tuesday evening, April 19. This is a fine play in three acts. Comedy will be rendered between acts. Admission 25 and 15 cents. The graduating class will present "Ruth in a Rush" on Thursday evening April 21. This play is not of the melodramatic type but carries along with it many inter-

esting and mirth provoking situations. Admission 25 and 15 cents. The graduating class will present its class program on Friday evening, April 22. In addition this part of the graduating exercises special music will be rendered. Diplomas will be presented to the eleven members of the class at the conclusion of the preceding numbers mentioned above. Although our program occupies the space of an entire week, we have not tried to make commencement an elaborate affair. Instruction in class rooms must not be neglected. School must not be in a practical state of dismissal for a whole month while preparing for a few nights of show. The school term is short enough at best, and achievement tests have shown conclusively that our children are retarded to a degree sufficient to cause those in charge of the school to attempt to remedy some of the deficiencies in scholarship.

Hawaiian Concert At Casar Saturday

Saturday night at 8 o'clock there will be given at the school building at Casar a Hawaiian music concert by the well known orchestra from Maiden. The orchestra consists of a steel guitar, banjo, violin and instruments. There will also be a black-face comedian. This orchestra has won prizes all over western North Carolina. They have also made phonograph records at different times.

The girl who insists on having a big church wedding will probably want a packed courtroom to witness the divorce.

We never realized how many fool questions there were until the "What Do You Know" lists began to appear.

Much picturesque eloquence has been wasted on inanimate objects such as recalcitrant golf ball or a flat tire.

We also regret having to charge admissions so many nights at the door. We are sure that the public would come willingly and pay the small fee if it understood the seriousness of school finance problems in many of our schools. If we depend on tax money alone, there will not be the school in our community that we want. Property values are falling off every year and each listing shows a loss in our local tax funds. Our school plant was built two years ago with property values rating at higher figures. We built and expected to operate on that basis. With a lower assessed valuation each year we are expected to operate with increasing costs. The sooner Fallston sees the handwriting on the wall the better it will be for the community.

Milt Tolbert Show Here All Next Week

By The Press Agent Following a period in which the city's theatrical aspect is marked by a depressing unattractiveness, the announcement that the Tolbert show will open a week's engagement in this city Monday with the Big Tent theatre located near the Victor hotel is the most welcome news of the season—welcome if only because the monotony of a theatrical fare consisting solely of moving pictures and vaudeville is to be broken—but welcome also for a greater reason. The stage has retained its foremost position in the esteem of the public, despite the claims for the popularity made by many novelties.

A brand new play with beautiful scenic productions, is offered each night. Also "The Serenaders," the South's most celebrated band, will play before the big tent theatre at 7 and between the acts of the stage play. As a de luxe feature, a concert following the evening's performance is offered each night with a gay and glittering cast of fun-makers, singers and dancers. Adv.

Grease Spots, Finger Prints, Pencil Marks, Soot, can be washed off any Velour Finished Wall

WE made this test ourselves. Deliberately soiling a wall painted with Velour finish, we cleaned it with soap, water and a sponge. After the wall had thoroughly dried, we looked it over carefully and there wasn't a trace of the marks left. That's why we are so enthusiastic about Devoe Velour Finish.
