—Garden Peas—Mrs. Clarence Morrison, of South Shelby, had English peas from her garden for dinner yesterday, it is announced.

—Notice to Masons—Cleveland lodge No. 202 will meet in regular communication Friday night. All brethren and visitors given a cordial welcome.

—Moore With Pilot—It was announced today that Mr. Tom Moore for 10 years traveling salesman for a wholesale candy house, has resigned his position to accept a position as special agent with the Pilot Life Insurance company in western North Carolina. Mr. Moore will work under the Carl Webb agency here.

—Improving—The many friends in Cleveland county of Mr. Collis Jones will be glad to learn that he is improving from an injury he received some months ago in Durham when struck by an automobile while on a visit to his son there. Mr. Jones is still in Durham under the care of a physician.

—Mr. Bryson Buys—R. Hope Bryson, the popular manager of the Cleveland Oil company, distributor of Sinclair gas and oils, has purchased the M. S. Levee brick veneered residence on West Marion street. Mr. and Mrs. Bryson came to Shelby some months ago from Gastonia. The Levees will probably move to Sanford where Mr. Levee has opened a district agency for the Security Life Insurance company.

—Sick In Texas—According to letters to his daughters, Mrs. Major Hopper and Mrs. Pink Riviere, Mr. D. Summie Weathers has been quite sick in San Antonio, Texas, where he has been making his home for a number of years with his son, Mr. Corraze Weathers. Mr. Weathers has had two serious operations recently and is very feeble. He formerly lived here, being a native of the Zion community.

—Buy Oil Heaters—Six local people are understood to have placed orders within the last few days for oil burner systems, a new method of heating homes. Crude oil is used in the furnace instead of coal. Oil is stored in a tank in the yard, the flame is lighted in the fall when cold weather starts and automatically controls itself during the winter, keeping the residence to an even temperature all the time. It eliminates the care and attention of firing the furnace, taking up ashes and does away with dust. The system will be installed for use next winter.

—Show Good—The Milt Tolbert show now appearing in Shelby is credited with taking rank with the old time Milt Tolbert reputation hereabouts—and, in the lingo of tent show fans, that "nuff ced." It would take a three-year run of bad shows to erase the high opinion in Shelby of the Tolbert troupe, but instead of doing anything like that the show continues to be one of the best tent exhibitions ever to appear here. Three years ago The Star thought the Tolbert show unusual enough to deserve a real news "write-up" and not a press reader. That write-up is still used as publicity matter for the show and it still expresses our opinion.

"A dry goods merchant was starting down town when his wife reminded him of his most important duty during the day. 'Now dear, be sure to send to the city for that new radio outfit so we can have it for Sunday. You know our old Victrola is getting so that it is not fit to be heard.'

"Just a few blocks away the merchant who handles victrolas and furniture was sitting at the breakfast table with his family. The conversation drifted around to the near approach of school. 'And that reminds me, John, said the lady sitting at the head of the table. 'I must be going to the city not later than next week. I must get the school clothes and see about a new fall suit for myself, and while there perhaps I had better see about new lace curtains for the front windows.'

"An hour or two later a leading grocer stepped into the bank to buy a draft to send a catalog house for a swell bedroom suite.

"How's business?" asked the banker. 'Oh, not so very good, replied the grocer, 'things are dull just now.'

"Before the banker finished writing the draft a dapper young man stepped up and asked how everything was. The banker seemed glad to see him. He was a representative of a big printing establishment in a big town. He and the banker chatted pleasantly a few minutes, after which the young man inquired casually of his friend behind the window if he wanted anything. 'Well, yes,' replied the banker, 'I believe I do. Print us 5,000 drafts, 50,000 checks and a couple thousand letter heads.'

"The young man thanked his friend cordially and walked out.

"That night the local business men had a meeting at the town hall to discuss the growth of the mail order evil. All the gentlemen mentioned in the narrative made short talks. They agreed that the

EVERYTHING QUIET IN KINGS MOUNTAIN

Kings Mt. News.
The past two weeks have been unusually quiet ones in police circles, according to Chief I. M. Allen. No arrests were made last week-end or the preceding one, which is considered remarkable.

"Saturday and Sunday is usually our busy days, but last week and the week before were quiet. I am at a loss to account for it," the chief declared.

Miss Margaret Montague of Liberty, Mo., will doubtless in future beware of sheiks bearing gifts, particularly if they are under lawful age. Judge Moore assessed one cent damages against her and ordered the return of a \$200 diamond engagement ring given her by Stanley Cunningham, aged 18, on the ground that the youth was under age and had no right to give away anything.

Jules de Jean of New Orleans was wise and couldn't be fooled on April 1. He's even wiser now. When a friend called up to tell amounted to about \$13,000.

farmers were guilty of treason to their home merchants when they persisted in buying their goods from the mail order houses, and the meeting closed by adopting strong resolutions against trading away from home and asked the local newspaper to give it free publicity."

Chief of Police Collins of Chicago declares that the club as a weapon for policemen is "a useless relic of bygone days of brickbats and fists."
