Boyce Files Suit Against Man Of Kings Mountain

Automobile Accident Results In Suit Against John C. Mason. Ask \$3,150 Damages.

Gastonia—A summons has been sent to the sheriff of Cleveland county for John C. Mason, of Kings Mountain to appear before Clerk of Court S. C. Hendricks on April 23rd, to answer to complaint set forth by S. N. Boyce, prominent banker of Gastonia, and his negro chauffeur, Henry Friday, in regard to an impending suit in civil court, growing out of an automobile accident on February 15th.

Mr. Boyce is asking for \$950 damages, which he claims is due him for the injury to his Packard car, and Friday is asking for \$2,500 for personal injuries received. The accident occurred on the above date, when the car of Mr. Mason, driven by his young son, collided with the Boyce Packard sedan at the corner of York and

Third streets.

The complaints of Mr. Boyce and the chauffeur allege that the Mason car ran broadside into the sedan driven by Friday, while the former car was traveling "at a furious and unlawful rate of speed." The facts as set forth in the complaint, allege that Friday was driving northward on York avenue at a moderate rate of speed, when the car driven by "the agent and servant" of Mr. Mason dashed eastward out of Third avenue, proceeded over the crossing and in turning north hit the plaintiff's car on the left side, thereby turning it over and injuring it greatly.

In the complaint of the negro, who asks satisfaction to the amount of \$2,500, it is alleged that the plaintiff in the action was "temporarily paralyzed" and his back was "permanently sprained."

SOUPS AND THEIR SERVICE

(Editor's Note: This is the first of a series of special cooking articles by 6 famous cooks, running exclusively in this paper.)

One of the finest aids to good digestion is a good soup. Most Americans neglect this healthful dish. The French, noted for their good cookery, are expert soup-makers, and make innumerable savory tempting varieties. Eventually, it is said, every meat and vegetable finds its way to the French soup pot.

Soup is really a messenger. It tells the stomach to get ready for the meal to come, and gets the digestive juices to working.

Light Soups with Big Meals

Bouillions or clear soups, piping hot, are best to serve with big meals. Where soup is the main course, heavy cream or meat-vegetable soups should be served.

Cups Tomato Soup

- 1 quart stewed or canned tomatoes
- 1 carrot cut fine
- 1/2 onion cut fine
- 1 cup celery cut fine
- 1 green pepper shredded
- 2 whole cloves
- 1/2 teaspoon peppercorns
- 1 teaspoon salt
- Dash of white pepper

Put all ingredients into a saucepan and simmer about half an hour; strain and reheat. Pass through cheese or add 1 tablespoon to each service. This makes a hearty dish.

Washington Chowder

- 1/2 medium sized potatoes
- 1 cup stewed tomatoes
- 1 cup milk
- 1/2 cup water
- 1 teaspoon salt
- 1 cup corn
- 1 cup cream

Slice the onion and cook with the potatoes in the boiling salted water. When tender, add the tomatoes and corn and bring to the boiling point. Heat the cream and milk and add to the vegetables before serving (14 tablespoons 1/2, and two tablespoons melted butter may be used in place of one cup of cream).

Cucumber Soup

An unusual way to prepare cucumbers is given by Mrs. Sarah Tyson Rorer, the Philadelphia cooking authority—cucumber soup. Grate two large onions and one large green pared cucumber into a pint of water. Cover and simmer 10 minutes. Add a quart of milk, and two tablespoonfuls of cornstarch moistened in a little cold water. Stir until it boils. Add two tablespoonfuls of butter and stand to keep warm. Season with salt and pepper when serving.

Cream of Celery

Mrs. Rorer's celery soup is simple to prepare, too. Chop fine enough outside celery to make a pint (2 cups). Cook for 15 minutes in a pint of boiling water. Add a pint and a half of milk, a teaspoon of salt and a dash of pepper. Rub together two tablespoonfuls each of butter and flour. Add. Stir soup constantly until it comes to the boiling point. Strain and serve.

The modern oil stove is a great saver of time and energy. No kindling is required; no bulky fuel storage. And the heat is so easily controlled.

The Best Base

This white sauce is the basis for cream soups. Use the following proportions: 1 tablespoon flour, 1 tablespoon butter, 1 cup liquid (milk or stock, or a combination of the two). Melt butter and stir in flour gradually. Stir constantly until foamy. Add liquid slowly, stirring all the time to prevent lumps. Bring to the boiling point.

Make white sauce in a double boiler to prevent scorching.

Suggested Soups

With the white sauce base many soups can be made. For potato soup, add 1/2 cup mashed potatoes and a small onion for each cup of white sauce.

Good cream of tomato soup is made by heating separately 1/2 cup of tomato for every cup of white sauce. Add a teaspoon of soda to tomatoes to prevent curdling. Bring white sauce to the boiling point, stir the tomatoes into the white sauce.

Peanut butter soup, especially liked by children, and good for invalids, is made by adding 1 tablespoon peanut butter to each cup of white sauce.

Formal Service

When entertaining formally, the table will be set with service plates. Serve the soup in bouillon cups or soup plates with saucers underneath them.

Drink from Cups

When clear soups are served in bouillon cups, it is permissible to drink from the cup after tasting, or a spoonful.

Of course the soup is always dipped from the back of the plate, like little boats put out to sea. I dip my spoon away from me. Soups are always reheated, especially on cool days. Work them into your menu often. Soup belongs in the diet. Don't neglect it.

An easy way to clean oil stove burners is to boil them in sal soda. Dry thoroughly.

Warm lemons before squeezing. You will get more juice.
