Freshman Class Entertain Sophomores
The freshman class of the Shelby high school gave the Sophomore class a most delightful party at the Central School building on Monday evening at eight o'clock. Quite a large number was present and games and music furnished a most happy time for these young people until ten o'clock. At the conclusion of the evening, delicious cooling refreshments were served and each guest was given a souvenir of the enjoyable occasion.

Misses Jenkins Give Lovely Party.
Honoring Miss Mallie Lyon, the charming young guest of Miss Burtie Gettys, Miss Virginia and Mary Jenkins were the lovely young hostesses on Monday afternoon with a beautiful bridge party. Mrs. Jenkins spacious and cool veranda where the tables were placed looked like an outdoor arbor with its wealth of beautiful garden flowers. Sweet peas were arranged on the tables making an attractive setting and the place and score cards were most unique and pretty. After many interesting progressions the cards were laid aside and the most refreshing and delicious refreshments were served, and a most happy afternoon was spent.

Opening At Cleveland Springs
The opening of the swimming pool for the summer and the new pavilion took place on Monday afternoon and Monday evening at the Cleveland Springs hotel. A large number of Shelby people motored out during the afternoon and children, large and small, were enjoying the cool water of the pool while the older members sat in the pavilion and enjoyed the lovely music furnished by Mr. W. T. Sinclair and his splendid orchestra which played most beautifully on this occasion. The dance in the evening was well attended and the cool open pavilion made a delightful place for the ever popular amusement of dancing. Quite a number were in the water also.

Chin Has Beautiful Banquet.
The Golden Link Wesley class of the Central Methodist church of which Mrs. C. R. Hoey is teacher gave one of the loveliest "mother-daughter banquets" on Tuesday evening in the dining room of the Methodist church. Mrs. Clyde Silver is president, Miss Vivian Dellinger, vice president and Miss Frances Hendrick is secretary-treasurer. The long tables were placed to form the letter "M". Along each at intervals, were large baskets and bowls of daisies and trailing ivy. On the central table a large white banner with "Mother" painted in letters of gold was centered, and around this, were yellow candles softly burning. At each place for the mothers were the loveliest of place cards with the old fashioned picture of mother. The daughters place cards were the modern picture of the daughters. Those whose mothers were not present adopted a mother for this charming occasion, and it was a beautiful

and business was transpired and then the club adjourned to meet next fall.

- AT THE MOVIES -

The Webb put over one of the most popular pictures of the day in "Babe Comes Home," starring the boyish Babe Ruth. The Honorable George Herman as a screen star decidedly made good, in the opinion of local movie and baseball fans. It was a very entertaining picture—good, wholesome comedy, carrying the flavor of big league baseball. And Charlie Chaplin always makes good with the crowd.

Coming Thursday and Friday is "Frisco Sally Levy," a very much advertised and discussed picture—high comedy, with Sally O'Neil and Roy Rarcy. Mr. Webb, proprietor of the theatre, thinks enough of this picture to give it a two day run.

And showing with this for the two days is an extraordinary News reel, showing the start of the Lindbergh flight from New York to Paris. Everyone will want to see this new world hero, taking off on his phenomenal flight.

The sturdy Richard Dix will be seen in a display of athletic prowess in "Knockout Reilly," his newest Paramount effort at the Princess theatre Wednesday, matinee and night. There is a flock of fistic talent in "Knockout Reilly" which was shown Tuesday and declared by all who saw it to be a fine picture. Along with Dix, the Beam brothers offer a good comedy and cartoon. Thursday "Madame Wants No Children" is the title of the first Fox production from European studios. It is a riotous comedy. It is a story of a modern wife who wanted love and life in la carte, a dance-mad flapper and childless wives and has for its theme, man's love for children. While not a problem play, it carries a forceful and compelling lesson.

Scores Pink Cheeks And Lips Of Cupid

Doctors Assert Gangrene, Tetanus, Leprosy, Tuberculosis Are Following In Wake.

Washington.—Permanent pink cheeks and cupid's bow lips are the modern refinement of garish markings among savages and are made possible through the tattooer's art at the risk of health. Dr. Malvin D. Shie, of Cleveland, declared today at the closing sessions of the American Medical association's annual meeting.

The spread of disease through tattooers and the infection of tattooed spots by the use of non-steril instruments and unhygienic substances for coloring, he said, have made tattooing and its removal a problem for physicians. The untoward results of the process, it was brought out, have been gangrene, tetanus, leprosy, amputation, tuberculosis and diseases of the blood.

Those who attempt to enhance and preserve their comeliness by the use of cosmetics also came in for warnings. Dr. E. R. Tauber, of Cincinnati, telling delegates that "beauty parlors" have at last reached the million dollar class and as a result flappers, middle age ingenues, and galloping grand mothers have done away with hairpins, clothes, corsets and cotton stockings, and tumbled the length of the toilet goods counter. "Cosmetics and fashion," he said, "inculcate a calm contempt for physical well-being; their only physical well-seeming. There is a wanton disregard for human health and more often fraud and deception in the use of certain cosmetics. Many of the preparation are primarily fraudulent and the cost of all proportion to the actual value of the ingredients."

To Many Laws. Legislative assemblies meeting in 44 states of the union this year, introduced some 40,000 new bills, 1000 of which have become or are soon to become laws.

This unlimited spawning of hot-house legislation is not a new disease or symptom of disease. It has been chronic for so long a time that even the best lawyers of the country find themselves confused by the spreading complexity in this cancer on the legal code. The plea for simplification cannot be made too often.

There is little doubt that the world war would have terminated otherwise had it not been that the extraordinary assistance sent by America arrived at the critical moment.—Gen. Pershing.
