gressmen, lawyers, judges, politicians and I fully believe the Dr. Ralph T. Truitt says. 'crime North Carolina.

I want to, and stop when I am finance, jewelry robberies, or not. through.

Under today's philosophy and Crime crusades fall in line with materialism men assume that wdalth, public office, and social standing are a certificate of char- the problem. Crusades inveriably acter irrespective of how obtained or the mentality of the individual possessing them.

Chicago's Murders

There are more murders in whole question. Chicago every year than in the British Isles, more theft in New

York City than in the whole republic of France. We of the puritanic ancestry believe that there is something radically wrong with the mentality of those who it seems dominate to a large degree the high social life. They who by precept and in free or platonic love endeavoring to force us back to the primitive age of man when he lived as an animal. This concept and practice, however, is sufficient to We have many tests of intellig-

yet nothing more than moral imbeciles. To the casual observer there

seems to be something radically wrong in the lack of a sane scientific program of the psychiatrist and criminologist and other would individual behavior is contradicory to their teachings. For instance, the United States and prob judge, Ben Lindsay, whose conas a judge of juvenile courts and whose social and domestic actions have never been questioned going to the city some days since yet judging by the supreme court's decision of his state when it love, war, and politics. Here lies to go in the way of least resistthe greatest obstacle in social re- ance and greatest temptation. So form and decrease of mental delinquency. Lawyers, doctors, preachers, and reformers in general even some of the prohibitionists act as though they believed makes one want to agree with that laws, rules, and regulations Willie Willis who found the great must in no way interfere with difficulty in training fish worms their personal liberties. We are was finding which end the brains often shocked at the personal prac- was intended were at. Honesty, refinement, and tices of the would-be reformers or culture are acquired virtues. At leaders in reform. There are other first we are but animals, think of obstacles that we must meet if our but one thing that is filling our aim in way shall possess the least conception of justice. There are of the substance, source or ownerfew minds that respond always to ship. All of us have stolenthe right and just impulses. Some sweets for instance. There has one, it seems to me truthfully said, never been but one George Washthat we are looney on one or more ington. We are greatly influenced subjects many of us on more. We by the gang be its practices right are a continuation of an inherit- or wrong. ance that goes back to Adam and are subjected to influence through the conscious and subconscius that it is one of the greatest probmind that cause us to do things we know not why nor do we wish to d othem. You may call this original sin or pure unadulterated believed that the solution will cussidness nevertheless, the facts remain the same. This is why I following lines: don't believe in capital punishment. Neither do I believe that the criminal or criminally inclined 2.—The early recognition of the or the mentally irresponsible mental defective . and his conshould be at large as no one can tinued segregation where possible predict, like death, the day or the hour of its outburst. The masculine sexual Mrs. Snyder who met her animal affinity in the little corset salesman Grey who under her influence was nothing more than the clay in the potter's hands. Yet society says he must die for the crime that this perverted animal Mrs. Snyder committed under the stimulation of
