

NEW FORD MAY BE GEAR SHIFT AUTO WITH LOW PRICE

Rumors, Not Verified Here, Say That It Will Be Four-Cylinders

The new Ford—the model that officials say isn't going to be put out and then say is going to be manufactured—has been the subject of considerable talk here and elsewhere of recent weeks. "What'll the new Ford look like?" is a query often heard. Unofficially The Star recently had handed to a staff man a general summary of the so-called coming Ford. Whether the details are exact cannot be determined. Charles L. Eskridge local dealer says that as yet he knows nothing officially, but that the data given The Star is similar to rumors that he has heard.

Here It Comes
The so-called unofficial description of the new car—and rumors

about a flivver in the motor age has to go as news occasionally—as given this paper follows:
The new Ford will be a four cylinder standard gear shift car, made in four models, to sell from \$450.00 for the touring car to \$490.00 for the coupe and four door sedan, f. o. b. Detroit. In addition to these two models there will be a sport model roadster at \$490 and a Cabriolet at \$470.00 and a two door sedan at \$480 or so the report goes.
"Feature standard equipment of the new Ford comprises self starter, five wire wheels, speedometer, windshield wiper, gasoline gauge, oil gauge, ammeter, dash-light, and Houdaille shock absorbers.
"The four cylinder engine is rated at 34 h. p. designed to operate at 2400 revolution per minute, guaranteed to do 60 miles per hour and will run from 30 to 35 miles per gallon of gas. It will accelerate from 5 to 30 miles per hour in 30 seconds.
"Various models are built at 104 inches wheel base and in a combination of colors. The painting is finished in pyroxylin and is guaranteed not to scratch.
"All models will be equipped with four wheel brakes of a mechanical expanding type which has

been designed by Henry Ford himself, and embody entirely new principles of construction. Other features of the new car include a specially designed irreversible steering gear which will not deflect on rough roads and which makes the car unusually easy to steer.
"A new oiling system of forced feed type and a new water pump are being used and springs are of the cross or transverse type such as are used on many makes of high priced foreign cars.
"Transmission which has three speeds forward and one reverse, is an exact duplicate of the transmission used on higher priced cars excepting for the fact that it has the unusual feature of roller bearings.
"The new car will be the only low priced automobile with a tank or double fly wheel, one of which is placed at the rear of the crank shaft and the other in front.
Believe it or not, this paper merely reproduces a street rumor verified to an extent from a usually authentic source.

Rev. Dwight Ware Appointed Pastor

Son of Former Minister Gets Charge. Has Attained High Pulpit Honors.

Greensboro, July 12.—Rev. Dwight Ware, formerly of this city, has been appointed pastor of the First Methodist church of Lexington to succeed W. R. Shelton who recently resigned the pastorate, it was announced last night by Bishop Edwin D. Mouson, of Charlotte.
The new pastor is well known throughout both North Carolina conferences and is considered one of the most promising of the state's younger ministers. He received his A. B. degree from Trinity college, Duke university, in the spring of 1922 and won the coveted orator's medal that year. He then attended the theological school at Vanderbilt university, graduating with honors. At the Nashville school also he won the orator's medal.
After completing his studies at Vanderbilt, Mr. Ware occupied some of the most prominent pulpits in the middle west. It was here that he obtained wide recognition for his fine oratorical power and scholarly intellect. Soon thereafter he went to Edinburgh, Scotland, to pursue further his theological studies and there gained wide recognition as a scholar and speaker of unusual power.
Mr. Ware is the son of Rev. W. R. Ware, formerly presiding elder of the Greensboro district Statesville district, Salisbury district and possibly other districts in the Western North Carolina conference.

Young Ware's father was at one time pastor of Central church here and later presiding elder of the Shelby district. He has a number of relatives living in Shelby now and is well known and remembered here himself.

Cherryville R-2 Personal Mention

(Special to The Star.)
Mr. and Mrs. Raymond Dellinger, and little son Wilberlee, of Bethlehem section spent Monday with Mr. Dellinger's parents of near Cherryville.

Frail, Nervous Women, Read This

Columbia, S. C.—"I suffered from backache and pains thru my sides and was so nervous I could not sleep, I go so weak and thin that I was just barely able to drag around. Finally I began taking Dr. Pierce's Favorite Prescription and found it to be just the right medicine for my trouble. It restored my nerves, strengthened my organs, and built me up in health and strength all over. I could sleep, gain weight and never felt better."—Mrs. V. G. Sheppard, 1114 Calhoun St.
All dealers. Extra large bottles, liquid, 1.35; Tablets \$1.35 and 65¢.
Write Dr. Pierce's Invalids' Hotel at Buffalo, N. Y., for free advice.

IS A HEALTHIER STRONGER GIRL
Because She Took Lydia E. Pinkham's Vegetable Compound
The fertile valleys of Oregon help to supply the tables of America. This is possible thru the magic of the humble tinned can.
In one of the canning establishments, Julie Schmidt was employed. It was complicated work because she did sealing and other parts of the work. It was strenuous work and she was not a strong girl. Often she forced herself to work when she was hardly able to sit at her machine. At times she would have to stay at home for she was so weak she could hardly walk. For five years she was in this weakened condition.
She tried various medicines. At last, a friend of hers spoke of Lydia E. Pinkham's Vegetable Compound and Miss Schmidt gave it a trial.
"Everyone says I am a healthier and stronger girl," she writes. "I am recommending the Vegetable Compound to all my friends who tell me how they suffer and I am willing to answer letters from women asking about it." Julie Schmidt's address is 113 Willow St. Silverton, Oregon. For sale by all druggists.

Mr. and Mrs. G. Ed Hoyle and family of Charlotte, visited relatives here Sunday.
Mr. Clarence Stamey has returned to his home here after a 14 months stay in the west. Texas, Hot Springs, Ark., and other points.
Miss Annie Mae Lackey, Mrs. A. A. Lackey and Mrs. B. P. Peeler have returned from their trip north bringing with them Prof. and Mrs. Roy Reep of Woodline, N. J.

If a bride isn't homesick for her family six weeks after marriage it's a sign she married the right man.

Miss Annie Mae Lackey, Mrs. A. A. Lackey and Mrs. B. P. Peeler have returned from their trip north bringing with them Prof. and Mrs. Roy Reep of Woodline, N. J.

Colored Folks Are Disappointed
Editor Cleveland Star:
I have been asked by many members of the A. M. E. Zion church, colored, to voice their protest at the action of the mayor in breaking up our picnic last night. Our church and Sunday school had arranged a joint celebration on the lawn of the A. M. E. Zion church at Gastonia, to be held last night. We hired three trucks at \$8 each. These we loaded with food, baskets, ice cream, benches and other picnic material, and about 100 members of our congregation assembled to start. We had spent considerable money and our sister church at Gastonia had spent money in arranging for the picnic.

Just when we were loading and starting, the police stopped us. Life said he did it under the mayor's orders and on the protest of the Shelby taxi drivers. This broke up our proposed picnic.
We don't understand the law covering the case, but it was a great disappointment to many of our Shelby and Gastonia colored people.

AYFIELD HOSKINS.
In speaking of the disappointment which the colored Sunday school band met with Tuesday night, Mayor Dorsey said the law did not prevent the trip under the plans they had made. The fifty drivers who pay a license to operate passenger cars for hire made a protest to the police department on the ground that the trucks were going to carry passengers at so much per head. Mayor Dorsey says if the truck owners or the colored leaders had informed him that the trucks were chartered, the trip could have been made without objection or violation of the law.

According to Mayor Dorsey's interpretation of the license law trucks for hire can carry passengers when the track itself is hired and there is no collection of passengers at so much per seat. The question is when do trucks licensed "for hire" become "jitneys?"
The colored people will attempt their trip again next week and Mayor Dorsey says if they charter a truck license "for hire" they will be allowed to go without interruption.

Dodge Introduces America's Fastest Fours
Dodge Brothers, Inc., is today introducing the fastest line of four cylinder cars in America, of which the sedan pictured above is the first available for delivery. These new cars are said to be capable of going 25 or more miles on a gallon of gasoline at average touring speed, and will be priced at levels materially below those at which Dodge Brothers cars of corresponding types have always sold. A coupe and cabriolet roadster will be available shortly.
The picture in the lower left corner shows the spacious rear seat and the ample head room which it affords. At the right is the remarkable motor with which the new cars are powered.

do you talk in your telephone - or at it?

THE rubber mouthpiece on the telephone transmitter was put there for a specific purpose. It concentrates the sound waves when you speak in your telephone. Now if you merely talk at your telephone, holding the transmitter to one side or several inches away from your lips, the mouthpiece cannot help you. Furthermore, the person at the other end of the line will find it difficult to understand you.
If the person you are talking with complains that he cannot hear you—try holding the transmitter as directed.
