NOTED SURGEON BEFORE KIWANIS

Miller of State Orthopedic Hospital, Gastonia, Acquaints Kiwanians of Work.

Kiwanians and a few ladies sat
...dined last night at the Kiwanis
...luncheon when Dr. W. O. Mil-
...lerson, surgeon of the Orthopedic hos-
...pital of Gastonia, gave a lecture on
...the work of this institution. Lantern
...slides were used to show the chil-
...dren that appeared to be hopeless-
...ly crippled when admitted, but had
...been rehabilitated in an almost
...perfect way and turned out to
...earn their own livelihood. Most
...of the children treated are crippled
...from disease, some free from acci-
...dent, others from birth. In the pro-
...cess of rehabilitation the children
...made nearly normal and when
...Kiwanians looked at their pic-
...tures before and after their treat-
...ment, they marvelled at the trans-
...formation.

George Blanton of Shelby is

...there are 35 patients in the institution and
...nearly 500 on the waiting list.

WRITE 'EM REGULAR

"It Won't Be Long Now" until the boys and girls will be going away to college.

Some of them will be leaving home for the first time. Those first weeks away from the home folks and the accustomed events will prove trying.

Are you going to help make it easier for them?

If so, you'll write them regularly, those boys and girls. They will appreciate it. And while you're thinking about it had you thought that The Star going to them three times each week will carry far more news than you will be able to write. It will tell them of events in the high schools back home, of the goings and comings of the other boys and girls they know. You can't think to tell them everything in your letters, but The Star will. If you've ever been away from home you will understand how much they will appreciate The Star and the tri-weekly messages it takes to them.

The Star for a week or so is making a special subscription price for school boys and girls of \$1.50 for the nine months. That is cheaper than postage. If you wrote three letters per week for the 36 weeks that would be 108 letters, or \$2.16—The Star with all the news for \$1.50. Get in on the offer. Do not permit a single college girl or boy to be without The Star during those nine months at

Mr. A. Webb Owens Dies In Asheville

Former Cleveland County Man's Body Brought to Ross Grove For Interment Yesterday.

In Asheville Tuesday morning,
...Aug. 16th, Mr. Alfred Webb Owens
...died at the home of his son after
...a declining health extending over
...a period of several years. On Thurs-
...day of last week he became serious
...and died Tuesday morning at
...5 o'clock. Mr. Owens was well
...known in and around Shelby
...where he spent most of his life.
...He was a faithful worker, a kind-
...hearted Christian man who will be
...greatly missed. For the past few
...years he had been making his
...home with the children. Two months
...ago his wife preceded him to the
...grave and his body was brought
...from Asheville for interment at
...Ross Grove Baptist church Thurs-
...day, the funeral services being
...conducted by Revs. Padgett and
...Jones. Mr. Owens was 76 years, 8
...months old.

Mr. Owens is survived by four
...sons, C. C. Owens who lives north
...of Shelby, J. F. Owens of the Mt.
...Sinai section, Z. W. Owens of
...Asheville and M. W. Owens of
...Lattimore. Also surviving is one
...sister, Mrs. Dovie Glasco, widow
...of the late Dock Glasco.

Over 400 Beam Kith And Kin Gather In Reunion; One 71-Year Couple There

304 Descendants Of John Peter Baum Assemble At New Prospect Church, Where Ancestor Built First Church. Many Come From Afar—Mr. and Mrs. Putnam Married 71 Years.

Under the shade of the mammoth
...oaks about New Prospect church
...north of Shelby more than 400
...members of the Beam family in
...this state gathered Thursday for
...the annual reunion of the clan.

There, near the spot where the
...first Beam in this section, John
...Teter, built the first Prospect
...church, hundreds of his descen-
...dants staged one of their biggest
...reunions. Four counties, Cleve-
...land, Lincoln, Rutherford and Gas-
...ton, sent large delegations, while
...there were many others there from
...other counties and states.

The reunion in the program was
...much like other reunions—just a
...big family get together, with re-
...miniscence swapping, relation of
...family legends, blood friendships,
...and at noon the big picnic dinner.
...In the absence of L. Berge Beam,
...president of the clan, the meeting
...was presided over by Dr. A. Pitt
...Beam, of Shelby.

Prior to the big family dinner
...there were songs and other in-
...formal entertainments. Short
...talks were made by Postmaster J.
...H. Quinn, of Shelby; Attorney
...Speight Beam, Shelby; and Prof. J.
...A. Beam, school superintendent of
...Person county.

L. Berge Beam, head of the fam-
...ily, was unable to be present but
...sent a message expressing his re-
...gards to the members of the family
...assembled. Despite his absence
...the Salisbury school man was made
...permanent president of the big
...family clan. Other clan officers
...were Dr. A. Pitt Beam, Shelby,
...vice president, and Miss Velma
...Beam, Lincoln county, secretary
...and treasurer.

Old Family Scenes
...It was also decided that here-
...after the annual reunion of the
...Beam descendants would be held
...each year at New Prospect. The
...church site is important in the
...history of the Beam family.

Long years ago, when all this
...region was a part of Lincoln
...county, John Teter Baum (later
...changed to Beam) came to North
...Carolina and settled in what was
...then east Lincoln. Later he moved
...to the New Prospect region and
...there back in the pioneer days
...he built the first Prospect church.
...Near the church now is the old
...Beam homestead, occupied at pres-
...ent by Columbus Beam.

A measure of the spread of the
...Beam race since John Teter Baum's
...more than 400 attended the re-
...union Thursday is only an indication
...as to the number of descendants
...the first Beam in this section has.
...Three hundred and four regis-
...tered on the clan register but more
...than one hundred others were pres-
...ent and failed to register, it is
...said. And scores were unable to
...attend.

Married 71 Years
...The annual awarding of family
...prizes was one of the big events
...of the day. The oldest member
...of Beam clan present was none other
...than Mrs. Elizabeth Houser, Cleve-
...land county's oldest woman who
...recently celebrated her 96th birth-
...anniversary. She is a grand
...daughter of John Teter Baum.

But the big honors of the day
...were perhaps for Mr. and Mrs. W.
...R. Putnam, the former in the nineties
...and the latter in the eighties.
...They were the oldest married couple
...present. And in this day of
...divorce courts it is quite a bit of
...news that Mr. and Mrs. Putnam
...have been married happily so, for
...71 years. The old time couples
...competing in The Star not so long
...since for length of marriage re-
...lations will have to step aside

CAR PAINTED RED GOES ON RAMPAGE

Hits Another Car, Turns Turtle, And Gets Smashed But Driver Not Injured

Some people wind up in the
...wreckage after painting the town
...red. John Lineberger, young son
...of Mr. and Mrs. J. D. Lineberger,
...wound up in the wreckage yester-
...day after painting his car red.
...About noon Young Lineberger
...got his newly painted car out of
...the garage, a car painted in the
...most brilliant red hues. Out to-
...wards his home on West Warren
...street he meandered in the red

momentarily for this couple.
...Mr. and Mrs. Ed Beam, of Mar-
...ion, carried away the honors of be-
...ing the youngest married couple,
...or the newly weds, of the reunion.
...They were married only 11 months
...prior to the reunion.

Miss Gladys Elliott, who trked
...all the way from Golden, Colora-
...do, for the event won the honor
...of being the member of the clan
...to come the longest distance to at-
...tend.

The largest family to be in at-
...tendance was that of Mrs. Wilson
...Dellinger, of Lincoln county, with
...10 children present.

Cleveland county won the banner
...for the largest county delegation
...present with 160 members of the
...family registered.
...Other counties were represented
...in the banner contest as follows:
...Lincoln, 98; Rutherford, 28, and
...Gaston 18.

The ten living grand children
...of John Teter Baum were all pres-
...ent.

Another Coming
...At the end of an eventful day
...for all present it was the general
...opinion that next year's clan re-
...union would be even bigger and
...better. A movement is now on
...foot to have an orchestra made up
...by that time.

Mrs. Hudson Suing Husband's Partner

Claims Washington Member Of Tax Firms Refuses To Show Business Records.

Washington—Chas. J. Brown,
...Washington, had only one stenog-
...rapher in his employ but he has
...a payroll of \$14,500 monthly, ac-
...cording to papers in a suit brought
...in equity court here Thursday, by
...Mrs. Fannie W. Hudson, of Shelby,
...and John H. Crabtree, Yonkers,
...N. Y.

Mrs. Hudson's late husband, Mr.
...Crabtree and Mr. Brown at one
...time were partners in a general
...tax accountancy. Mrs. Hudson is
...now acting as administratrix of her
...husband's estate and has been do-
...ing so since June 1926.

The controversy arose when the
...Yonkers man asked Mr. Brown for
...a statement of the financial status
...of the concern. Mrs. Hudson joined
...in the request. Brown, however,
...refused to give one, the court is
...asked to force him to give it.

According to papers in the suit,
...when the North Carolina widow
...and the Yonkers man asked Brown
...for an accounting of the partner-
...ship, point out that we employ
...only one stenographer, although
...his payroll showed \$16,500 expend-
...ed for salaries.

Orphans To Sing On Monday Night

The Oxford Orphanage singing

The orphans appear under the

MOORE WILL RUN FOR SHERIFF OF COUNTY HE SAYS

Shelby Police Officer Has About Decided To Enter Race. Makes Two Ties.

Marshal M. Moore, Shelby po-
...liceman, is the latest practically
...certain entrant for the coming
...contest to decide Hugh Logan's
...successor as high sheriff of Cleve-
...land county.

Mr. Moore discussing the next
...county election yesterday informed
...a Star reporter that he had about
...made up his mind to get in the race
...unless something unforeseen de-
...velops. "I think I will run," he
...declared.

Long An Officer
...Mr. Moore, who has been on the
...Shelby police force for several
...years, is a native of the Boiling
...Springs section and was educated
...at Boiling Springs. For about
...three years he has served effi-
...ciently here as an officer under
...Chief Hamrick and Chief Richards.
...Prior to coming to Shelby Policeman
...Moore was an officer for many
...years. In fact, he states that he
...has been an officer of the law
...almost continuously since his
...22nd birthday, serving as
...deputy sheriff. As a resident of
...the county and city he is well
...known and popular in both as an
...officer and man.

Mr. Moore's decision to enter
...the sheriff's race brings in two
...police figures. From Kings Moun-
...tain the word has already come
...that Police Chief Irvin Allen, of
...that place plans to toss his blue-
...coat cap into the ring.

Numerous others, as is known,
...have been discussed and are dis-
...cussing and other decisions and
...announcements no doubt will be
...made as the months pass.

Wootton's New Shop Opens For Public

The formal opening of Wootton's
...The Ladies Shop, the latest addi-
...tion to Shelby's establishments of
...the first rank, occurring this morn-
...ing, and drew a very representa-
...tive assemblage of the women of
...the city.

The shop inaugurates an innova-
...tion in that it is located on the
...second floor—over the Blanton-
...Wright store—and is reached by
...elevator.

It is Shelby's first attempt at
...running a shop serviced exclusiv-
...ly by elevator, and is therefore in
...a way the first step of the town
...toward the big town idea.

If the first day's business is a
...criterion, the attempt will succeed.
...The shop was very well patronized.
...The merchandise was very well dis-
...played, and the appearance of the
...show room, done in cream and blue,
...and tastefully arranged, was very
...pleasing.

To Start Remodeling At Fanning's Soon

Joe E. Nash, manager of the
...Paragon Department store, made
...the announcement before leaving
...Shelby for New York Thursday
...that work on the remodeling of the
...mezzanine floor of the big Paragon
...store will be begun Monday.

Plans for the addition have been
...drawn by A. L. Anderson, of Grand
...Rapids. These plans call for the
...extension of the mezzanine along both
...walls over the main floor, on which
...will be located both the millinery
...and the ready-to-wear depart-
...ments.

It is said to be likely that Mrs.
...Flay Hamrick's beauty show now
...located on the mezzanine floor, will
...be located on the third floor, which
...is now given over to ready-to-wear.
...This change will give Mrs. Ham-
...rick added space for physical cul-
...ture work, in connection with the
...regular beauty shop service.

A Twinkle

Despite the seven-year Sac-
...co-Vanzetti case there is still a
...glammer of hope that American
...can law will hold the respect
...it should have. Up in Wilkes
...county a defendant was re-
...turned guilty of second degree
...murder in a period of 14 min-
...utes. Sounds more like Eng-
...lish justice than the usual run
...in this county where defend-
...ants almost die of natural
...causes before being punished
...for killing others.

Now that some of the trans-
...oceanic planes are making wa-
...ter stops perhaps some of the
...channel swimmers will get
...back in the limelight by going
...as far as possible by air and
...swimming the rest of the way.
...THE TWINKLER.

A Pair of Aces

There's very little anyone could teach either of these two young men about golf—very little indeed. For they happen to be Joe Kirkwood (left) and Bobby Jones, photographed together on their return to America from England, where Jones, for the second successive year, won the British Open Golf tournament.

Bulwinkle And Carpenter Talking Of Congress Now

Charlotte.—Congressional cam-
...paign talk in the Ninth District
...began to thaw out considerably
...Tuesday—to the extent that it al-
...most looked as if the candidates
...might soon begin to admit, with
...reservations, that perhaps a cam-
...paign might, probably, seem to be
...brewing—maybe according to The
...Charlotte News.

Congressman A. L. Bulwinkle in
...the preliminary stages of the game
...stood as the central figure, with
...the warmest of the talking couple
...him and Solicitor John G. Carpen-
...ter, his fellow townsman in Gas-
...tonia, in speculation as to what
...they would do with each other in
...Gaston county. Both have an-
...nounced their entry in the mar-
...athon which ends with the pri-
...maries next Summer.

Major Bulwinkle was making
...haste slowly, and said that he was
...confident of the nomination and
...election.

There will "not be much diffi-
...culty" in securing the nomination
...and election, he said to a repre-
...sentative of The News.

He called attention to the fact
...that Solicitor Carpenter was the
...only announced candidate opposing
...him. He said that he did not know
...whether Solicitor Carpenter would
...be in the race to the end.

The statement was at variance
...with that of Solicitor Carpenter,
...who recently expressed the idea
...here that he would win the nomina-
...tion by an excellent majority.

The fight between the Gastonians
...is viewed by Mecklenburg politi-
...cians with keen interest and this

county is almost certain to intro-
...duce an entry, perhaps several, in
...the field this Fall.

James? Redd? Bell?
...No announcement had been made
...Tuesday. Former Senator Hamil-
...ton C. Jones was known to be
...giving serious consideration to the
...fascinating idea of being a Con-
...gressman. Mayor F. Marion Redd
...was mentioned as one who might
...be induced to make the race if the
...proper pressure was brought to
...bear on him. James A. Bell, promi-
...nent lawyer, had not sufficiently
...discouraged Congressional talk
...concerning him as to end it. Edgar
...W. Pharr, former Speaker of the
...House of Representatives, was out
...West somewhere, but his friends,
...in his absence, continued to specu-
...late on his possible reaction to the
...discussions relative to his entry.

How the campaign will develop
...was a question of consequence.
...Local politicians foresaw that
...Messrs. Carpenter and Bulwinkle,
...both of Gaston county, might fight
...to a stalemate, leaving the way
...open for a Mecklenburger to walk
...in without great difficulty. Others
...held in the view that Major Bul-
...winkle will lead the field by reason
...of his fortified position of already
...being "in" while still others in-
...sisted that Solicitor Carpenter's
...wide acquaintance up and down the
...districts puts him practically on an
...equality with the Major and that
...the fight is without a handicap.

The campaign will open for fair
...probably in October or November.
...The experienced ones said, and will
...increase in intensity until the pri-
...maries.

Allen to Speak Here at Fair
...A. T. Allen, state superintendent
...of public instruction has accepted
...an invitation to speak here at the
...opening day of the Cleveland
...County Fair, according to an an-
...nouncement made by secretary J.
...S. Dorton. The first day of the
...fair will be "educational day" and
...county. All school children will be
...ters to the superintendents of
...schools in adjoining counties in-
...viting them to join with Cleveland
...county. All school children will be
...admitted free as has been the
...practice heretofore, so thousands
...of school children, their parents
...and teachers are expected to be
...present.

Dr. Allen will speak at the grand
...stand on some educational topic
...and thousands will no doubt hear
...him. Heretofore one day of the
...fair has been designated as "school
...day" but this year the scope has
...been broadened to include adjoin-
...ing counties;—Gaston, Lincoln,
...Catawba, Burke, Rutherford,
...Cherokee and York and a record
...attendance is expected. An inter-
...esting program is in process of
...preparation for the opening day,

TAX VALUES FALL SHY OVER COUNTY OUTSIDE OF NO. 6

With No. 6 Not Totalled Yet Val-
...ues Are Below Last Year.
...May Stay There

Despite the surmise of some tax
...values in Cleveland county this
...year, under the new listing, will
...likely fall below those of last year
...when everything is checked up and
...complete.

In the total now, which includes
...all the county except No. 6 town-
...ship, a slump is shown below the
...total of last year. This is the news
...given out by Mr. W. R. Newton,
...head of the county tax board.

Whether or not No. 6 can come
...up to last year's mark and have
...enough gain left over to take care
...of the general county slump re-
...mains to be seen. Predictions are,
...however, that No. 6 will do well
...to hold its own.

A big slump in personal prop-
...erty is the story about the failure
...to show an increase in taxable
...values. Only one or two town-
...ships in the county have held up
...to the mark of last year in per-
...sonal property. Nearly every-
...where in the county a gain is
...shown in real estate values, but
...every bit of this gain is taken up,
...and more too, in the personal
...property drop.

No. 6 township, it is said, will
...also show a gain in real estate
...listing, but a drop is also expect-
...ed in personal property for the
...county seat township. With that
...the total taxable wealth in the
...county will fall shy of last year.

In a way the slump in personal
...property values was unexpected.
...Early in the listing season it de-
...veloped that a gain was to be
...shown in real estate. This gain
...continued to hold and a big gain
...in real estate for the entire
...county will likely be revealed when
...the total is complete, but meantime
...an even bigger slump in personal
...values will be shown.

Such was the indicated gain in
...real estate values some time back
...that a slight slash in the tax rate
...was foreseen. But now that the
...personal property drop has assum-
...ed such a magnitude as to envelop
...and swallow up the real estate
...gain the vision of a tax reduction
...seems to be vanishing.

Why there is such a fall-off in
...personal property values is a mat-
...ter of conjecture. If a tax cut is
...not possible, and it doesn't seem
...so likely now the personal property
...slump will be responsible.
